NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1: DESCRIPTION OF PLAN

The following description of the Wash Depot Holdings, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Wash Depot Holdings, Inc. 401(k) Plan is a defined contribution plan that was adopted effective September 1, 1997, to provide employees of Wash Depot Holdings, Inc. (Company) the opportunity to accumulate savings that provide benefits in the event of retirement, disability, or death. The Plan is structured to comply with the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Eligible employees are all employees, except for highly compensated employees. Eligible employees may participate in the Plan after attaining 21 years of age and completing one year (1,000 hours) of service, as defined in the plan document. Eligible employees may enter the Plan quarterly, on the first day of the plan year quarter coinciding or next following the date on which the eligibility requirements are met.

Contributions - Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year may elect to contribute additional catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct their contributions into various investment options offered by the Plan. Contributions are subject to the limitations of the Internal Revenue Code (IRC).

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Certain administrative expenses are netted against the earnings of the investment alternatives held by the participants. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings (losses) thereon.

Notes Receivable from Participants - Participants may borrow from their deferral and rollover accounts a minimum of $500 up to a maximum of the lesser of one-half of the participant's vested account balance or $50,000 reduced by the excess of the participant's highest outstanding participant loan balance during the twelve-month period ending on the date of the loan. The participant may only have one outstanding loan at one time. The interest rate charged for the loans is based on the prime rate (as published in the Wall Street Journal) plus 1%. All loans must be repaid in level payments on at least a quarterly basis over a period of five years or less, unless the loan is for the purchase of a

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants - continued - principal residence, in which case a longer repayment period may be allowed. Loan repayments must be made through payroll deduction.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, or attainment of age 59½ without terminating employment, a participant may elect to receive a lump sum amount, substantially equal payments, or partial withdrawals equal to the value of the participant's vested interest in certain accounts. Balances of terminated participants that do not exceed $5,000 will be automatically distributed. In the event a participant with an account balance greater than $1,000 but less than $5,000 has not elected to receive either a payment or a direct rollover into an account specified by the participant, the account balance will be distributed in a direct rollover to an individual retirement account designated by the Company.

Hardship Withdrawals - Participants may withdraw their elective deferrals or rollover accounts in the form of a hardship withdrawal to satisfy an immediate and heavy financial need, as defined in the Plan. The participant must exhaust all other assets prior to obtaining a hardship withdrawal, including obtaining a loan from the Plan. The distribution may not exceed the amount of the immediate and heavy financial need. The amount may include any amounts necessary to pay federal, state, or local income taxes or penalties reasonably anticipated to result from the distribution. Salary deferrals will be suspended for six months after the receipt of a hardship distribution. The minimum hardship distribution amount is $500.

Forfeitures - Forfeitures are first used to pay plan expenses and any remainder may be used to reduce employer contributions. As of June 30, 2015 and 2014, there was $32,998 and $32,556, respectively, held in the forfeited nonvested account. Additionally, $20,367 of the forfeiture balance represents funds for stale checks separately accounted for and held until the lost participant can be found. During the year ended June 30, 2015, forfeited nonvested accounts were not used.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition - continued

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when incurred. No allowance for credit losses has been recorded as of June 30, 2015 and 2014. If a participant ceases to make loan repayments and the Company deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid directly by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants' accounts are charged directly to the participant's account and are included in administrative expenses. Some administrative expenses are paid from the annual operating expenses of the Plan's designated investment alternatives, which are netted against the investment earnings for the participant-directed investments.

Subsequent Events - The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. Management has evaluated events and transactions through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements - In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12 , *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I is not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristic, and risks. Further, the disclosure of information about fair value measurements shall be provided by

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Recent Accounting Pronouncements - continued - general type of plan asset. Part III is not applicable to the Plan. The amendments are effective for fiscal years beginning after December 15, 2015. Early application is permitted.

The Plan elected to adopt ASU 2015-12 as of and for the year ended June 30, 2015. The applicable amendments of ASU 2015-12 have been applied retrospectively to all periods presented.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2015 and 2014.

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30 (see Note 2):

	2015			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 6,458,416	$ -	$ -	$ 6,458,416
Total Investments at Fair Value	$ 6,458,416	$ -	$ -	$ 6,458,416

	2014			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 6,563,223	$ -	$ -	$ 6,563,223
Total Investments at Fair Value	$ 6,563,223	$ -	$ -	$ 6,563,223

NOTE 4: INFORMATION CERTIFIED BY TRUSTEE

The Plan's investments as of June 30, 2015 and 2014 were held by Reliance Trust Company. The Company elected the method of annual reporting compliance permitted by the Department of Labor (DOL) Regulations Section 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company has certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate.

	2015	2014
Investments at Fair Value	$ 6,458,416	$ 6,563,223
Notes Receivable from Participants	$ 253,880	$ 342,843

	2015
Investment Income	
Net Depreciation in Fair Value of Investments	$ (100,854)
Dividends	408,113
Net Investment Income	$ 307,259
Interest on Notes Receivable from Participants	$ 14,881

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Company has not considered normal plan operations such as participant contributions or benefits paid to participants as party-in-interest transactions that require separate disclosure. Certain plan investments are shares of registered investment companies (mutual funds) managed by the Plan’s institutional trustee. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to plan operations. Participant loan origination fees and distribution fees are paid out of the relevant participants' accounts.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7: TAX STATUS

The Automatic Data Processing (ADP) Prototype Non-Standardized Profit Sharing Plan with Cash or Deferred Arrangement has obtained an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, which stated the form of the Plan as then designed was in compliance with the applicable requirements of the Internal Revenue Code (IRC), and therefore the related trust was tax exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or DOL. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2015 and 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and the DOL, generally for the three years after it is filed.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various registered investment companies that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the underlying investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be commitments and contingencies outstanding which are not reflected in these financial statements. In the opinion of the Company, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

NOTE 10: SUBSEQUENT EVENTS

During the plan year ending June 30, 2016, the Plan was restated to comply with the six-year cycle for prototype plans to incorporate amendments from HEART, WRERA, and PPA acts.

During the plan year ending June 30, 2016, Voya became the Plan's recordkeeper and the Plan's assets were transferred to Morgan Stanley, the new trustee.
