Independent Auditors' Report

The Plan Administrator and Participants
Cox & Company, Inc. Employee Stock
Ownership Plan

Report on the Financial Statements
We have audited the accompanying statements of net assets available for plan benefits of Cox & Company, Inc. Employee Stock Ownership Plan ("Plan") as of December 31, 2013 and 2012, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of significant estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that our audits provide a reasonable basis for our opinion.

Opinion
In our opinion, the financial statements referred to above, present fairly in all material respects, the financial position of Cox & Company, Inc. Employee Stock Ownership Plan as of December 31, 2013 and 2012, and the results of its operations for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Report On Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investments is presented for the purpose of additional analysis and are not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1- Description of Plan

The following description of the Cox & Company, Inc. Employee Stock Ownership Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Cox & Company, Inc. ("Company") originally established the Cox & Company, Inc. Employee Stock Ownership Plan ("Plan"), effective as of January 1, 2003. Effective January 1, 2008, the Company amended and restated the Plan.

The Plan is set up for the benefit of the Company's employees and invests primarily in the stock of the Company ("Company Stock").

On December 29, 2003, the Company purchased 655,000 shares of the Company common stock from stockholders for $6,222,500 using the proceeds of a loan from the Company, which had obtained financing from a third party ("Share Acquisition 1").

On November 26, 2008, 250,000 shares of the Company common stock were purchased from the Company for $1,697,500 using the proceeds of a loan from the Company, which had obtained financing from a third party ("Share Acquisition 2").

The Company common stock acquired and the Company loans related to their acquisitions are referred to as ESOP Shares and Acquisition Loan 1 and Acquisition Loan 2, respectively.

Initially the ESOP Shares owned by the Plan are not allocated to Plan participants and collateralize the Acquisition Loans. As of December 31 of each year the trustee of the Plan calculates the number of shares to be allocated to eligible employees ("Released Shares"). The annual calculation for shares to be released is as follows:

Share Acquisition 1 - The ratio of principal and interest paid during the year by the Plan to the total remaining principal and interest payments to be made by the Plan on Acquisition Loan 1 as of the beginning of the year

Share Acquisition 2 - On a straight line basis over the 20 year term of Acquisition Loan 2

Eligibility

All employees who were participants in the Plan on January 1, 2008 were automatically eligible to participate in the Plan. All other employees of the Company who (1) are not covered by a collective bargaining agreement excluding participation or (2) are not leased employees are eligible to participate in the Plan as of the Plan entry date coinciding with their date of hire or if their hire date is not an entry date then on the next entry date ("Enrollment Date"). The Plan entry dates are January 1 and July 1.

Note 1- Description of Plan (Continued)

Contributions and Other Plan Funding

The Company is taxed as an S Corporation. Any S Corporation distributions paid by the Company on cumulative Released Shares, at the discretion of the Plan trustee, can be used to repay Acquisition Loans; be added to the Participant Account balances or distributed to the participants. S Corporation distributions paid by the Company on unreleased shares are to be used to pay down the Acquisition Loans.

The Company, under the Plan, is required annually to make contributions to the Plan equal to the debt service for that year due under the Acquisition Loans less any S Company distributions the Plan received in that year on ESOP Shares it owns and the Plan elected to use to pay down Acquisition Loans. These contributions can be made in cash or forgiveness of indebtedness. In addition, the Company can make discretionary contributions in cash, Company Stock or forgiveness of indebtedness.

Employees cannot make contributions to the Plan.

Participation and Allocations

Under the Plan, a participant if employed on the last day of the Plan year participates in (1) the allocation of any contributions to the Plan by the Company (2) the allocation of any forfeitures of any unvested participant balances and (3) any S Corporation distributions on unreleased Company shares. However, a participant meeting the Year of Service requirement that retires after the Plan's normal retirement age of 62, dies or is disabled during the Plan Year, while employed by the Company, does not have to be employed on the last day of the Plan Year to receive the contribution and forfeiture allocations. Hours of service include hours the participant is paid for by the Company during the Plan Year or entitled to be paid for directly or indirectly for vacation, holidays, illness, disability, lay-off, jury duty and temporary military duty, union-authorized lost time or leave of absence.

The allocations of Company contributions, S Corporation distributions on unallocated shares used to pay down Acquisition Loans and forfeitures of unvested participant balances are made to participants eligible to receive allocations based on each participant's compensation, as defined, subject to annual limitations under the Internal Revenue Code ("Eligible Compensation"), to the Eligible Compensation of all Plan participants receiving allocations. In the year of enrollment into the Plan, Eligible Compensation for allocation purposes is determined using the Participant's compensation for the entire year.

Company S Corporation distributions on ESOP Shares previously allocated to participants are allocated to participants based on the proportion of Company Stock in each participants account to the total of all Company Stock owned by the Plan at the beginning of the year that the distribution is paid.

Note 1- Description of Plan (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate account is established for each participant. Each participant's account is credited or charged annually with (1) the participant's allocation of the Company's contribution; dividends on unreleased shares and forfeitures (2) a proportional share of any gains or losses from the change in value of Company shares on released shares; dividends received on released shares of Company Stock and other investment income or expense.

Vesting

For vesting purposes, a participant receiving credit for 1,000 hours of service in a Plan year earns a year of service ("Year of Service").

Vesting of Company contributions made through the Plan year in which the Acquisition Loan 1 is paid in full is as follows:

Completed Years of Service	Percentage Vested
Fewer than 3	0%
3	20%
4	40%
5	60%
6	80%
7	100%

Vesting of Company contributions made after the Acquisition Loan 1 is paid in full is as follows:

Years of Service	Percentage Vested
Fewer than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant shall become fully vested in their participant account balance, if while the participant is employed by the Company, the participant attains normal retirement age, dies or becomes disabled.

Note 1- Description of Plan (Continued)

Re-employment

If an individual is re-employed prior to a five year break in service the individual's vesting status immediately before termination will be reinstated.

Forfeited Accounts

After a five year break in service the non-vested balance in a participant's account is forfeited. A break in service occurs when a participant receives credit for less than 501 hours of service in a Plan Year. Forfeited amounts are considered Company contributions for allocation purposes.

Forfeitures were $70,296 in 2013 and $38,280 in 2012.

Distributions

Under the Plan, the distribution policy for the Plan may be amended from time to time by the Company. The distribution policy in effect during 2013 and 2012 ("Current Distribution Policy") is described below.

Eligibility and form of payment:

After termination of service a participant shall be entitled to receive distributions, in cash, of their vested account balance.

To enable cash payment by the Plan to a participant, the Company is required to purchase the vested Company Stock in the participant's account at its fair market value.

Timing of distributions:

If a participant retires at normal retirement age, dies or is disabled ("Current Separation Event") the participant can elect, on an annual basis, to begin to receive distributions.

If a distribution is elected in the year that the Current Separation Event occurs, the distribution will be made before the end of the current Plan Year if the Current Separation Event occurs before November 1 and in the following year if it occurs on or after November 1. Elected distributions made after the year of the Current Separation Event will be paid by the end of the following Plan Year in which the election is made.

Note 1- Description of Plan (Continued)

Distributions (Continued)

Timing of distributions (Concluded):

If a participant terminates employment other than for retirement, death or disability and the value of the participant's vested account balance is less than $5,000 the participant can elect to receive this balance in a lump sum by the end of the Plan year following termination or in any year thereafter. The Plan can automatically distribute any participant balance under $1,000. If the terminated participant's balance is greater than $5,000 the participant may elect to begin receiving distributions by the close of the sixth Plan year after close of the Plan year in which termination of service occurs. If this election is not made the participant may then elect to begin to receive distributions any time prior to the participant's normal retirement date.

The Plan, at the plan administrator's discretion, may make lump-sum distributions in the event of participant conflicts of interest, as defined.

Generally, a participant that is not employed by the Company must begin to receive distributions no later than April 1st of the calendar year following the year that they reach the age of 70-1/2 years.

Calculation of the amount of distributions:

Under the Current Distribution policy adopted by the Plan, if at the date that an initial distribution is made to a terminated participant the fair market value of that participant's account is $10,000 or less a lump sum payment will be paid to the participant. If the fair market value of the participant's account at the date of the initial distribution is greater than $10,000 an initial installment equal to the greater of $10,000 or 1/5th of the participant's account fair market value will be made with the remaining account balance to be paid in 4 annual installments, with the amount of each of the remaining installments to be determined based on the fair market value of the participant's account as of the date of the installment divided by the number of remaining installments. If the remaining balance of a participant's account is under $5,000 the balance will be paid in a lump sum.

Fair market value for distributions:

Fair market value of a participant's account is determined, at each distribution date, using the fair market value of the Company Stock and other investments in the participant's account as of the end of the previous Plan Year End.

The fair market value of Company Stock is determined by an independent appraiser, as of the December 31 year end of the Company.

Note 1- Description of Plan (Continued)

Plan Diversification

Participants who are 55 years old or older and have completed 10 years of service can elect to diversify a portion of the balance in their Participant's Account attributable to Company stock ("Company Stock Portion") over a period of 6 years. In years 1-5 the participant can diversify up to an aggregate of 25% of the Company Stock Portion and up to an aggregate of 50% of the Company Stock Portion in the sixth year.

Plan Administration

The Plan is administered by an administrative committee that is comprised in part by officers and employees of the Company.

First Bankers Trust Services, Inc. is the trustee and custodian of the Plan ("Trustee").

Administrative Expenses

The Company may but is not obligated to pay the administrative expenses of the Plan. For the years ended December 31, 2013 and 2012, all expenses of the Plan were paid for by the Company.

Income Taxes

The Plan is a qualified benefit plan under Section 401(a) of the Internal Revenue Code ("Code"), and therefore is not subject to taxation under present income tax laws. The Plan received a favorable Internal Revenue Service determination letter dated February 11, 2014.

The Plan has been amended from time to time since receiving the determination letter. However the plan's administrator believes that the Plan is currently designed and operating in compliance with the applicable provisions of the Code, and therefore remains tax exempt.

Voting Rights

The Plan's Trustee, using its discretion as to what is in the best collective interest of the Plan participants, generally votes all shares of the Company Stock held by the Plan with respect to all corporate matters which Company shareholders are entitled to vote. However, each participant is entitled to direct the Trustee as to the voting of shares in his or her account with respect to approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution and sale of substantially all assets of the Company.

Note 1- Description of Plan (Concluded)

Plan Termination and Amendment

Although it has not expressed any intent to do so, the Company has the right to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their participant account balances. Upon termination, the Plan at the discretion of the Company, may distribute the participant account balances to the participants or distribute the participant account balances in accordance with the distribution section of the Plan.

Note 2- Summary of Significant Accounting Policies and Other Matters

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation

Substantially all of the Plan's investments are in the form of Company Stock. Since the Company is closely held, and there is no public market for its ownership interests, an appraisal is performed by an independent appraiser, chosen by the Trustee. The appraisal is performed in accordance with guidelines established by the Department of Labor and in conformity with appraisal practices promulgated by the American Society of Appraisers and the Appraisal Foundation. The appraisal is performed as of the close of business on December 31 of each Plan year or other valuation date determined by the Trustee. The appraisals for 2013 and 2012 reflect fair market values of each share of Company Stock of $16.83 and $14.67, respectively.

Note 3- Risk and Uncertainties

The Plan's investments are in Company Stock. Due to the level of uncertainty related to changes in value of the Company Stock, it is reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 4- Investment in Company Stock

The Plan's investment in Company Stock is as follows:

	Number of Shares	Original Cost	Fair Value
December 31, 2013			
Allocated shares	472,306	$4,326,824	$ 7,948,914
Unallocated shares	366,562	2,975,488	6,169,233
	838,868	$7,302,312	$14,118,147
December 31, 2012			
Allocated shares	439,478	$4,044,572	$ 6,447,137
Unallocated shares	419,615	3,445,717	6,155,750
	859,093	$7,490,289	$12,602,887

During 2013 and 2012, in connection with participant distributions, the Company purchased and retired 20,225 and 5,763 shares, respectively.

Note 5- Fair Value Measurements

The Plan has implemented ASC Topic 820-10, Fair Value Measurements and disclosures, for its financial assets and liabilities. ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1- measurements) and the lowest priority to inputs that are unobservable to third parties (level 3- measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1-Quoted prices in active markets for identical assets or liabilities.
- Level 2- Quoted prices for similar assets or liabilities in active markets: quoted prices for identical or similar assets or liabilities in inactive markets and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 5- Fair Value Measurements (Concluded)

- Level 3- Inputs to the valuation methodology are unobservable to third parties and are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

All of the Plan's investments, at December 31, 2013, consisted of Company Stock which had a fair market value as of that date of $14,118,147 and are classified within level 3.

The fair value of the Company Stock is determined by an annual appraisal. The appraisal was based on a combination of market and income calculation methods consistent with prior years. The appraiser used in its appraisal historical and prospective financial information provided by the Company.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment in Company Stock during the year ended December 31, 2013.

Beginning balance	$12,602,887
Sales in connection with distributions	(296,695)
Unrealized gain	1,811,955
Ending balance	$14,118,147

Note 6- Acquisition Indebtedness

Acquisition indebtedness consists of the following term loans ("Term Loans") payable to the Company:

December 29, 2003, payable $414,833 annually plus interest at 5% to 12/29/18	$2,074,167
November 26, 2008, payable $127,574 annually including interest at 4.24% to 11/26/28	1,395,090
	$3,469,257

Note 6- Acquisition Indebtedness (Concluded)

The aggregate amortization of the term loans is as follows:

2014	$ 483,255
2015	486,156
2016	489,035
2017	492,327
2018	495,613
Thereafter	1,022,871
	$3,469,257

The outstanding balance under the term loans is secured by unallocated Company Shares owned by the Plan.

Note 7- Party-In-Interest Transactions

Certain employees and officers of the Company perform administrative services to the Plan at no cost to the Plan.

The Plan's investments in Company Stock are managed by First Bankers Trust Services, Inc., the Plan's Trustee. Fees paid by the Company on behalf of the Plan for investment management services were $16,391 in 2013 and $13,589 in 2012.

The Plan uses the services of an independent appraiser to value the Company Stock; an ESOP consultant to perform the allocation of shares to Plan participants, and a law firm. Fees paid by the Company on behalf of the Plan for these services were $9,385, $7,100 and $1,376 respectively in 2013, and $9,383, $12,131 and $1,959 respectively in 2012.

Note 8- Subsequent Events

The Plan has evaluated subsequent events from the December 31, 2013 date of the statement of net assets available for benefits through April 26, 2016, the date that the financial statements were available for release, and has determined that there were no events to disclose.
