1. PLAN DESCRIPTION

The MWI Corporation Employees' Incentive Savings Plan (the "Plan") is a defined contribution and profit sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). New employees of MWI Corporation (the "Company") that elect to participate in the Plan are admitted at the time the eligibility requirements are met.

The Principal Financial Group serves as the Plan's custodian and performs the record keeping and investment services. The Plan Administrator is MWI Corporation. The Trustees of the Plan are Delaware Charter Guarantee & Trust Company dba Principal Trust Company.

The following is a summary of the major provisions of the Plan. Participants should refer to the amended Plan agreement for more complete information.

Participation – Employees who have attained 18 years of age and have worked at least 90 days are eligible to participate in the Plan for purposes of 401(k) elective deferral contributions. For purposes of contributions other than 401(k) elective deferral contributions, the entry date is the first day of the month after one year of employment.

Contributions - Employee contributions are made using funds withheld by the Company from compensation of participants. Participants are enrolled to defer a percentage of pay which may be no less than 2%. Catch-up contributions are permitted for age 50 or over and are based upon the maximum elective deferral for such year. Matching contributions are discretionary up to a percentage of their elective deferrals as determined by the Company. The Company may make discretionary employer contributions for active participants who are eligible for a share on December 31. This amount shall not exceed the maximum amount that may be contributed for participants based upon prevailing law.

Participants' Accounts - Each participant's account is credited with the participant's voluntary contributions, the Company's matching and profit sharing contributions, and an allocation of the Plan's earnings. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

1. PLAN DESCRIPTION (continued)

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portions of their accounts is based on years of continued service using a graded schedule as specified in the Plan. For vesting purposes, a year of vesting is defined as a computation period (January 1 to December 31) during which a participant is credited with at least 1,000 hours of service and is at least 18 years of age. A participant is 100 vested after five years of credited service.

Forfeitures – Forfeitures of non-vested Company contributions amounted to $0 and $0 at December 31, 2014 and 2013 and are used to reduce future Company contributions.

Investment Options – All investment funds of the Plan are participant-directed.

Participant Loans – Active participants may apply to the Loan Administrator for a participant loan in amounts limited by the Plan. Participant loans are secured by the participant's non-forfeitable interest in his or her accrued benefit, as defined. Interest is charged on loans at rates determined from time to time by the Loan Administrator and have terms not to exceed five years from the effective date of the loan, excluding primary residence loans with terms not to exceed 30 years from the effective date of the loan. Principal and interest is paid ratably through semi-monthly payroll deductions.

Participant's loans cannot exceed the lesser of 50 percent of the participant's vested interest in the Plan or $50,000 at the time the loan is granted, subject to certain other restrictions.

Withdrawals and Payment of Benefits - Withdrawals and payment of benefits are paid from the participant's account as of the applicable valuation date. Benefits are payable upon retirement, death or other termination of employment. Certain in-service benefits withdrawals are also permitted.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared under the accrual method of accounting.

Investment valuation and income recognition – All investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at the end of the year, as determined by the Trustee. The participant loans are valued at their outstanding balances, which represent their fair value. The net increase or decreases in fair value in investments for the period reflected in the statement of changes in net assets available for benefits is the change between the fair value of investments held at year-end and cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year. The net increase or decrease in fair value also includes realized gains and losses for the year. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Expenses - The Company pays all administrative expenses, except contract administrative fees, which are paid for by the Plan.

Concentrations – All of the Plan's assets are held by its Trustee. Principal Financial Group, which is located in Des Moines, IA.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Trustee to make estimates and assumptions that affect reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events – Management evaluated subsequent events for potential disclosure in or adjustment to the Plan's financial statements through June 18 2015, the date the financial statements were available to be issued. Based on such evaluation, no events have occurred that, in the opinion of management, warrant recognition in the financial statements or disclosure in the notes to the financial statements as of December 31, 2014.

3. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2014 and 2013, net increase in fair value of separate accounts, interest and dividend income for the years ended December 31, 2014 and 2013, and investments held at December 31, 2014 and 2013, were obtained or derived from information supplied to the Company and certified as complete and accurate by the Trustee.

The fair value of investments that represents 5% or more of total net assets of the Plan at December 31, was as follows:

	2014	2013

4. FAIR VALUE MEASUREMENTS

The Plan has adopted the provisions of *Fair Value Measurements,* Topic 820 of the Financial Accounting Standards Board-Accounting Standards Codification. This topic requires disclosures about fair value measurements in financial statements based on hierarchical levels directly related to the amount of subjectivity associated with the inputs used to determine the fair value of financial statements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The various inputs that may be used to determine the value of the Plans' investments are summarized in three broad levels.

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies – Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Pooled Separate accounts – Shares of separate accounts managed by Principal Life Group quoted prices for similar assets in active markets.

Loans to Participants – Loan to participants are valued at amortized cost, which approximates fair value.

4. FAIR VALUE MEASUREMENTS (continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis as of December 31, 2014 and 2013.

	Assets Measured at Fair Value at December 31, 2014

Total	$3,977,891	$3,900,973	$211,552	$8,090,416

5. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Company's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements for the years ended December 31, 2014 and 2013. The 2011 through 2014 tax years remain subject to examination by the Internal Revenue Service.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or discontinue the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2014 and December 31, 2013.

Reconciled changes	-0-	-0-
Net assets available for benefits per Schedule H to Form 5500	$8,203,669	$8,090,416

8. RISK AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is as least reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the statement of net assets available for benefits.

9. BONDING INSURANCE

The Plan carried bonding insurance as required by ERISA. On February 3, 2014 the bonding insurance was renewed for a term of one year.

10. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE
