Camco Financial & Subsidiaries Salary Savings Plan

Notes to Financial Statements As of September 1, 2015 and December 31, 2014

Note 1 - Description of the Plan and Plan Merger

The following description of the Camco Financial & Subsidiaries Salary Savings Plan (the “Plan”) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

Plan Merger - On October 10, 2013, Camco Financial Corporation announced that it had signed a definitive agreement to merge with Huntington Bancshares Incorporated (Huntington). The merger subsequently closed on March 1, 2014. Effective February 28, 2014, the Plan was amended to accelerate the employer vesting to 100% for active participants, to cease employee and employer contributions into the Plan and cease new participant notes receivable from the Plan. Existing Camco employees who became Huntington employees were eligible to participate in the Huntington Investment and Tax Savings Plan on March 1, 2014. The Plan assets were merged into the Huntington Investment and Tax Savings Plan on September 1, 2015. All distributions or transfers into the Huntington Investment and Tax Savings Plan were completed as of September 2, 2015.

General - The Plan was a defined contribution plan covering all employees of Camco Financial & Subsidiaries (the “Company”). Employees were eligible to participate in the Plan on their first day of employment with the Company. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Prior to the February 28, 2014 amendment, participants could contribute up to 92 percent of eligible compensation as defined in the plan document, subject to certain limitations established by the Internal Revenue Code (the “IRC”). Participants were not permitted to make any 401(k) contributions subsequent to February 28, 2014. As described in the February 28, 2014 Plan amendment, there were no employer contributions required subsequent to February 28, 2014. No discretionary contributions were made in 2015 or 2014.

Participant Accounts - Each participant’s account was credited with the participant’s own contribution and an allocation of the Company’s contributions, plan earnings, and expenses. Allocation of the Company’s contributions, plan earnings, and expenses was based upon participants’ compensation and account balances, respectively. The benefit to which a participant was entitled was the benefit that can be provided from the participant’s vested account.

Forfeited Accounts - Forfeitures of terminated participants’ nonvested employer profit-sharing accounts were used to reduce employer contributions.

Vesting - Participants were immediately vested in their own 401(k) contributions, employer matching contributions made after December 31, 1997, and any qualified plan rollovers, plus actual earnings thereon. Effective February 28, 2014, employer vesting was accelerated to 100% for active participants.

Camco Financial & Subsidiaries Salary Savings Plan

Notes to Financial Statements As of September 1, 2015 and December 31, 2014

Payment of Benefits - Upon termination of service due to death, disability, retirement, or other reasons, a participant could elect to receive payment of their vested benefits as a lump-sum payment. In addition, the Plan allowed for hardship distributions for payment of expenses for medical care, costs directly related to the purchase of a principal residence, amounts necessary to prevent eviction from your principal residence, and tuition and room and board expenses.

Participant Notes Receivable - Prior to the February 28, 2014 amendment, the Plan allowed participants to borrow money from the Plan, in amounts not to exceed one-half of the participant's vested account balance. Participants could not have more than one note receivable from the Plan at any time and initial notes receivable must be for at least \$1,000, with a maximum of \$50,000, as determined by the Internal Revenue Service ("IRS"). Participant notes receivable were collateralized by the participant's account balance and bore interest at a market rate.

Party-in-interest Transactions - The Plan invested in employer stock as well as certain investment funds managed by the custodian or its affiliates. Charles Schwab Bank was the custodian of the Plan and, therefore, these transactions qualified as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Accounting Policies

Investment Valuation - The Plan's investments were stated at fair value, except for its benefit-responsive common/collective trust fund investment, which was stated at contract value. Contract value represented investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the common/collective trust fund was based on discounting the related cash flows of the underlying guaranteed investment contracts based on current yields of similar instruments with comparable durations. All other investments were valued based on quoted market prices. See Note 5 for fair value measurements disclosure.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

Note 2 - Summary of Accounting Policies (continued)

Participant Notes Receivable - Participant notes receivable were recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable were written off when deemed uncollectible.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires

Camco Financial & Subsidiaries Salary Savings Plan

Notes to Financial Statements As of September 1, 2015 and December 31, 2014

management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses - Various administrative expenses were paid by the Company on behalf of the Plan. The amounts reported in the financial statements represent administrative expenses paid by the Plan.

Benefit Payments - Benefits were recorded when paid.

Risk and Uncertainties - The Plan provided for various investment options including any combination of mutual funds, Huntington Bancshares Inc. common stock, common/collective funds, and other investment securities. The underlying investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including April 1, 2016, which is the date the financial statements were available to be issued.

Note 3 - Tax Status

The plan document has been restated for recent law changes. The plan sponsor adopted the restated version of a non-standardized prototype plan document. The IRS has determined and informed the prototype plan sponsor, by a letter dated June 5, 2002, that the Plan and related trust were designed in accordance with applicable sections of the IRC. The Plan has not individually sought its own determination letter.

The plan administrator believed that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 4 - Significant Investments

Charles Schwab Bank (the "Custodian") held the Plan's investments and participant notes receivable and executed all related transactions. The investment and participant notes receivable balances as of December 31, 2014 and related income and losses for the period ended from January 1, 2015 to September 1, 2015 and year ended December 31, 2014 included in the accompanying financial statements is based solely on information provided by the Custodian. Significant investments at December 31, 2014 were listed as follows:

Note 5 - Fair Value

Accounting standards require certain assets and liabilities be reported at fair value on the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014 and the valuation techniques used by the Plan to determine those fair values. There were no Plan assets at September 1, 2015.

Level 1 – In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 – Fair values determined by Level 2 inputs use other inputs that were observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that were observable at commonly quoted intervals.

Level 3 — Inputs were unobservable inputs, including inputs that were available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements were based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety were categorized based on the lowest level input that is significant to the valuation. The Plan's

Camco Financial & Subsidiaries Salary Savings Plan

Notes to Financial Statements As of September 1, 2015 and December 31, 2014

assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan's policy was to recognize transfers between levels of the fair value hierarchy as of the actual date of the event or change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy for the period from January 1, 2015 through September 1, 2015 or for the year ended December 31, 2014.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2014.
