TWIN OAKS DEVELOPMENT, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014 AND DECEMBER 31, 2013

(1) **Description of the Plan:**

The following description of Twin Oaks Development, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution prototype plan and trust covering substantially all employees of Twin Oaks Juvenile Development, Inc. (the Company). The Company sponsors a single-employer plan. Participants who have attained the age of 21 and have completed at least six months of service are eligible for salary deferral contributions. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As further described in note 5 to the financial statements, the plan was terminated and liquidated during the period ended September 30, 2014.

(b) **Contributions**—Each year, participants may contribute up to 90% of pretax and post-tax annual compensation including bonuses, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Company may contribute matching contributions to the Plan. For the period ended September 30, 2014, the Company elected to make matching contributions of the participant's elective deferral contributions to the Plan. The matching contribution equals 25% on the first 6% of the Participant's compensation. Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Contributions are subject to certain limitations.

(c) **Participant accounts**—Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The Company currently offers 25 mutual funds and four common/collective trust funds as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Vesting**—Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's matching portion of their accounts based on years of service. A participant is fully vested after two years of credited service. Participants become immediately 100% vested in the Company's contribution portion of their accounts upon death or disability.

(e) **Notes receivable from participants**—Participants may borrow from their account a minimum of \$500 up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of their highest outstanding loan balance from the Plan during the one-year period ending on the day before the date of the new loan over their current outstanding loan balance as of the date of the new loan, or 50% of their vested account balances. The loans are secured by the balances in the participant's account and bear interest rates ranging from 3.25% to 8.25% with a term not to exceed five years, unless permitted otherwise by the plan administrator. Principal and interest is paid ratably through payroll deductions.

SEPTEMBER 30, 2014 AND DECEMBER 31, 2013

(1) **Description of the Plan:** (Continued)

(f) **Payment of benefits**—Upon termination of service, retirement, disability or death, participants may receive a distribution equal to their vested account balance. Distributions may be paid in the form of a lump-sum payment. The participant's contributions may also be withdrawn for certain hardship situations.

(g) **Forfeited accounts**—At September 30, 2014 and December 31, 2013, there were no forfeited non-vested accounts.

(h) **Administrative expenses**—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain operating expenses of the Plan, such as audit fees, are paid by the Company. Plan administration and investment management fees reduce the participants' account balances. Expenses relating to specific participant transactions (i.e.: loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Investment related expenses are included in net appreciation of fair value of investments.

(2) **Summary of Significant Accounting Policies:**

(a) **Basis of accounting**—The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

(b) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when paid. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) **Notes receivable from participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(d) **Payment of benefits**—Benefits are recorded when paid.

(e) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(f) **Subsequent events**—The plan has evaluated events and transactions for potential recognition of disclosure in the financial statements through May 11, 2016, the date the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

(3) Information Certified by the Custodian:

All investment information disclosed in the accompanying financial statements and schedules, including investments held at September 30, 2014 and December 31, 2013, and the net appreciation in fair value of investments and interest and dividend income for the period ended September 30, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Global Services, the custodian of the Plan.

(4) Investments and Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2014 and December 31, 2013.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

(4) **Investments and Fair Value Measurements:** (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan has no assets for which fair value is determined as of September 30, 2014.

The following table summarizes the assets and liabilities of the Plan for which fair values are determined on a recurring basis as of December 31, 2013:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds:				
Income	\$ 32,652	\$ -	\$ -	\$ 32,652

Total assets at fair value	<u>\$ 1,829,023</u>	<u>\$ 449,475</u>	<u>\$ -</u>	<u>\$ 2,278,498</u>

The Plan has no investments at September 30, 2014. The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2013:

Invesco Stable Asset	\$ 267,387
T RowePrice Retirement 2020 Fd – R	356,074
T RowePrice Retirement 2025 Fd – R	276,234

AllianceBernstein Sm Cp Grth Port A	133,082
Putnam Dynamic Asset Alloc Balanced Fd A	158,823
Putnam Dynamic Asset Alloc Growth A	191,427

Investment earnings for amounts held in mutual funds and common/collective trusts reflect a combination of interest income, dividend income, realized gains and losses and unrealized gains and losses depending on the composition of the underlying investments. Contributions made by the Company shall be applied or invested in accordance with participant directed allocations. The Plan's investments in mutual funds and common/collective (including investments bought, sold and held during the year) appreciated in fair value by \$71,953 during the period ended September 30, 2014.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014 AND DECEMBER 31, 2013

(5) Plan Termination:

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

The Company's Board of Directors voted to terminate the Plan. All assets and liabilities of the Plan were transferred to another 401(k) Plan on September 30, 2014. Final distributions were determined based on all participants being 100% vested in their account balances. In accordance with generally accepted accounting principles, the Plan has changed its basis of accounting used to value plan assets from the ongoing plan basis to the liquidation basis at September 30, 2014.

Effective August 15, 2014, the Plan Sponsor elected to adopt a new plan offered by Landrum Professional Employer Services entitled the Landrum Professional Employer Services Retirement Savings Plan and its related trust with the migration of assets beginning on September 30, 2014. Landrum Professional Services is the plan administrator and Slavic is the plan record keeper and investment advisor.

(6) Income Tax Status:

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions for the most recent three years, however, there are no audits for any tax periods in progress.

(7) Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Parties-in-Interest:

Plan investments are managed by State Street Global Services, custodian of the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. Automatic Data Processing provides third party administrative services to the Plan. Fees incurred by the Plan for third party administrative services are included in administrative expenses.
