| <b>1</b> | Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. <b>Round off amounts to the nearest dollar.</b> MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. ### Report on the financial statements

We were engaged to audit the accompanying financial statements of Fluid Routing Solutions, Inc. 401(k) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2015 and December 31, 2014, and the related statement of changes in net assets available for benefits for the six months ended June 30, 2015, and the related notes to the financial statements.

### Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note E, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of June 30, 2015 and December 31, 2014, and for the six months ended June 30, 2015, stating that the certified information provided to the Plan administrator is complete and accurate.

### Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**Supplementary Information**

The supplemental schedule, Schedule H Part IV, Question 4a – Delinquent Participant Contributions for the six months ended June 30, 2015, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

**Report on form and content in compliance with DOL rules and regulations**

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified information described in Note E, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## **Notes to Financial Statements**

**For the Six Months Ended June 30, 2015 and  
for the Year Ended December 31, 2014**

### **Note A – Description of the Plan**

The following description of the Fluid Routing Solutions, Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

#### ***General***

The Plan was established on April 1, 2009. The Plan is a defined contribution plan covering all salaried and hourly employees of Fluid Routing Solutions, Inc. (the “Company” or “Plan Sponsor”), excluding leased employees and union employees, except for union employees where the collective bargaining agreement specifically provides coverage of such union employees. Employees become eligible to make deferral contributions and receive discretionary matching contributions upon employment.

On March 23, 2012, the Company was purchased by Park-Ohio Holdings Corporation (“Park Ohio”). Effective June 30, 2015, the Plan was merged with and into the Park-Ohio Industries, Inc. 401(k) Retirement Savings Plan (the “Park-Ohio Plan”). In connection with the merger, participants of the Plan became participants in the Park-Ohio Plan and net assets of approximately \$17,805,000 were transferred from the Plan to the Park-Ohio Plan effective June 30, 2015.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

#### ***Contributions***

Each year, participants may contribute a percentage of eligible compensation, as defined by the Plan, up to the maximum limit allowed by law which was \$18,000 for 2015 and \$17,500 for 2014. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions that cannot exceed the catch-up limit in effect for the year, which was \$6,000 for 2015 and \$5,500 for 2014. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make matching contributions and discretionary contributions. For non-union employees, the Company may match 100 percent of the first 2 percent and 50 percent of the next 10 percent of employee contributions. Effective January 1, 2011, the Company match was eliminated for union employees in accordance with the collective bargaining agreement. The matching contributions for the non-union employees are subject to Company approval. As of June 30, 2015 and December 31, 2014, the Company has accrued \$0 and \$524,282, respectively, of matching contributions for non-union employees. Additional discretionary amounts may be contributed at the option of the Company’s management. No additional discretionary contributions were made in 2015.

### Note A – Description of the Plan (Continued)

#### *Participant Accounts*

Each participant's account is credited with the participant's contribution and Company matching contributions, as well as an allocation of plan earnings and losses. Participant accounts are charged with an allocation of administration expense that are paid by the Plan. Allocations are based on participant investment earnings and losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### *Vesting*

Participants are vested immediately in their contributions and rollover contributions plus actual earnings thereon.

Employer matching contributions are subject to the following vesting schedule:

| <u>Years of Service</u> | <u>Percentage</u> |
|-------------------------|-------------------|
| Less than 2 years       | 0%                |
| After 2 years           | 100%              |

Discretionary contributions are subject to the following vesting schedule:

| <u>Years of Service</u> | <u>Percentage</u> |
|-------------------------|-------------------|
| Less than 3 years       | 0%                |
| After 3 years           | 100%              |

#### *Notes Receivable from Participants*

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Participants may have one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Principal and interest is paid ratably through payroll deductions.

#### *Payment of Benefits*

On termination of service due to death, disability, or retirement, a participant or participant's beneficiary may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions.

The Plan also allows for in-service distributions upon attainment of age 59 ½ for any reason, and before age 59 ½ due to financial hardship, as defined in the Plan document.

### **Note A – Description of the Plan (Continued)**

#### ***Forfeitures***

At June 30, 2015 and December 31, 2014, forfeited non-vested accounts totaled \$0 and \$6,983 respectively. These accounts will be used to reduce future employer contributions or to pay administrative expenses of the Plan. For the six months ended June 30, 2015, forfeitures in the amount of \$1,443 were used to pay administrative expenses of the Plan.

### **Note B – Summary of Accounting Policies**

#### ***Basis of Accounting***

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a Separate Account Guaranteed Interest Contract (“SAGIC”). The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

### Note B – Summary of Accounting Policies (Continued)

#### *Notes Receivable From Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2015 or December 31, 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

#### *Payment of Benefits*

Benefits are recorded when paid.

#### *Administrative Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of mutual funds.

#### *Excess Participant Contributions Payable*

The Plan failed a non-discrimination test for the year ended December 31, 2014. Excess contributions amounting to \$27,096 as of December 31, 2014, are recorded as a liability in the accompanying Statements of Net Assets Available for Benefits. The Plan reimbursed these excess contributions to its participants in the six month period ended June 30, 2015.

### Note D – Group Annuity Contract with Insurance Company

The Plan has investments in a guaranteed interest account with MassMutual Retirement Services (“MassMutual”). The investment contract is fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note B, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. The guaranteed interest account is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at June 30, 2015 and December 31, 2014 was \$ 0 and \$3,499,522, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yield earned is calculated by dividing the annual interest credited to the Plan during the Plan year by the average annual fair value (applicable for those plans that have been in-force with MassMutual for more than one year).

The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the Plan year by the average annual fair value (applicable for those plans that have been in-force with MassMutual for more than one year). No adjustment is required to differentiate between the average yield earned by the Plan and the average interest rate credited to participants. However, the average yield earned by the Plan and the average interest rate credited to participants reported below may differ from the crediting rate on participant balances due to interest being credited based on contract values, the timing of cash flows, the process by which rates may be reset during the Plan year and simplified assumptions used in the calculations noted above.

#### Note E – Information Certified by Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, notes receivable from participants and adjustment from fair value to contract value for interest in separate account guaranteed interest contract related to fully benefit-responsive investment contracts, as shown in the Statement of Net Assets Available for Benefits as of June 30, 2015 and December 31, 2014.
- Net investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the six months ended June 30, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

#### Note F – Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

#### Note F – Fair Value Measurements

|         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|---------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"><li>• quoted prices for similar assets or liabilities in active markets;</li><li>• quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• inputs other than quoted prices that are observable for the asset or liability; and</li><li>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

## Notes to Financial Statements – Continued

For the Six Months Ended June 30, 2015 and

### Note F – Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015 and December 31, 2014.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*SAGIC:* The account provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The market value is based on the value of the underlying separate account(s) in which the SAGIC is invested and the amount of daily units of participation the Plan holds in the underlying separate account(s). The separate account(s) invest in actively traded mutual funds and transact at their daily NAV. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2014:

|                          | Level 1             | Level 2            | Level 3     | Total               |

### **Note G – Parties-In-Interest Transactions**

Certain Plan investments are units of a SAGIC managed by Mass Mutual Retirement Services (“MassMutual”), the record keeper, as defined by the Plan and therefore, these transactions are considered party-in-interest transactions.

### **Note H – Plan Termination**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the company contribution portion of their account.

### **Note I – Tax Status**

On May 11, 2009, the Internal Revenue Service (“IRS”) stated that the prototype adopted by the Plan as then designed, was in accordance with the applicable sections of the Internal Revenue Code (“IRC”) and is exempt from federal income tax. The Plan has not received a determination letter specific to the Plan itself. The Plan administrator believes that the Plan is designed and is currently being operated, in all material respects, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the IRS. The Plan administrator believes that the Plan has not taken any uncertain tax positions as of June 30, 2015 and December 31, 2014.

The Plan is subject to routine audits by jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

### **Note J – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

## Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on the soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
