## NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Steuben Foods, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a 401(k) defined contribution plan, which was established by Steuben Foods, Inc. and became effective on September 1, 1986. Worcester Creameries Corp., Steuben Sales, Inc., Elmhurst Dairy, Inc. and Dora's Naturals, Inc., affiliates of Steuben Foods, Inc., have also adopted the Plan. Steuben Foods, Inc., Worcester Creameries Corp., Steuben Sales, Inc., Elmhurst Dairy, Inc. and Dora's Naturals, Inc. are referred to as "the Company" in the financial statements. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan trustees.

Employees of the Company, who are not covered by a collective bargaining agreement, are eligible to participate in the Plan, subject to a length of service requirement. The Plan covers employees of the Company who have completed 3 months of service and have attained age 18.

Effective August 1, 2013 the Plan was amended and restated as a result of the plan merger effective August 31, 2013.

**Plan Merger:** Effective August 31, 2013, the Steuben Foods, Inc. Retirement Plan (the Retirement Plan) was merged into the Steuben Foods, Inc. Savings Plan, in compliance with ERISA Regulations. As a result, net assets of $3,431,526 were transferred into of the Plan on October 2, 2013. The merger does not impact participant benefits as the benefit provisions from the Retirement Plan were incorporated into the Plan. Each participant in the Plan as merged will have an account balance equal to the sum of the account balance the participant had in the Plan and the Retirement Plan immediately prior to the merger.

**Contributions:** Each year, participants may contribute an elective deferred contribution not to exceed the limits imposed by the Internal Revenue Code. All eligible employees are automatically enrolled in the Plan and have elective deferrals withheld in the amount of 3% of compensation unless they elect otherwise. The Company will make a matching contribution equal to 30% of the first 5% of base compensation that a participant contributes to the Plan.

The Plan allows the Company to make a discretionary profit sharing contribution. To be eligible for the discretionary contribution the participant shall have completed one year of service, attained age 21, and must be employed on the last day of the Plan year. The discretionary profit sharing contribution will be allocated among participants eligible to share in the contribution for the Plan year. The Company may contribute a different amount on behalf of each group, as defined in the Plan. The amount contributed on behalf of the participant will be allocated using an "age weighting" approach. Effective August 1, 2013 the Company may contribute a different amount on behalf of each participant of the Plan. The Company's discretionary profit sharing contribution included in employer contributions receivable on the statements of net assets available for benefits amounted to approximately $670,000, net of $27,000 in forfeitures subsequently applied, for the year ended July 31, 2015 ($661,000, net of $39,000 in forfeitures - 2014).

Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions as of January 1, of that calendar year. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct their contributions and contributions made on their behalf into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis. Contributions are subject to certain limitations.

**Participant Accounts:** Each participant's account is credited with the participant's contribution, and Company matching contribution, as well as allocations of the Company discretionary profit sharing contribution and Plan earnings. Investments of participant accounts are participant-directed. Earnings on the investments held in each account are credited to that account, and accounts are charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

**Vesting:** Participants are immediately vested in their contributions and in the Company's matching contributions, plus actual earnings thereon net of any allocation of administrative expenses. Employees eligible to receive a discretionary profit sharing contribution are 100% vested after three years of service for participants who entered the Plan before August 1, 2013. For those participants who entered the Plan on or after August 1, 2013, discretionary profit sharing contributions are 20% vested after two years, 40% after 3 years, 60% after 4 years, 80% after 5 years, and 100% after 6 years of service.

**Notes Receivable from Participants:** Participants may borrow from their fund accounts the lesser of $50,000 or 50 percent of their non-forfeitable account balance. Terms of the notes range from one to five years or in excess of five years for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account and bear interest at a rate commensurate with similar loans from commercial lending institutions. Principal and interest are paid in equal installments over the term of the receivable through payroll deductions.

**Payment of benefits:** On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or one of several other options offered by the Plan, subject to the amount of the participant's vested interest in his or her account. On termination of employment for other reasons, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, leave the account under the Plan until death, disability or retirement, or one of several other options offered by the Plan, subject to the amount of the participant's vested interest in his or her account.

**Forfeited accounts:** At July 31, 2015 forfeited non-vested accounts totaled $28,105 ($26,433 - 2014). These accounts can be used to reduce future employer contributions to the Plan or to pay Plan. During the year ended July 31, 2015 there were $43,000 forfeitures used to reduce employer contributions. During the year ended July 31, 2014, approximately $8,000 was used to reduce employer contributions.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting:** The Plan prepares its financial statements on the accrual basis of accounting and presents the fair value of net assets available for benefits and changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts owned by certain common/collective trusts. The Statements of Net Assets Available for Benefits presents the fair value of the common/collective trusts as well as the adjustment from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis for fully benefit-responsive investment contracts.

**Use of Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Investment Valuation and Income Recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants:** Notes receivable from participants are measured at their unpaid principal balance plus an accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

**Payments of Benefits:** Benefits are recorded when paid.

**Administrative Expenses:** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net realized gains on investment transactions.

**Recent Accounting Pronouncement:** In July 2015, the FASB issued ASU No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965." Part I of this ASU eliminates the requirement to measure, present and disclose fully benefit-responsive investment contracts at fair value. Part II of this ASU eliminates the current GAAP requirements for plans to disclose individual investments that represent 5 percent or more of net assets available for benefits, and the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. It also allows investments to be disaggregated by general type and eliminates the requirement to disaggregate investments by class. Further, significant investment strategies for an investment in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity when the plan measures that investment using the NAV practical expedient are no longer required. The provisions of this ASU are effective for financial statements issued for fiscal years beginning after December 15, 2015. Both Part I and Part II is to be applied retrospectively and early adoption is permitted. The Company has not elected to adopt Part I of this ASU for the year ended July 31, 2015. The Company has elected to adopt Part II of this ASU for the year ended July 31, 2015. Other than the elimination of the above noted disclosures, the early adoption of Part II of the ASU does not have a material impact on the financial statements.

In May 2015, the FASB issued ASU No. 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (Or its Equivalent)." This ASU removes the requirement to make certain disclosures as well as categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per practical expedient. The amendments in ASU 2015-07 are effective for non-public entities for interim and annual periods beginning after December 15, 2016. The amendment is required to be applied retrospectively and early adoption is permitted. Other than requiring a change to the disclosures, the adoption of this standard is not expected to have a material impact on the financial statements.

**Reclassification:** Certain balances on the statements of changes net assets available for benefits and footnotes have been reclassified to conform to the current year presentation.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Subsequent Event:** These financial statements have not been updated for subsequent events occurring after May 13, 2016, which is the date these financial statements were available to be issued.

## NOTE 3. FINANCIAL CERTIFICATION

(Wells Fargo), the trustee, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements and supplemental schedule is based solely on their certification and has not been audited by independent accountants.

## NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)**

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2015 and 2014.

**Shares of registered investment companies:** Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish daily net asset value (NAV) and to transact at that price.

**Common/Collective trusts:** Valued at fair value determined using the market price of the underlying securities and the value of the investment contracts. The Plan's interest in this fund is based on information reported by the trustee using the audited financial statements of the trust at year end. The investments are measured at fair value based on NAV per share.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2015 and 2014:

| | Assets at Fair Value as of July 31, 2015 | | |

## NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments in common/collective trusts are managed by Wells Fargo Bank. Wells Fargo is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in appreciation on investments, as they are paid through revenue sharing, rather than direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations. Fees paid by the Plan amounted to $215,020 for the year ended July 31, 2015 ($219,506 - 2014). Net appreciation on these investments (including gains on investments bought and sold, as well as held during the year) amounted to $1,063,179 for the year ended July 31, 2015 ($1,321,095 - 2014). Interest income from notes receivable from participants amounted to $50,554 for the year ended July 31, 2015 ($51,249 - 2014). The Plan sponsor pays directly any other fees related to the Plan's operations.

## NOTE 6. PLAN TERMINATION

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

## NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

## NOTE 8. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan, as then designed, was designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the latest determination letter. The Plan's administrator and tax counsel believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
