The Trustees of
Tri-Ed Distribution 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Tri-Ed Distribution 401(k) Plan (the “Plan”), which comprise the statement of net assets available for benefits as of July 31, 2015, and the related statement of changes in net assets available for benefits for the seven months then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the 2015 financial statements.

We have been informed by the plan administrator that American Funds Service Company, as affiliate of the Capital Bank and Trust Company, holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the seven months ended July 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements.

Other Matter – 2014 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. The report, dated October 7, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Tri-Ed Distribution 401(k) Plan

Notes to Financial Statements

Seven Month Period Ended July 31, 2015

1. Description of the Plan

The following description of the Tri-Ed Distribution 401(k) Plan (the “Plan”) provides general information about the Plan’s provisions. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan which was established June 1, 2005, under Internal Revenue Code Section 401(k) that covers all eligible employees of Tri-Ed Distribution, Inc. (“Employer” or “Company”) that have completed three months of service and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On July 1, 2015, Anixter International, Inc., the parent company of the Plan Sponsor, elected to merge the Tri-Ed Distribution 401(k) Plan with the Anixter Inc. Employee Savings Plan effective July 1, 2015. On July 31, 2015, the account balances for all plan participants, including all assets and liabilities of this plan, were merged into the Anixter Inc. Employee Savings Plan.

Contributions

The Plan is funded by participant and employer contributions. Eligible employees may elect to make contributions up to 75% of eligible compensation up to the maximum allowable under the Internal Revenue Code. The Employer shall contribute to each eligible participant’s account an amount equal to 50% of the participant’s elective deferrals up to a maximum of 6% of compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and the Company’s matching contributions and allocations of Plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant’s share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant’s account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Tri-Ed Distribution 401(k) Plan

Notes to Financial Statements

Seven Month Period Ended July 31, 2015

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions plus any earnings thereon. Employees hired prior to January 1, 2011 do not require any minimum amount of time with the Company in order to receive Tri-Ed's company match. Employees hired on or after January 1, 2011 are subject to a three year vesting requirement in order to receive 100% of the Company's matching contributions.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five year period, the forfeited contributions are reinstated. Forfeited balances of a terminated participant's non-vested accounts are used, first, to restore the participant's forfeitures, second, to offset Plan expenses, and third, to reduce the Employer's matching contributions. Unallocated forfeitures were \$0 and \$22,918 as of July 31, 2015 and December 31, 2014.

Notes Receivable from Participants

Pursuant to the Plan agreement, the Plan makes loans, in increments of \$1,000, up to a maximum of 50% of the participant's account balance or \$50,000, whichever is less. The terms of the loans range from 1 to 5 years, unless the loan proceeds is used for the purchase of the participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application to the Plan administrator. Outstanding loans have interest rates of 4.25%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service, a participant receives a lump-sum distribution in the amount of the participant's vested account balance. Benefits will be distributed upon death, disability or retirement of the participant. Participants may withdraw all or part of their elective deferrals upon reaching age 59 ½ years.

Tri-Ed Distribution 401(k) Plan

Notes to Financial Statements

Seven Month Period Ended July 31, 2015

1. Description of the Plan (continued)

In-service withdrawals are available in the following circumstances, as defined by the Plan; to purchase a principal residence, to pay tuition or related post secondary education expenses, to pay medical care expenses, to prevent eviction from or foreclosure on a principal residence, to pay for burial or funeral expense or to pay expenses to repair damage to a principal residence. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined in the preceding instances. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer without charge to the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 31, 2015 or December 31, 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Tri-Ed Distribution 401(k) Plan

Notes to Financial Statements

Seven Month Period Ended July 31, 2015

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investment fund options are maintained by American Funds Services Company, an affiliate of Capital Bank and Trust, the trustee of the Plan. The Plan's investments are stated at fair value (see Note 5). Quoted market prices are used to value investments in registered investment companies. Net depreciation in fair value of investments includes unrealized and realized gains or losses. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Recently Issued and Adopted Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. Under the standard, investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient will no longer be categorized in the fair value hierarchy.

Tri-Ed Distribution 401(k) Plan

Notes to Financial Statements

Seven Month Period Ended July 31, 2015

2. Summary of Significant Accounting Policies (continued)

It is effective for fiscal years and interim periods beginning after December 15, 2015, but early adoption is permitted.

The Company adopted this standard for these financial statements, effective July 31, 2015. As this guidance provides only disclosure requirements, the adoption of this standard did not impact the Plan's financial results.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965)*. Part II of the ASU "*Plan Investment Disclosures*" updates the guidance on disclosure requirements related to net appreciation or depreciation for investments by general type. The net appreciation or depreciation in investments for the period still will be required to be presented in aggregate, but will no longer be required to be disaggregated and disclosed by general type. Additionally, when disaggregation is required for other information, the amendments in the ASU will only require investments to be grouped by general type; eliminating the need to disaggregate the investments in multiple ways. The guidance is effective for financial statements issued for fiscal years beginning after December 15, 2015. Early adoption is permitted. The Company adopted this standard for these financial statements, effective July 31, 2015. As this guidance provides only disclosure requirements, the adoption of this standard did not impact the Plan's financial results.

No other recently issued, but not yet effective, accounting pronouncements, if adopted, would have a material impact on our consolidated financial statements or disclosures.

3. Tax Status

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated March 21, 2005, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2015, there are no uncertain positions taken or expected to be taken.

3. Tax Status (continued)

The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

4. Investment Fund Information

American Funds Services Company, as affiliate of Capital Bank and Trust Company, the trustee of the Plan, holds the Plan's investment assets and executes transactions thereon. Financial information relating to those assets is included in the accompanying financial statements based on information provided by the trustee. That information consists of all of the Plan's assets as of July 31, 2015 and December 31, 2014 and investment-related income for the seven month period ended July 31, 2015. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Upon enrollment in the Plan, a participant may direct contributions to their accounts among several fund investments. The investing objectives of each fund have been made available to the participants.

The following table identifies investments which represent 5% or more of the net assets available for benefits as of July 31, 2015 and December 31, 2014:

5. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). FASB Accounting Standards Codification (ASC) 820, Fair Value Measurement, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds valued at the net asset value (NAV) of shares, which are actively traded on exchanges, held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the assets at fair value as of July 31, 2015 and December 31, 2014:

Assets at fair value at July 31, 2015:

Description	Total	Level 1	Level 2	Level 3
