Rockport Administrative Services, LLC 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of Rockport Administrative Services, LLC 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was adopted effective January 1, 2011 by Rockport Administrative Services, LLC ("Company") for the benefit of the Company's employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan limited to the maximum amount allowed by law for the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans. The Company may make matching contributions and discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited services, or after reaching normal retirement age, as specified by the Plan agreement.

Rockport Administrative Services, LLC 401(k) Plan

Notes to Financial Statements

1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range up to five years, or longer for a purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants may elect to receive the vested interest of their accounts in the form of a single sum of cash payment, installments, or a direct rollover to an individual retirement account or another employer plan. Hardship withdrawals are also available.

Plan Administration

The Plan is administered by the Company. The plan administrator controls and manages the operation and administration of the Plan. Until April 25, 2013, Nationwide Trust Company FSB ("Nationwide") was the Plan custodian. On April 26, 2013, John Hancock Life Insurance Company (U.S.A.) ("John Hancock") became the custodian of the Plan.

Eligibility

The Plan covers substantially all full-time employees of the Company who have completed three months of service and are age twenty-one or older.

Investments Options

Participants may direct both employer and employee contributions to be invested amongst various investment options as made available and determined by the plan administrator which are more fully described in the plan literature.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through February 9, 2016, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2014 and 2013 no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company (see Note 5).

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the fair value of the assets at the beginning of the Plan year, or at the time of purchase during the Plan year, and the related fair value on the day investment are sold with respect to realized appreciation (depreciation), or on the last day of the year with respect to unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. This new accounting guidance under the Accounting Standards Codification 820, *Fair Value Measurement*, requires that investments for which fair value is measured at net asset value (or its equivalent) using the practical expedient should not be categorized in the fair value hierarchy. Adoption is retrospective and earlier application is permitted. The adoption of this standard is not expected to significantly impact the Plan's financial statements.

Rockport Administrative Services, LLC 401(k) Plan

Notes to Financial Statements

3. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of separate accounts is based on quoted net asset values ("NAV") of the underlying mutual funds held by the Plan at year-end.

All separate accounts can be redeemed at NAV as of the measurement date. As of December 31, 2014 and 2013 there were no unfunded commitments related to separate accounts.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

Notes to Financial Statements

- 4. Investments** The following table presents the fair value of investments that represent 5% or more of the Plan's net assets:

<i>As of December 31,</i>	2014	2013
Retirement Choice at 2020	\$ 110,850	\$ 65,161
Retirement Choice at 2025	42,238	*
Retirement Choice at 2035	323,069	241,756
American Funds New Perspective Fund	43,560	*
Retirement Choice at 2050	*	25,909

**Represents less than five percent of the Plan's net assets for the period indicated*

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$34,201. All appreciation is attributed to separate accounts.

- 5. Related Party Transactions** Certain Plan investments are interests in separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to John Hancock amounted to \$3,088 for the year ended December 31, 2014.

Indirect compensation to John Hancock is reflected as a reduction of investment return for applicable investments.

Additionally, the Company provides certain accounting and administrative services to the Plan for which no fees are charged. These expenses constitute exempt party-in interest transactions under ERISA.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

- 6. Plan Termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

- 7. Reconciliation of Financial Statements to Form 5500** Certain balances included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been reclassified for purposes of presentation in the financial statements.

Rockport Administrative Services, LLC 401(k) Plan

Notes to Financial Statements

- 8. Tax Status** The Plan currently operates under a Volume Submitter Defined Contribution Plan offered by ASC Institute LLC. The plan administrator and legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.
- Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.
- 9. Risks and Uncertainties** The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
- The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. At December 31, 2014 and 2013, the financial instruments, which potentially subject the Plan to a concentration of credit risk, consisted principally of cash and investments.
- 10. Custodians' Certification** The investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedules are derived from statements which have been certified by John Hancock and Nationwide as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- 11. ERISA Bonding Requirements** ERISA, Title 1, Section 412 requires that every fiduciary and every person who handles funds or other property of a plan be bonded. Such "persons" may include any director, officer, or employee of the fiduciary. During the year ended December 31, 2014, the Plan did not have any fidelity bond coverage.
