NOTES TO FINANCIAL STATEMENTS
December 31, 2014**

NOTE A - DESCRIPTION OF PLAN

The following description of the Elysian Brewing 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established effective March 1, 2014, is a defined contribution plan covering all eligible employees of Elysian Brewing Company (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan year is the 12-month period ended December 31.

Contributions

Participants may make pretax personal contributions, subject to limitations imposed by the Internal Revenue Code (IRC). The Employer may make a matching contribution at the end of the Plan year based on an amount and allocation formula as determined by the board. The Employer may also make pro rata discretionary profit-sharing contributions in the ratio that each participant's compensation bears to the compensation of all eligible participants. There were no discretionary profit-sharing contributions during the period. Participants who are at least age 50 may also make pretax catch-up contributions to the Plan on an unmatched basis, subject to IRC limits.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer's matching contributions, Employer's profit-sharing contributions and Plan earnings (losses), and charged with an allocation of administrative expenses, if any. Allocations are based on participant compensation contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Plan assets are held by MG Trust Company, LLC, the Plan custodian. Plan participants may direct the investment of any and all of their accounts into the investment funds of their choice. However, participants may not establish individual brokerage accounts or exercise voting rights.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2014

Vesting

Participants are immediately vested in their personal contributions and any rollover contributions plus investment earnings. The vesting of the Employer's discretionary matching and profit-sharing contributions, if any, is based on years of vesting service as follows:

<u>Years of vesting service</u>	<u>Vesting percentage</u>
Less than 1	0%
1	20
2	40
3	60
4	80
5 or more	100

Payment of Benefits

Upon termination of service due to death, retirement on or after normal retirement age, or other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum payment only. Participants' accounts of \$5,000 or less are paid as a lump sum and do not require the participant's consent. The Plan's provisions also provide for in-service withdrawals or withdrawals in the event of financial hardship, as defined by the Plan.

Forfeitures

Forfeitures result from a participant's termination of employment before the participant is 100% vested in Employer contributions. Forfeitures are used to restore forfeitures, reduce Company contributions (or reallocate as Company contributions) or to pay reasonable Plan expenses to the extent specified in the Adoption Agreement. At December 31, 2014, no participants in the Plan had incurred forfeitures.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Elysian Brewing
401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2014

Risks and Uncertainties

The Plan utilizes various investment securities that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See note C for discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, the net change from registered investment companies each year is reflected in the statement of changes in net assets available for benefits and includes net realized gains and losses on securities sold, as well as net unrealized appreciation in the fair value of investments. Dividends are recorded on the accrual basis.

Purchases and sales of securities are recorded on a trade-date basis.

Contribution Corrections Due to Participants

This liability is the result of certain participant withholdings contributed to the Plan in the current year that were considered improper based on the Plan's provisions, and as a result of the discrimination testing completed. These withholdings have been netted with participant contributions on the statement of changes in net assets available for benefits.

Administrative Expenses

The Employer pays certain administrative costs of the Plan, but it is not obligated to do so. If the Employer ceases to pay all or part of these costs in the future, they will be paid by the Plan's custodian out of the assets of the Plan, as permitted by the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE C - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has issued guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Elysian Brewing
401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2014

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Money market fund - Valued at a stable \$1 net asset value (NAV), which is the value at which the fund is traded, and approximates fair value of the underlying investments. Money market funds are considered Level 1 investments. NAV is used as a practical expedient to determine fair value.

Registered investment companies - Valued on an active market at the quoted NAV of shares of the underlying assets held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 1,339	\$ -	\$ -	\$ 1,339
Registered investment companies	<u>65,676</u>	<u>-</u>	<u>-</u>	<u>65,676</u>
Total assets at fair value	<u>\$67,015</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$67,015</u>

NOTE D - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MG Trust Company, LLC, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, as shown in the statement of net assets available for benefits as of December 31, 2014.
- Net investment income, as shown in the statement of changes in net assets available for benefits for the period from inception, March 1, 2014, through December 31, 2014.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2014.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE E - PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in the non-vested Employer contribution portion of their accounts.

NOTE F - TAX STATUS

The Plan, through its adoption of a prototype plan from the custodian, has obtained opinion letters issued to the custodian, the latest of which is dated March 16, 2010, from the Internal Revenue Service (IRS) stating that the prototype plan is qualified under Section 401(a) of the IRC and that any employer adopting this plan will be considered to have a qualified plan under Section 401(a) of the IRC. The prototype plan opinion letter has been relied upon by the Plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

There were late contributions of \$24,524 during the year that were corrected prior to December 31, 2014. This amount is included in supplemental schedule H, line 4a. In addition, there were improper contributions made to the Plan during the year in the amount of \$17,619, which were refunded to participants subsequent to year-end and are included in contribution corrections due to participants on the accompanying statement of net assets available for benefits. These amounts represent contributions made by participants and certain

administrative errors that occurred in operating the provisions of the Plan for the 2014 Plan year. These amounts include investment earnings. These corrections were made in accordance with the applicable correction programs established under the IRC.

NOTE G - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2014, financial statements for subsequent events through May 2, 2016, the date the financial statements were available to be issued. Except as noted below, the Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

During 2015, the Employer was acquired by Anheuser Busch - InBev.

Effective March 31, 2015, the Plan was amended to no longer permit employee deferrals.

Effective December 11, 2015, the Plan was merged into the Anheuser-Busch 401(k) Savings and Retirement Plan.
