Bryan, OH 43506

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of Midwest Community Health Associates, Inc. Savings and Profit Sharing Plan and Trust (the Plan) for the period from January 1, 2015 through July 31, 2015 and have issued our report thereon dated March 24, 2016. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 as amended (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements as a whole. We did, however, audit the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 23, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the period from January 1, 2015 through July 31, 2015. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was disclosed in Note 1 regarding the Plan's merger with the Parkview Health System, Inc. Retirement Savings Plan on July 31, 2015.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 24, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the audited Plan's financial statements is to read the information and consider whether its content or manner of its presentation is materially inconsistent with the financial information covered by our auditor's report or whether it contains a material misstatement of fact. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We are not aware of other documents that contain the audited financial statements.

This information is intended solely for the use of the Plan Administrator, the Profit Sharing/401(k) Committee, and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Midwest Community Health Associates, Inc. Savings and Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of July 31, 2015 and December 31, 2014, and the related statement of changes in net assets available for benefits for the period from January 1, 2015 through July 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of July 31, 2015 and December 31, 2014, and for the period from January 1, 2015 through July 31, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan Sponsor's Board voted to merge the Plan into the Parkview Health System, Inc. Retirement Savings Plan. All Plan assets were transferred out of the Plan on July 31, 2015 and transferred into the Parkview Health System, Inc. Retirement Savings Plan on August 3, 2015. Our disclaimer of opinion has not been modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
July 31, 2015 and December 31, 2014

Note 1—Plan description

The following description of the Midwest Community Health Associates, Inc. Savings and Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan was a defined contribution plan that covered all eligible employees of Midwest Community Health Associates, Inc. (the “Company” or “Employer”). The Plan was intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2011, the Plan was frozen and no longer accepted contributions into the Plan as a result of the sale of the Company to Parkview Health System, Inc. (“Parkview”). The Plan Sponsor’s Board voted to merge the Plan into the Parkview Health System, Inc. Retirement Savings Plan. All Plan assets were transferred out of the Plan on July 31, 2015 and transferred into the Parkview Health System, Inc. Retirement Savings Plan on August 3, 2015.

Prior to the merger of the Plan’s assets, a review of the Plan’s assets and operations was conducted by Parkview. As a result of this review, a correction in the amount of \$25,974 was necessary to account for the omission of deferrals on bonuses. A receivable for this amount was recorded in the prior year as this amount was determined in 2014 and paid in 2015.

Eligibility

Employees of the Company who reached 21 years of age and completed one year of continuous service (1000 hours) were eligible for the profit sharing feature of the Plan. Employees were automatically eligible for the 401(k) savings and the matching contribution features on the first day of employment.

Contributions

Participants were able to make salary deferral contributions and Roth deferral contributions in any percentage up to 60% of pretax annual compensation, as defined by the Plan. The Company had a discretionary employer matching contribution, limited to 4% of each participant’s compensation. The matching portion of the employer contributions provided for a 100% match on the first 3% of elective deferrals and a 50% match on the next 2% of elective deferrals.

The Company had the option of making an additional discretionary contribution based on annual approval of the Company’s Board of Directors.

Participants were able to rollover amounts representing distributions from other qualified defined benefit or contribution plans.

Note 1–Plan description–continued

Participant accounts

Each participant's account was credited with the participant's contribution and the Company's contributions and allocations of plan earnings. Plan earnings were allocated based on each participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant was entitled was the benefit that would be provided from the participant's vested account.

Vesting

Participants were immediately vested in their 401(k) salary deferral contributions, the Company's match on elective deferrals, and discretionary profit sharing contributions, plus actual earnings thereon.

Participants' investment options

Participants must direct their salary deferral contributions in investment options as made available and determined by the Plan Administrator. Participants were able to change their investment options any time throughout the year via direct phone access to Fidelity or via the internet.

Payment of benefits

A participant or beneficiary did not receive a distribution from the Plan any earlier than upon the participant's separation of service with the Company, death, or disability. Benefit payments were able to begin when a participant obtained the age of 59 ½, even if still employed. Benefit payments were required to begin at the age of 70 ½. Participants that terminated employment and had a balance less than \$1,000 were able to have their funds automatically distributed by the Plan.

Forfeitures

At July 31, 2015 and December 31, 2014, forfeited non-vested accounts totaled \$0 and \$231, respectively. These accounts reduced costs of administration of the Plan or employer contributions. Any excess forfeiture would be allocated to remaining participants' accounts.

Note 2–Significant accounting policies

Basis of accounting

The financial statements of the Plan were prepared under the accrual method of accounting, whereby income was recognized when earned and expenses were recognized when the obligations were incurred. Benefits paid to participants were recorded when distributed by the Plan.

Investment valuation and income recognition

All the assets of the Plan were held and managed by Fidelity Management Trust Company (the "trustee"). All investments, except for fully benefit-responsive investment contracts, were stated at fair value as determined by quoted market prices by the trustee. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

NOTES TO FINANCIAL STATEMENTS – CONTINUED
July 31, 2015 and December 31, 2014

Note 2–Significant accounting policies–continued

Investment valuation and income recognition–continued

The investment contracts included in the Plan were comprised of fully benefit-responsive contracts. In accordance with Financial Accounting Standards Board (FASB) guidance, “Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide” and “Defined-Contribution Health and Welfare and Pension Plans” required that investment contracts held by a defined-contribution plan were to be reported at fair value. However, contract value was the relevant measurement of attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value was the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FASB guidance, the statement of net assets available for benefits presented the fair value of the investment contracts from fair value to contract value. The statement of changes in net assets available for benefits was prepared on a contract value basis. The fully benefit-responsive investment fund and investment contracts were recorded at fair value and adjusted to contract value. Contract value represented investment contracts at cost plus accrued interest income less amounts withdrawn to pay benefits.

The Plan had investments in the Fidelity Advisor Stable Value fund, which was comprised of fully benefit-responsive investment contracts. This investment was recorded at fair value and adjusted to contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The Fidelity Advisor Stable Value fund had separately audited financial statements which provided additional information on this fully benefit-responsive investment.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividend income was accrued on the ex-dividend date. Net appreciation (depreciation) included the Plan’s gains and losses on investments bought and sold as well as held during the year.

Administrative expenses

Certain administrative functions were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Certain other administrative expenses were paid directly by the Company.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through March 24, 2016, the date the financial statements were available to be issued and have determined there are no subsequent events that require disclosure.

** Party in interest*

During the period from January 1, 2015 through July 31, 2015, the Plan's investments (including investments purchased, sold as well as held during the year) appreciated in fair value as follows:

Mutual funds	\$ 779,507
Common stock	2,271
	<u>\$ 781,778</u>

Note 4–Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MIDWEST COMMUNITY HEALTH ASSOCIATES, INC.
SAVINGS AND PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS – CONTINUED
July 31, 2015 and December 31, 2014

Note 4–Fair value measurements–continued

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimized the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2015 and December 31, 2014. There were no assets held at July 31, 2015.

Money Market Funds – valued using amortized cost which approximates fair value.

Mutual Funds – valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end.

Common/Collective Trust Fund – valued based on the contracted terms of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4–Fair value measurements–continued

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets carried at fair value:

Note 5–Tax status

The Plan obtained its latest determination letter on July 8, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator and the Plan's tax counsel believe the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**MIDWEST COMMUNITY HEALTH ASSOCIATES, INC.
SAVINGS AND PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS – CONTINUED
July 31, 2015 and December 31, 2014**

Note 5–Tax status–continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator analyzed the tax positions taken by the Plan, and concluded that there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 6–Related party transactions and party in interest transactions

The Plan invested in a money market, common/collective trust fund, and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company was the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services were included in net appreciation in fair value of the investment. The Plan made direct payments to the trustee in the amount of \$25 during the period from January 1, 2015 through July 31, 2015.

Note 7–Risks and uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8–Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at July 31, 2015 and December 31, 2014 to the Form 5500:
