Yucca Mountain Salaried Pension Plan
Aiken, South Carolina

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Yucca Mountain Salaried Pension Plan (the Plan), which comprise the statements of net assets available for benefits in liquidation as of December 31, 2015 and 2014, the related statements of changes in net assets in liquidation available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by The Bank of New York Mellon, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2015 and 2014 and for the years then ended, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Emphasis of a Matter
As described in Notes 1 and 10 to the financial statements, the Board of Managers of USA Repository Services, LLC, the Plan's Sponsor, voted on May 2014 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which the accumulated benefit information are stated, from the ongoing plan basis to the liquidation basis used in presenting the 2014 and 2015 financial statements. Our opinion is not modified with respect to that matter.

PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Yucca Mountain Salaried Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan.

General: The Plan was initially established by TRW Environmental Safety Systems, Inc. ("TESS") effective as of January 1, 1992. Effective February 12, 2001, Bechtel SAIC Company, LLC ("BSC") assumed sponsorship of the Plan in connection with the transfer of management and operating responsibilities of the United States Department of Energy's Yucca Mountain Site from TESS to BSC. Effective April 1, 2009, the Plan's sponsorship was transferred from BSC to USA Repository Services, LLC ("USA RS") and renamed the Yucca Mountain Salaried Pension Plan. The Plan was formerly known as the Bechtel SAIC Company, LLC Salaried Pension Plan.

Eligible plan participants include former TESS plan participants who were employed by BSC subsequent to the transfer of operating responsibilities to BSC, certain former TESS plan participants who are vested in their benefits but were not employed by either BSC or other TRW-related entities subsequent to the transfer of operating responsibilities to BSC, and TESS retirees who were already receiving benefits under the TESS Plan. Under the terms of the Plan, effective with BSC's assumption of sponsorship, no new participants are allowed.

Bechtel SAIC Company, LLC received approval from the Department of Energy on June 3, 2008, to freeze the BSC Salaried Pension Plan to highly compensated employees. Future pension accruals were replaced with contributions to the Yucca Mountain 401(k) Savings Plan per its plan document.

Effective December 31, 2010, the benefits of all employees were frozen. Pursuant to this freeze, no prior, current, or future employees may earn additional benefits, and there will be no new entrants allowed into the Plan. Earnings and benefit service amounts shall not exceed those established as of the date of the freeze, December 31, 2010.

Effective September 1, 2014, the Plan was terminated. As of December 31, 2015, all of the assets of the Plan were distributed to the participants or used to purchase annuity contracts for the benefit of the participants. See Note 10 for additional information.

***Benefits*:** Employees with five or more years of service were entitled to annual pension benefits (paid monthly) beginning at normal retirement age (65) equal to 1.5% of their average annual compensation (highest five consecutive calendar years) multiplied by the years of benefit service (maximum 35 years) plus 1.33% of their average annual compensation multiplied by the years of benefit service in excess of 35 years less 0.4% of their social security covered compensation (or average annual compensation, if lower) multiplied by years of benefit service (maximum 35 years). Annual earnings in excess of $200,000, adjusted annually for the changes in the cost of living as provided in Section 415(d) of the Internal Revenue Code, were not eligible when determining benefits under the Plan.

The Plan permitted early retirement at ages 55-64 with ten years of service. Participants who retired early were entitled to a percentage of their normal retirement benefit, with the percentage increasing as the actual retirement age approached normal retirement age. Participants received their pension benefits in the form of a 50% joint and survivor annuity, if married, or a single life annuity, if not married; however, additional forms of pension benefits were available to participants in accordance with the Plan's provisions. If an employee terminated before completing five years of service, they were not vested and were not entitled to benefits under the Plan.

Employees that terminated that were vested, regardless of age, received the value of their accumulated plan benefits as a lump sum distribution upon termination provided that the lump sum value did not exceed $1,000.

If participants died before they retired (whether or not they are current employees) and they were married and vested in the Plan, their surviving spouse were entitled to a benefit payable for life. Active employees who became totally disabled after completing five years of vested service continued to earn benefits subject to certain limitations. Benefit payments to participants were recorded upon distribution. There were no provisions for loans or hardship withdrawals.

Death Benefits: The Plan provided specified retirement and death benefits to be paid from the net assets available for benefits. The level of benefits under the Plan were based principally on an employee's years of service and average compensation. The standard form of retirement benefit to single participants was a monthly payment beginning the first day of the month following retirement and continuing until death. The standard form of benefit to married participants was a reduced monthly payment for the participant's life and one-half of that payment for the life of the participant's surviving spouse. However, a participant or a participant's surviving spouse could elect to have a lump sum distribution of benefits, if eligible.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: In accordance with accounting principles generally accepted in the United States of America, the accompanying financial statements have been prepared on the liquidation basis of accounting due to the impending termination of the Plan. As of December 31, 2015, all assets of the Plan were fully liquidated.

Valuation of investments: The fair value of interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses. Investments are reported at fair value. Fair value is the price that would be received when an asset is sold or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 6 for a description of fair value measurements under Accounting Standards Codification ("ASC") 820.) Investment income (loss) and realized and unrealized gains or losses are reported as a single amount as plan interest in investment gain (loss) of the Master Trust. (See Note 7 for information about the Master Trust.)

The Master Trust records purchases and sales of securities on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as those held during the year.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it was reasonably possible that changes in the values of investment securities could have occurred in the near term and those such changes could have materially affected the amounts reported in the financial statements.

Plan contributions were made and the actuarial present value of accumulated plan benefits were reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which were subject to change. Due to uncertainties inherent in the estimations and assumptions process, it was at least reasonably possible that changes in these estimates and assumptions in the near term could have been material to the financial statements.

Administrative expenses: The Plan's expenses were paid by either the Plan or USA RS, as provided by the Plan document. Expenses that were paid directly by USA RS are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that were paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets in Liquidation Available for Benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying Statements of Changes in Net Assets in Liquidation Available for Benefits.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Subsequent events: The Plan has evaluated subsequent events through May 2, 2016, the date the financial statements were available to be issued.

3. FUNDING POLICY

All contributions to the Plan were made by USA RS. The amounts of annual contributions by USA RS to the Plan were determined by an actuary and represented the amounts necessary to provide for payment for the benefits specified under the Plan. For 2015 and 2014, the minimum funding requirements of ERISA, as determined by consulting actuaries, were met.

In accordance with the minimum funding requirements of ERISA, USA RS was not required to make any minimum required contributions to the Plan for the 2015 and 2014 Plan years. A contribution of $721,920 was made in November 2015 in order to purchase annuities for those participants that chose not to receive a lump-sum distribution of their pension benefit.

4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The estimated Plan liability for accumulated plan benefits was based on the liquidity basis of accounting and was calculated by the actuary as of January 1, 2015 and 2014. Accumulated plan

benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and, (b) beneficiaries of employees who have died. There are currently no participants actively working at USA Repository Services, LLC. Due to the Plan freeze in 2010 (see Note 1), benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included and are fully attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits of the Plan is as follows:

	January 1, 2015 (in liquidation)	**January 1, 2014** (in liquidation)
Vested benefits:		
Participants and beneficiaries currently receiving benefits	$ 11,895,703	$ 10,800,631
Other participants	11,575,372	10,342,703
Total vested benefits	23,471,075	21,143,334
Nonvested benefits	-	-
Total actuarial present value of accumulated plan benefits	$23,471,075	$21,143,334

The changes in the actuarial present value of the Plan's accumulated plan benefits are as follows:

	January 1, 2015 (in liquidation)	**January 1, 2014** (in liquidation)
Actuarial present value of accumulated plan benefits at beginning of period	$21,143,334	$20,244,512
Increase (decrease) during the period attributable to:		
Actuarial (gains) losses	348,716	(197,865)
Benefits paid	(766,534)	(763,701)
Interest due to the decrease in the discount period	1,048,843	872,557
Change in assumptions	1,696,716	987,831
Net increase	2,327,741	898,822
Actuarial present value of accumulated plan benefits at end of period	$23,471,075	$21,143,334

The actuarial present value of accumulated plan benefits was determined by independent actuaries and reflects actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probable method of payment to be chosen by Plan participants as the result of the termination of the Plan.

Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions could have occurred in the near term had the Plan continued to exist. The assumptions used were deemed to be appropriate based on the facts and circumstances that were present at Plan termination.

The significant actuarial assumptions used in the valuations for 2014 (adjusted for the liquidation basis upon notice of termination) and 2013 are shown below:

2015 Investment return between valuation date and the expected settlement date	- 4.75%
2014 Investment return between valuation date and the expected settlement date	- 5.06%

2015 Interest rates used to calculate cash flows at settlement date	- For deferred participants assumed to take lump sums:
	  - PPA lump sum interest rates in effect as of August 2014: first 5 years 1.24%, next 15 years 3.86%, over 20 years 4.96%
	- For deferred participants assumed to take annuities:
	  - Mercer annuity pricing composite rate as of December 2014: 2.90%
	- For those currently receiving benefits:
	  - Mercer annuity pricing composite rate as of December 2014: 2.60%

2014 Interest rates used to calculate cash flows at settlement date	- For deferred participants assumed to take lump sums:
	  - PPA lump sum interest rates in effect as of December 2013: first 5 years 1.25%, next 15 years 4.57%, over 20 years 5.60%
	- For deferred participants assumed to take annuities:
	  - Mercer annuity pricing composite rate as of December 2013: 4.03%
	- For those currently receiving benefits:
	  - Mercer annuity pricing composite rate as of December 2013: 3.38%

Mortality basis	- Mortality tables used in determining cash flows at the anticipated plan settlement date:
	  - For deferred participants assumed to take lump sums:
	  - 2015 PPA unisex mortality table of minimum present values under 417(e) of the Internal Revenue Code
	  - For deferred participants assumed to take annuities and those currently receiving benefits:

		- RP2000 white-collar combined generational mortality table with projection scale BB
Average retirement age	-	Not applicable; no active participants
Assumed settlement date	-	November 1, 2015

The foregoing actuarial assumptions are based on the presumption that the Plan will be fully liquidated by the end of 2015. The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2015 and 2014. Had the valuations been performed as of December 31, there would be no material difference.

5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated May 15, 2015, that the Plan, as designed pursuant to termination, was in compliance with applicable regulations of the Internal Revenue Code ("IRC"). The Plan has not been amended since receiving the determination letter; therefore, the Plan continues to be tax-exempt, and no provision for federal income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets in Liquidation Available for Benefits.

Financial Accounting Standards Board (FASB) ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs into three broad levels:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust and Plan have the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Level 1: The master trust, in which the Plan's investment assets are held, did not have any Level 1 investments.

Level 2: The Plan's investments, which are held in a master trust, consist of common trust funds. The value of the common trust funds are based on the net asset value (NAV) of the underlying assets.

Level 3: The master trust, in which the Plan is invested, did not have any Level 3 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. INTEREST IN URS GOVERNMENT SERVICES GROUP MASTER TRUST

The Plan's investment assets were held in a trust account at The Bank of New York Mellon ("Trustee") and consisted of an undivided interest in an investment account of the URS Government Services Group Master Trust ("Master Trust"), a master trust established by Westinghouse Government Services Company, LLC and Washington Government Environmental Services Company, LLC, subsidiaries of AECOM, and administered by the Trustee. Use of the Master Trust permits the commingling of trust assets with the assets of three other pension plans sponsored by subsidiaries of a common parent company, AECOM, for investment and administrative purposes. Although assets of the four pension plans were commingled in the Master Trust, the Trustee maintained supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income (loss) of the investment assets was allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans at the time the income (loss) was earned.

The Plan had a 0% and 13% interest in the Master Trust's net assets at December 31, 2015, and 2014. At December 31, 2015 and 2014, the assets of the Master Trust were invested into

common trust funds. The fair value of investments was $152,696,659 and $187,487,772 at December 31, 2015 and 2014, respectively.

The net investment earnings (losses) for the common trust funds of the Master Trust were $(3,510,370) and $17,404,177 for the years ended December 31, 2015, and 2014, respectively.

The following table sets forth by type of investment and level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2014. The table for December 31, 2015, was omitted from these Notes to Financial Statements. As the Plan had a zero interest in the Master Trust at year end, the information for the Master Trust is not relevant to the users of these financial statements.

ASC 820 *Fair Value Measurement and Disclosure: Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* requires disclosures of certain attributes in entities that calculate a NAV per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes at December 31, 2014. The table for December 31, 2015 was omitted because the information is not meaningful to these Notes to Financial Statements as the Plan had zero interest in the Master Trust at the end of the year.

[(a)] Investment funds are stated at fair value based on the quoted market prices of the underlying assets, which represent the NAV of shares held by the Master Trust at year-end.

Changes in fair value levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

8. INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the

Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by the Trustee as of December 31, 2015 and 2014.

The information certified by the Trustee was the annual report and accounting for the year ending December 31, 2015 and 2014, which includes beginning and ending balances of assets, and a detailed listing of the transactions in the various funds, including investment gains (losses).

9. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan had certain investments that were managed by the Trustee. The Plan also invested in certain investments managed by Mercer Trust Company ("Mercer"), and Mercer acted as a trustee for those investments. Transactions in such investments qualified as party-in-interest transactions and were exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for investment management services of the common trust funds were included as a reduction of the return on each fund. Fees paid by the Plan for investment fund services provided to the Master Trust were $41,573 and $69,738 for the years ended December 31, 2015 and 2014, respectively, and reported as a deduction in the Statements of Changes in Net Assets in Liquidation Available for Benefits.

10. PLAN TERMINATION

On May 30, 2014, the Board of Managers of USA RS resolved to terminate the Plan effective September 1, 2014. On July 20, 2015, Plan participants who were not already receiving a pension benefit were given the opportunity to choose whether to take their vested benefit as a lump sum distribution or an annuity option payable by an insurance company instead of from the Plan. The window for electing a lump sum ended on September 30, 2015. If the Plan participant's total Plan benefit was $5,000 or less, their benefit was automatically paid out in a lump sum distribution. Participants or beneficiaries currently receiving a benefit will continue to receive those benefits; however, the benefits will be provided through an annuity contract purchased by the Plan from an insurance carrier, instead of from the Plan.

Prior to the distribution of all the assets of the Plan, certain benefits under the Plan were insured by the Pension Benefit Guaranty Corporation ("PBGC"). Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the form of benefit payment elected by the participant at Plan termination. The ceiling varies depending on the form of benefit payment elected by the participant at the time of termination.

Once the Plan distributes a participant's full benefit in the form of an annuity purchased from an insurance company or a lump sum payment, the guarantee provided by the PBGC ends. The participant's annuity becomes the obligation of the insurance company.
