## SumTotal Systems, Inc. 401(k) Plan

### Notes to Financial Statements

---

#### Note 1. Plan Description

The following description of SumTotal Systems, Inc. 401(k) Plan (the Plan) provides only general information. Participants of the Plan should refer to the Plan Agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering all eligible employees of SumTotal Systems, Inc. (the Sponsor or Employer) and employees of acquired entities that have adopted the Plan, who have reached the age of 18. Collectively bargained employees, leased employees and nonresident aliens are excluded from participation in the Plan. Employees can choose to enter the Plan on the first day of employment with the Sponsor. The Plan Administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Committee. An employee of the Sponsor serves as the Plan Administrator. Fidelity Management Trust Company (Fidelity) serves as the Plan's trustee and recordkeeper, responsible for investing and managing the Plan assets (subject to the direction of the Employer and the participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On October 1, 2014, the Plan Sponsor was acquired by Skillsoft Corporation. On June 10, 2015, Skillsoft Corporation's Board of Directors decided to merge the Plan into the Skillsoft Corporation 401(k) Profit Sharing Plan effective July 1, 2015. As of June 30, 2015, all of the Plan's net assets have been transferred out of the Plan and were funded into the Skillsoft Corporation 401(k) Profit Sharing Plan on July 1, 2015 (see Note 7).

**Contributions:** Participants may contribute, on a pre-tax basis up to 60 percent of their qualified annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. On September 4, 2012, the Plan document was amended to allow participants to make Roth contributions and to add a 3 percent automatic enrollment provision. If no investment selection is made by an automatically enrolled employee, the appropriate age-based Fidelity Freedom Fund will be selected as the default outlay option. Participants may change the deferral election to a different percentage or amount, including zero, as of the beginning of each payroll period. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). All contributions are held in trust and invested by the Plan's trustee in accordance with the options elected by the participants (i.e., all investments are participant directed).

The Sponsor, at its discretion, may match participant contributions. For the period from January 1, 2015 to July 1, 2015 and for the year ended December 31, 2014, the Sponsor's discretionary match was an amount equal to 50 percent of the first 6 percent of compensation contributed by the employee. The Sponsor's discretionary matching contribution for the period from January 1, 2015 to July 1, 2015 and the year ended December 31, 2014 amounted to \$737,290 and \$1,075,249, respectively. In addition, the Sponsor may make discretionary profit sharing contributions which are allocated to all eligible participants as a percent of compensation of all eligible participants. Plan participants must be employed by the Sponsor as of the Plan's year end and have completed at least 1,000 hours of service during the Plan year to be eligible for discretionary profit sharing contributions. During the period from January 1, 2015 to July 1, 2015 and the year ended December 31, 2014, no additional discretionary profit sharing contributions were made to the Plan by the Company.

**Participant accounts:** Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and the Sponsor's matching contribution and allocations of any profit-sharing contribution and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

#### Note 1. Plan Description (Continued)

**Vesting:** Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the Sponsor's contributions plus actual earnings thereon based on years of continuous service as follows:

| Years of Service | Vesting Percentage |
|------------------|--------------------|
| Less than 1      | 0%                 |
| 1                | 30%                |
| 2                | 60%                |
| 3 or more        | 100%               |

Participant accounts become fully vested regardless of the above vesting schedule upon death, disability, attainment of normal retirement age (65) or termination of the Plan.

**Investment options:** Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature including a self-directed account option. Participants can change their contribution percentages and investment options or make fund transfers as of the beginning of each payroll period.

**Payment of benefits:** The entire vested balance of a participant's account may be distributed at the date of the participant's retirement, disability, or death. The normal retirement age, as defined by the Plan, is age 65. Participants may take an early retirement distribution at or after age 55, after completing five years of service, and terminating employment. Participants may elect to take an in-service distribution of vested funds if they meet any of the following requirements: upon attainment of age 59½, if they incur proven financial hardship, or upon attainment of normal retirement age. Vested account balances less than \$5,000, but greater than \$1,000, absent direction from the participant, will be distributed into an individual retirement account for the participant. Vested account balances less than \$1,000 will be distributed as a lump sum as soon as administratively practicable. The Plan allows participant that have attained 70½ to defer payments until they cease employment.

**Forfeitures of accounts:** Forfeitures will be used to pay Plan expenses or reduce future Sponsor contributions. Forfeited nonvested accounts totaled \$0, \$18,501 and \$19,660 at July 1, 2015, December 31, 2014 and 2013, respectively. During 2015 and 2014, \$0 and \$126,638, respectively, were used to reduce employer matching contributions and no forfeitures were used to pay administrative expenses.

**Notes receivable from participants:** Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000. A participant may not have more than two notes outstanding at any time. Note terms range up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the note. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. These rates range from 4.75 percent to 7.75 percent on notes outstanding at December 31, 2014, and mature through July 2029. Principal and interest are paid ratable through bi-monthly payroll deductions.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits is prepared on a contract value basis with respect to fully benefit-responsive investment contracts. The Fidelity Managed Income Portfolio Fund, a common collective trust, is a fully benefit-responsive investment contract.

**Investment valuation and income recognition:** Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

**Use of estimates:** The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Contributions:** Contributions from Plan participants and the matching contribution from the Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

#### Note 2. Summary of Significant Accounting Policies (Continued)

**Payments of benefits:** Benefits are recorded when paid.

**Administrative expenses:** Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses includes fees related to the administration of notes receivable that are charged directly to the participant's account and certain record keeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

**Income taxes:** U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more-likely-than-not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2011.

**Subsequent events:** The Plan Administrator has evaluated subsequent events (events occurring after July 1, 2015) through April 15, 2016, which is the date these financial statements were available to be issued.

#### Note 3. Information Certified and Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of July 1, 2015, December 31, 2014 and 2013, and for the period from January 1, 2015 to July 1, 2015 and year ended December 31, 2014, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity), the trustee under the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and asset activity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets.

#### Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at July 1, 2015, December 31, 2014 or 2013.

Following is a description of the valuation methodologies used for investments measured at fair value:

**Shares of registered investment companies (mutual funds):** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common collective trust fund:** Valued based on the NAV of units of the common collective trust. The NAV, as provided by Fidelity, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

**Common stocks:** Valued using quoted prices in active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### Note 5. Fair Value Measurements (Continued)

The following table sets additional disclosures for the Plan's investment whose fair value is estimated using the NAV per share (or its equivalent) as of December 31, 2014 and 2013:

|                                  | Fair Value Estimated Using NAV Per Share |             |          |            |                            |                             |

- (a) This fund seeks the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. Participants can make distributions from the fund on any business day except if transferring amounts to a competing fund. In which case, the transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfer to a competing fund can occur. Withdrawals directed by a Sponsor must be preceded by twelve months written notice to the trustee.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period from January 1, 2015 to July 1, 2015 and the year ended December 31, 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

#### Note 6. Related Party Transactions

Fidelity is the trustee as defined by the Plan; therefore, transactions with Fidelity qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for trustee and recordkeeper services amounted to \$2,024 and \$3,620 for the period from January 1, 2015 to July 1, 2015 and for the year ended December 31, 2014, respectively. The Sponsor also paid certain administrative expenses of the Plan.

#### Note 7. Plan Termination and Amendment

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

On June 10, 2015, Skillsoft Corporation's Board of Directors decided to merge the Plan into the Skillsoft Corporation 401(k) Profit Sharing Plan effective July 1, 2015. All of the Plan's net assets were transferred out of the Plan and were transferred out of the SumTotal Systems, Inc. 401(k) Plan effective June 30, 2015.

#### Note 8. Tax Status

The Plan adopted a non-standardized prototype profit sharing plan sponsored by the Fidelity Management Trust Company. The prototype plan has received an opinion letter, dated March 31, 2008, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provision of the Internal Revenue Code.
