R.H. SHEPPARD CO., INC. RETIREMENT SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND 2014

NOTE A - DESCRIPTION OF PLAN

The following description of the R.H. Sheppard Co., Inc. Retirement Security Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of R.H. Sheppard Co., Inc. and subsidiaries. There is no age requirement. An employee is eligible to participate after 30 days of service. An employee is eligible to receive an allocation of employer contributions after completion of one year of eligible service and completing 1,000 hours. Entry dates are the first of the month following the completion of these requirements. The Plan has adopted a prototype non-standardized profit sharing plan with a cash or deferral option. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 60% of their compensation, not to exceed the annual maximum deferral amount. Catch-up contributions are permitted for eligible employees age 50 or older by the end of a calendar year. The Plan has automatic enrollment at a 3% deferral rate into a default investment fund based on the employee's age unless the participant waives participation or changes the automatic deferral percentage or fund. Unless an eligible participant elects otherwise, the deferral will increase 1% annually on July 1, not to exceed a maximum deferral rate of 6%. Participants may also choose to contribute with Roth elective deferrals. Hardship or in-service withdrawals may not be taken out from this type of contribution. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover).

Employer matching contributions may be made. For the years ended June 30, 2015 and 2014, the matching contribution was 10% of the participant's deferral, including catch up contributions, up to 15% of eligible compensation. The matching contribution was \$149,737 and \$133,566 for years ended June 30, 2015 and 2014, respectively.

Employer discretionary contributions may be made. For the years ended June 30, 2015 and 2014, the discretionary contribution was 3% of eligible compensation. The discretionary contribution was \$1,026,522 and \$938,353 for years ended June 30, 2015 and 2014, respectively.

Employer discretionary profit sharing contributions may be made. The discretionary profit sharing contribution is allocated based on a ratio of a participant's eligible compensation to total eligible compensation. There were no discretionary profit sharing contributions for the years ended June 30, 2015 and 2014.

Contributions are subject to certain IRS limitations.

NOTE A - DESCRIPTION OF PLAN - continued

Participant Accounts

Each participant's account is credited with the participant's contribution and the participant's share of (a) the employer contributions, (b) an allocation of Plan earnings or losses based on the participant's directed investment accounts and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investments for their account.

Vesting and Forfeitures

A participant is 100% vested at all times in the participant's salary deferral amounts, rollover contributions, QNEC contributions, and any earnings thereon regardless of the number of years of service. If a participant ceases participation except by retirement, death or permanent disability, the vested interest in employer contributions and any earnings thereon is dependent upon the years of credited service.

Each participant is vested in the employer's contributions according to the following schedule based upon years of service:

Years of Vesting Service	
Less than 3 years	0%
3 years or more	100%

Forfeitures shall be used first for payment of Plan expenses. Next, forfeitures will be used to reduce the employer contribution. For the years ended June 30, 2015 and 2014, \$55,709 and \$87,060 of forfeitures were used towards employer contributions, respectively. At June 30, 2015 and 2014, forfeited non-vested accounts totaled \$17,098 and \$21,207, respectively.

Payment of Benefits

Upon termination of employment, if a participant's vested interest in their account exceeds \$5,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to pay out by the participant.

If the participant's account is less than \$5,000, the account balance is paid out in the form of a lump sum distribution. In the event of a mandatory distribution greater than \$1,000, the Plan Administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan Administrator if the participant does not elect a direct rollover or lump sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. Purchases and sales are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Fully Benefit Responsive Investment Contracts

As described in Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Stable Value Fund

The Plan's Fidelity Managed Income Portfolio, a Common Collective Trust (CCT) with Fidelity Management Trust Company, is a fully benefit-responsive contract. The fund provides its participants with a medium for collective investment and reinvestment in one or more banks, insurance company or synthetic investment contracts. The fund is credited with earnings on the underlying investments and charged for participant withdrawals or administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by Fidelity. Interest is credited under wrap contracts. The Portfolio recognizes gains and losses over time, instead of immediately, by adjusting the interest rate credited to the Portfolio. The average yield interest rate was approximately 1.85% and 1.63% for the years ended June 30, 2015 and 2014, respectively. The crediting interest rate was approximately 1.16% and 0.97% for the years ended June 30, 2015 and 2014, respectively.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any event that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C - INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of, and for the years ended, June 30, 2015 and 2014. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

At June 30, 2015 and 2014, the Plan's investments were held by the trustee, Fidelity Management Trust Company. Adjustments have been made to some of these amounts using additional information obtained from the Company and recordkeeper of the Plan in order to present the financial statements on an accrual basis.

The following table presents investments that represent 5% or more of the Plan's net assets each year:

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

The following table sets forth by level, within the fair value hierarchy:

R.H. SHEPPARD CO., INC. RETIREMENT SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND 2014

NOTE D - FAIR VALUE MEASUREMENTS - continued

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at June 30, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The following table summarizes investments measured at fair value based on NAV:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
<u>June 30, 2015:</u>				
Fidelity Managed Income Portfolio	\$3,312,958	n/a	Daily	1 day
<u>June 30, 2014:</u>				
Fidelity Managed Income Portfolio	\$3,457,633	n/a	Daily	1 day

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan terminate at some future time, participants would become fully vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2015 AND 2014

NOTE F - PLAN TAX STATUS

The Plan's prototype non-standardized document obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The prototype has been amended since receiving the determination letter for various amendments. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to June 30, 2012.

NOTE G - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Fidelity Management Trust Company, trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Fidelity Management Trust Company is a party-in-interest as defined by ERISA as a result of investing Plan assets in its funds and accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE H - NOTES RECEIVABLE FROM PARTICIPANTS

Participant loans are reported at unpaid balances plus any unpaid accrued interest. Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 under the Plan's loan provision. The loans may not exceed one-half of the employee's vested account balance and are generally limited to 5 years. Interest rates are determined by the Plan Administrator in accordance with the Plan's loan provisions. Loan repayments are made through payroll deductions. There is no credit risk involved with these loans as any defaults are then deemed taxable distributions to the participant. Loans are considered in default when they are not paid within the terms stated in the agreement, typically within 90 days. No allowance for credit losses has been recorded as of June 30, 2015 and 2014. These loans satisfy the statutory exemption from the prohibited transaction rules.

As described in Note B, FASB ASC 962 requires fully benefit-responsive investment contracts to be reported at fair value on the Plan's Statements of Net Assets Available for Benefits, with an adjustment to contract value. The Statements of Changes in Net Assets Available for Benefits is reported only on a contract basis for financial statement purposes. Form 5500 reporting is at fair value and the adjustment is reported as a net gain or loss on the income and expense statement.

The following is a reconciliation of the financial statements to the Form 5500 for the Statements of Net Assets Available for Benefits and the Statements of Changes of Net Assets Available for Benefits:

NOTE J - SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 7, 2016, the date the financial statements were available to be issued.

Because of securities market declines, there has been a significant decrease in the value of Plan assets since June 30, 2015. Through March 7, 2016, the Plan experienced a decline in market value, including realized losses, of approximately \$3,250,000.

Effective January 1, 2016, the Plan has been amended and restated. The Plan Administrator does not believe that the 2016 restatement will have a material impact on the benefits provided under the Plan.
