INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Oshkosh Corporation Hourly Employees' Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Oshkosh Corporation Hourly Employees' Retirement Plan (the "Plan") which comprise the statements of net assets available for benefits as of July 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee, as of July 31, 2015 and 2014 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

To the Plan Administrator and Participants
Oshkosh Corporation Hourly Employees' Retirement Plan

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - Plan Description

The following brief description of the Oshkosh Corporation Hourly Employees' Retirement Plan ("Plan") provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined benefit plan, which includes all hourly employees of Oshkosh Corporation (the "Company") in the bargaining unit represented by Local 578, United Auto Workers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Employees become automatically enrolled in the Plan as of their date of hire. Per an amendment dated September 29, 2013, employees hired after October 1, 2016 will no longer be eligible for the Plan.

Contributions

The Company's funding policy is to make contributions to the Plan generally based on amounts required to be funded under provisions of ERISA. No voluntary employee contributions are permitted. The Plan was in compliance with these minimum funding requirements for the plan years ended July 31, 2015 and 2014.

Vesting

Employees earn one year of vesting service for each plan year that they provide at least 1,000 hours of service. If an employee transfers to an affiliate of the Company, the employee continues to earn benefit and vesting service under the Plan for his or her employment with that affiliate. Participants vest in their accrued benefits if they reach the age of 65 while employed with the Company or according to the following schedule:

Years of Vesting Service	Vested Percentage
Less than five	0%
Five or more	100%

Retirement Benefits

Normal retirement is age 65. Employee participants may elect early retirement between the ages of 60 and 65 with a minimum of 15 years of service. Benefits are received at normal retirement age or, if elected, at early retirement. Benefits are determined based upon years of service and the benefit dollar multiplier. A vested participant who terminates for any reason other than retirement, disability, or death is entitled to the monthly vested termination benefits beginning on the participant's normal retirement date in the amount of his or her accrued benefit or early retirement date, in which case benefits will be reduced by multiplying the accrued benefit by the appropriate early retirement factor set forth by the Plan. Participants may elect to receive their distributions, subject to certain Plan provisions, in the following forms, which include a single life method, a joint and 50% surviving spouse method, a five-year or ten-year certain and life method, a survivor benefit method, and a lump-sum payment. A participant may elect to receive a lump-sum payment when the distribution amount is less than $10,000 but more than $1,000. If the participant's accrued benefit is less than $1,000, the participant is paid a lump sum.

NOTE 1 - Plan Description (cont.)

Administrative Expenses

Substantially all administrative expenses are paid by the Plan. These expenses include Pension Benefit Guaranty Corporation ("PBGC") premiums, investment management fees, and trustee fees.

Termination of Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Accounting Estimates

The preparation of these financial statements requires the use of certain estimates by Plan management in determining the Plan's assets, liabilities, and changes therein, and the actuarial present value of accumulated benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Valuation of Investments

The Plan's primary investment is its interest in the Oshkosh Corporation Employees' Retirement Trust (the "Master Trust"). The Master Trust is a multiple-plan trust, ownership of which is divided among individual plans sponsored by the Company and its subsidiaries based on allocated units of participation. Each participation unit has a value equal to the total fair value of the Master Trust's net assets divided by the total participation units outstanding. The Master Trust net assets and net gain or loss is allocated to the individual plans based on units of participation.

The Plan's investment in the Master Trust is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust. Fair value of investments in common stocks, preferred stocks, municipal bonds, corporate bonds and notes, mutual funds, and money market funds are determined by quoted market prices on the last business day of the Plan year. Fair value of investments in government and agency bonds are determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Security transactions are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties

The Master Trust invests in common and preferred stocks, bonds, money market funds, mutual funds, and a venture capital closely held limited partnership. Investment securities are exposed to various risks, including, but not limited to, interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts recorded in the financial statements.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Retirement Benefits

The Plan includes scheduled and bargained for increases in the benefit dollar multipliers. The Plan's actuarial present value of accumulated benefits includes such increases in the first actuarial valuation after the benefits are effective.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of the accounting standards update requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5% or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation (depreciation) in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. Management is currently evaluating the impact of the pending adoption of ASU 2015-12 on the Plan's financial statements.

NOTE 3 - Information Certified by the Trustee (Unaudited)

The assets of the Plan are commingled and are not segregated in the accounts of the Master Trust. Although assets of the Plan are commingled in the Master Trust, the trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income or loss of the investment assets is allocated by the trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

The following is a summary of the unaudited information regarding the Master Trust as of and for the years ended July 31, 2015 and 2014, included in the Plan's financial statements, that was prepared by or derived from information prepared by Wells Fargo Bank, N.A., the trustee of the Master Trust and the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

NOTE 4 - Fair Value Measurement

The FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e. exit price) in an orderly transaction between market participants at the measurement date. ASC Topic 820 requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the assumptions (i.e. inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 — Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 — Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets

Level 3 — Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management is responsible for the determination of fair value. Accordingly, Plan management performs periodic analysis on prices received from the pricing services to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, Plan management has not historically adjusted the prices obtained from the pricing services.

The following is a description of the valuation methodologies used to measure the Master Trust's assets at fair value. There have been no changes in the methodologies used at July 31, 2015 and 2014.

Common Stocks, Preferred Stocks, Municipal Bonds, Money Market Funds, Mutual Funds and Corporate Bonds and Notes: Valued at fair value based on quoted market prices on the last business day of the Plan year.

NOTE 4 - Fair Value Measurement (cont.)

Government and Agency Bonds: Valued at fair value based on discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Venture Capital Closely Held Limited Partnership: These investments finance new and rapidly growing companies and do not have readily determinable market values given the specific investment structures involved and the nature of the underlying investments. Valuation is determined by various sources such as issuer, investment manager, etc.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of July 31, 2015, the fair values of the Master Trust's investments are as follows:

	Level 1	Level 2	Level 3	Total
Investments				
Common stocks	$ 105,417,375	$ 7,395,331	$ -	$ 112,812,706
Preferred stocks	-	-	1	1

Total Investments - At Fair Value	$ 230,501,557	$ 75,034,339	$ 26,296	$ 305,562,192

NOTE 4 - Fair Value Measurement (cont.)

As of July 31, 2014, the fair values of the Master Trust's investments are as follows:

	Level 1	Level 2	Level 3	Total
Investments				
Common stocks	$ 193,234,832	$ 14,909,178	$ -	$ 208,144,010

Total Investments - At Fair Value	$ 215,267,965	$ 89,351,451	$ 70,160	$ 304,689,576

The change in the fair value of the Master Trust's Level 3 investment assets for the years ended July 31, 2015 and 2014 was not significant.

NOTE 5 - Actuarial Present Value of Accumulated Benefits

Accumulated plan benefits represent the estimated future periodic payments, including lump-sum distributions, under the Plan's provisions that are attributable to services rendered by the employees through the valuation date. Accumulated plan benefits include benefits expected to be paid to the following: (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on the employees' number of years of qualified service multiplied by a benefit multiplier. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary, Aon Hewitt, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

NOTE 5 - Actuarial Present Value of Accumulated Benefits (cont.)

The Plan elected to adopt new retirement plan ("RP") 2014 mortality tables, replacing the RP-2000 mortality tables used in prior periods, for purposes of the determination of the actuarial present value of accumulated benefit and changes in accumulated plan benefits for the year ended August 1, 2014. The RP-2014 mortality tables were finalized by the Society of Actuaries in October 2014 and are expected to improve the accuracy of the actuarial estimates for defined benefit plans. In October 2015, the Society of Actuaries released an updated set of mortality improvement assumptions, Mortality Improvement Scale MP-2015 ("MP-2015"), which the plan has adopted. The RP-2014, as adjusted for the MP-2015, mortality tables were considered in the actuarial present value of the accumulated plan benefits of the Plan as of August 1, 2014. The impact of using the updated mortality table's is reflected in the summary of changes in the present value of the accumulated plan benefits of the Plan for the year ended August 1, 2014 as a change in the actuarial assumptions which amounted to a $4,946,761 increase.

Significant actuarial assumptions used in the valuation as of August 1, 2014, are as follows:

- Mortality basis - RP-2014 fully generational mortality table for annuitants and non-annuitants projected forward using MP-2015
- Actuarial cost method - Standard unit credit cost method
- Retirement age - Graduated rates between age 60 and age 69
- Interest rate used in accrued benefit calculations – 4.55% (5.10% as of August 1, 2013)

The foregoing assumptions are based on the assumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

As a result of significant decline in military vehicle production, the Company executed a reduction in force within its Defense segment during the plan years ended July 31, 2015 and 2014. The impact of these events was a $0.9 million and $1.6 million reduction in the actuarial present value of accumulated plan benefits for the plan years ended July 31, 2015 and 2014, respectively.

NOTE 5 - Actuarial Present Value of Accumulated Benefits (cont.)

The actuarial present value of accumulated plan benefits and changes in accumulated plan benefits, as of and for the year ended August 1, 2014, are as follows:

Vested benefits	
Participants and beneficiaries currently receiving benefits	$ 34,825,558
Other participants	69,332,068
Total Vested Benefits	104,157,626
Nonvested benefits	268,585
Actuarial Present Value of Accumulated Plan Benefits	$ 104,426,211
Actuarial Present Value of Accumulated Benefits, at the Beginning of Year	$ 84,321,538
Increase (decrease) during the year attributable to	
Benefits accumulated	4,309,574
Change in actuarial assumptions	12,691,781
Plan amendments	1,510,289
Benefits paid	(2,640,865)
Interest	4,233,894
Net Increase	20,104,673
Actuarial Present Value of Accumulated Benefits, at the End of Year	$ 104,426,211

The effect of past Plan amendments on accumulated plan benefits is recognized during the year in which such amendment provisions become effective. Effective October 1, 2013, the Plan increased the minimum benefit rate from $31.00 to $32.00. Effective October 1, 2014, the Plan increased the minimum benefit rate from $32.00 to $33.00.

As part of the Company's agreement with the Local 578 United Auto Workers Bargaining Unit Employees, the minimum normal benefit multiplier per year of credited service was agreed to be changed as follows: $34.00 effective October 1, 2015; $35.00 effective October 1, 2016; $36.00 effective October 1, 2017; $37.00 effective October 1, 2018; $38.00 effective October 1, 2019; $39.00 effective October 1, 2020. A retiring participant's benefit will, in part, be based on the benefit multiplier in effect at the time of retirement. The Plan's actuarial present value of accumulated benefits includes such increases in the first actuarial valuation after the benefits are effective.

NOTE 6 - Exempt Party-In-Interest Transactions

Certain Plan investments are managed by Wells Fargo Bank, N.A., the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid Wells Fargo Bank, N.A. $42,438 and $16,736 for trustee fees for the years ended July 31, 2015 and 2014, respectively.

NOTE 7 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 15, 2012, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2015 and 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for tax returns filed in years prior to 2012.

NOTE 8 - Subsequent Events

Management of the Plan has evaluated subsequent events through May 11, 2016, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

Schedule SB, Part V—Summary of Plan Provisions

Effective Date

The plan was established effective August 1, 1962.

Covered Employees

All employees covered by a plan maintained pursuant to a collective bargaining agreement between employee representatives and one or more employers as represented by Local 578, United Auto Workers, AFL-CIO. There is no age or service requirement.

Normal Retirement

Eligibility

An employee is eligible for normal retirement benefits after attainment of age 65.

Benefit

A monthly benefit equal to an employee's number of years of benefit accrual service is not in excess of 45, multiplied by $33.00 effective October 1, 2014.

Effective Date	Benefit Rate
10/01/2011	$30.00
10/01/2012	$31.00
10/01/2013	$32.00
10/01/2014	$33.00
10/01/2015	$34.00
10/01/2016	$35.00
10/01/2017	$36.00
10/01/2018	$37.00
10/01/2019	$38.00
10/01/2020	$39.00

Early Retirement

Eligibility

An employee is eligible for early retirement upon attainment of age 60 or after 15 years of benefit accrual service, whichever is later.

Benefit

A monthly benefit equal to the vested accrued retirement benefit multiplied by the applicable reduction percentage from the following table (interpolated for fractional years):

Years by Which Early Retirement Precedes Normal Retirement	Portion of Retirement Benefit Payable
5	69%
4	74%
3	80%
2	86%
1	93%
0	100%

Late Retirement

Eligibility

An employee may retire after age 65, but not beyond age 70 except with the consent of the employer.

Benefit

A monthly benefit calculated in the same manner as the normal retirement benefit, with service continuing to accrue until the employee's actual retirement date. Retirement benefits may be paid after age 65 but before the employee's actual date of retirement only with consent of the Plan Administrator.

Disability Retirement

Eligibility

An employee is eligible for disability retirement if, after one year or more, the employee is unable to perform his employment duties.

Benefit

The monthly benefit commencing upon the participant's normal retirement date and continuing thereafter during his lifetime is equal to 100% of his accrued normal retirement benefit at the time disability occurs.

Vesting

Eligibility

An employee is entitled to a vested benefit if he terminates after five or more years of vesting service.

Benefit	The monthly benefit commencing upon the participant's normal retirement date or early retirement date is equal to the employee's accrued benefit based on years of benefit service to the date of termination, where accrued benefit means the portion of the normal retirement benefit which is payable at normal or early retirement.
Preretirement Surviving Spouse's Benefit	
Eligibility	The surviving spouse is entitled to a benefit if the participant was vested prior to death and had been married for the one-year period immediately preceding death.
Benefit	The benefit is equal to 50% of the amount of the actuarially equivalent joint and survivor annuity which would have been payable as of the participant's early retirement age. The spouse's benefit will begin on the date the participant would have reached his early retirement age.
Normal Form of Payment	Life annuity
Automatic Form of Payment	For married employees, unless the employee elects otherwise, the benefit at retirement is automatically converted to a 50% joint and survivor annuity which will be the actuarial equivalent of the normal annuity form.
Optional Forms of Payment	Optional forms provided are: 5-year certain and life, 10-year certain and life, 66⅔%, 75% and 100% joint and survivor annuity, and a survivor benefit option as specified in the plan.
Source of Contribution	The company pays the entire contribution.
Hours of Service	For purposes of this plan, hours of service will be determined on the basis of actual hours for which an employee is paid or entitled to payment.
Year of Vesting Service	For purposes of vesting, 1,000 hours of service in any 12 consecutive month period corresponding to the plan year will constitute a vesting year of service.

Year of Benefit Accrual Service	**For years after August 1, 1976:** Any plan year in which the employee has completed at least 1,000 hours of service will constitute a year of benefit accrual service. **For years beginning on or prior to August 1, 1976, but after July 31, 1973:** Any plan year in which the employee has completed at least 1,800 hours of service will constitute a year of benefit accrual service. **For years beginning prior to August 1, 1973:** Period of service credited from most recent date of employment to August 1, 1973.
Actuarial Equivalence	
Small-Amount Cashouts	Section 417(e)(3) “applicable mortality table” and the “applicable interest rate”.
Annuity Payment Forms	6.00% interest and the RP-2000 Combined Healthy mortality table, projected to 2028, weighted 85% male.

Plan Changes Since the Prior Year

The funding valuation reflects the following plan change:

- A change in the benefit multiplier from $32 to $33 as of October 1, 2014.

Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of $210,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2012 Plan Year	6.25%

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption change:

- A change in the retirement rates to better reflect anticipated future experience.

The rationale for the assumption change summarized above is to best reflect future anticipated plan experience.

This assumption change did not reduce the funding shortfall; as such, approval of the Commissioner is not required.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
