NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015 AND 2014

## NOTE A - DESCRIPTION OF THE PLAN

The following description of the Midwest Environmental Control, Inc. Retirement Savings Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### 1. General

Effective April 15, 2010, MEC, Inc., formerly known as Midwest Environmental Control, Inc., adopted the Midwest Environmental Control, Inc. Retirement Savings Plan, as amended. The Plan is a defined contribution plan which was established for the benefit of all eligible employees of Midwest Environmental Control, Inc. (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2015, Midwest Environmental Control, Inc. changed its name to MEC, Inc.

### 2. Eligibility

Employees, regardless of age or service, who perform services for the Employer under a contract covered by a prevailing wage law, are eligible to receive prevailing wage contributions. Employees are immediately eligible for elective deferrals and discretionary profit sharing contributions upon the completion of six months of service and attainment of age 18. To be eligible for a discretionary profit sharing contribution, an employee must have worked at least 1,000 hours during the Plan year and be employed on the last day of the Plan year. Employees covered by collective bargaining agreements, leased employees, and non-resident aliens are not eligible to participate in the Plan.

### 3. Contributions

The Employer makes prevailing wage contributions based on the hourly contribution rate required under the applicable prevailing wage law. Employer prevailing wage contributions totaled $322,261 for the year ended June 30, 2015. Participant elective deferral contributions are permitted, up to 90% of compensation; however, no participants elected to defer during the year ended June 30, 2015.

### 4. Investment Options

Upon enrollment in the Plan, participants may direct their contributions or any Employer contributions in a variety of investment options offered by Mid Atlantic Trust Company, the custodian of the Plan.

**NOTE A - DESCRIPTION OF THE PLAN** (Continued)

**5. Notes Receivable from Participants**

Upon meeting certain criteria, participants may borrow a minimum of $1,000 up to a maximum of 50% of their vested account balance not to exceed $50,000. A participant may have two loans outstanding at any time. The loans shall bear interest at a rate of prime plus 1% and must be repaid within 5 years of the date of issuance, or longer if used for the purchase of a principal residence.

**6. Participant Accounts**

Each participant's account is credited with the participant's contributions, prevailing wage contributions, and allocations of profit sharing contributions, Plan earnings, and administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**7. Benefit Payments**

Upon termination of service or normal retirement, participants are entitled to receive their vested account balances. Upon death or disability, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance. In-service distributions are permitted if certain criteria are met.

**8. Vesting**

Prevailing wage contributions, participant contributions, and actual earnings thereon are fully vested at all times. Vesting in the Employer profit sharing contribution portion of their account is based on years of continuous service. A participant is 100% vested after six years of credited service.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**1. Basis of Presentation**

The financial statements of the Plan are prepared using the modified cash basis of accounting, under which contributions and investment income are recorded when received, rather than when earned, and distributions and expenses are recorded when paid, rather than when incurred. That basis differs from accounting principles generally accepted in the United States of America primarily because the Plan has not recognized Employer contributions receivable, accounts payable, and their related effects on earnings in the accompanying financial statements.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**1. Basis of Presentation** (Continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits (modified cash basis) present the fair value of the investment contract as well as the adjustment, if any, of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits (modified cash basis) is presented on a contract value basis.

**2. Payment of Benefits**

Benefits are recorded when paid.

**3. Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**4. Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note D for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Net appreciation/depreciation includes gains and losses on investments bought and sold as well as held during the year.

**5. Administrative Expenses**

Administrative expenses incurred by the custodian and service providers in performance of their duties are paid from the assets of the Plan. Investment related expenses are included in net appreciation in fair value of assets.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**6. Subsequent Events**

Plan management has evaluated subsequent events through April 14, 2016, the date the financial statements were available to be issued.

**NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Mid Atlantic Trust Company, the custodian, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

Total investments held and certified by the custodian in the accompanying Statements of Net Assets Available for Benefits (modified cash basis) were $1,070,919 and $888,152 as of June 30, 2015 and 2014, respectively. The net investment income certified by the custodian in the accompanying Statement of Changes in Net Assets Available for Benefits (modified cash basis) was $49,172 for the year ended June 30, 2015.

Investments that represent 5% or more of net assets as of June 30, 2015 and 2014 are as follows:

| | 2015 | 2014 |
|---|---|---|
| Investments at fair value: | | |
| Artisan Global Value Fund Investor Class | $ 82,330 | $ - |
| American Funds Cap World Growth & Income Fund | $ - | $ 69,190 |
| Fidelity Spartan 500 Index Advtg | $ 83,570 | $ 70,331 |
| JP Morgan US Equity Fund Class R5 | $ 84,083 | $ 69,894 |
| JP Morgan Large Cap Growth Fund Class R2 | $ 57,465 | $ - |
| Vanguard Windsor II Fund Admiral Shares | $ 110,744 | $ 91,968 |
| Wells Fargo Stable Return Fund Class C | $ 86,246 | $ 67,583 |

During the year ended June 30, 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

| | |
|---|---|
| Registered investment companies | $ 34,711 |
| Common collective trust | 932 |
| | $ 35,643 |

## NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015 and 2014.

*Registered investment companies*: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

*Common collective trust*: The fair value is based on the underlying unit value reported by the common collective trust. The use of net asset value as fair value is deemed appropriate as the collective trust fund does not have a finite life, unfunded commitments, or significant restrictions on redemptions.

**NOTE D - FAIR VALUE MEASUREMENTS** (Continued)

The Wells Fargo Stable Return Fund ("WFSR Fund") is a common collective trust fund and is a fully benefit-responsive investment contract. As stated at Note B-1, the fully benefit-responsive investment contract is presented at fair value on the Statements of Net Assets Available for Benefits (modified cash basis) and then adjusted to contract value. The WFSR Fund has invested all of its assets in the Wells Fargo Stable Return Fund G ("Fund G"), a collective trust fund sponsored by Wells Fargo. The value of the WFSR Fund is based on the underlying unit value reported by Fund G. Fund G invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: 1) a fixed-income security or portfolio of fixed-income securities, and 2) a contract value guarantee (wrapper) provided by a third party. The fair value of the investment contract is based on the present value of future cash flows using the current discount rate. The fair value of a security-backed contract includes the value of the underlying securities and the value of the wrapper contract. The fair value of a wrapper contract provided by a security-backed contract issuer is the replacement cost, and is based on the wrapper contract fees.

The yield earned by the WFSR Fund at June 30, 2015 and 2014 was approximately 1.40% and 1.36%, respectively. This represents the annualized earnings of all investments in the WSFR Fund, including the earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in the WFSR Fund at June 30, 2015 and 2014, respectively.

The yield earned by the WFSR Fund with an adjustment to reflect the actual interest rate credited to participants in the WFSR Fund at June 30, 2015 and 2014 was approximately 1.64% and 1.52%, respectively. This represents the annualized earnings credited to participants in the WFSR Fund, divided by the fair value of all investments in the WFSR Fund at June 30, 2015 and 2014, respectively.

The WFSR Fund seeks safety of principal and consistency of returns while attempting to maintain minimal volatility.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE D - FAIR VALUE MEASUREMENTS** (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2015 and 2014:

*Assets at Fair Value as of June 30, 2015*

| Total assets at fair value | $ 821,633 | $ 67,583 | $ - | $ 889,216 |

## NOTE E - PARTY-IN-INTEREST TRANSACTIONS

All investments are held with the custodian. The custodian is a party-in-interest with respect to the Plan. The Plan's investments are managed by Beneco Trust Company, the Plan's trustee and recordkeeper. These transactions qualify as party-in-interest transactions. Notes receivable from participants of the Plan and related interest income are also considered party-in-interest transactions.

## NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits (modified cash basis).

## NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA. Upon plan termination, participants would become 100% vested in their account balances. Any unallocated assets of the Plan would be allocated to participants and distributed in such a manner prescribed by the Plan provisions and the IRC.

## NOTE H - TAX STATUS

The Employer adopted a non-standardized 401(k)/profit-sharing plan which received an opinion letter dated March 31, 2014, stating that the Plan is qualified under the Internal Revenue Code (IRC). The plan administrator and the Plan's advisors believe that the Plan is designed and operated in compliance with the applicable requirements of the IRC. Administration errors if any, that are insignificant or operational in nature, are handled by the plan administrator in accordance with the applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The financial statements are presented on a comprehensive basis of accounting other than accounting principles generally accepted in the United States; therefore, plan management is not required to recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would be un-sustained upon examination by the IRS. However, the plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken as of June 30, 2015 that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to June 30, 2012.
