INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of B & B Specialties, Inc. 401(k) Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of B & B Specialties, Inc. 401(k) Profit Sharing Plan (the "Plan") which comprise the statements of net assets available for benefits as of November 30, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of November 30, 2015 and 2014 and for the years then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H, part IV, line 4i – schedule of assets (held at end of year) as of November 30, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

B & B SPECIALTIES, INC.
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
NOVEMBER 30, 2015 AND 2014

1. Description of Plan

The following description of the B & B Specialties, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution savings and profit-sharing plan established by B & B Specialties, Inc. (the "Company" or "Plan Sponsor") on December 1, 1978 to encourage and assist eligible employees of the Company to adopt a regular program of savings to provide additional security for retirement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b. Administration

The Company has delegated most of the Plan administrative functions to the Plan administrator. The Plan's contract administrator and custodian is Principal Life Insurance Company ("Principal").

The Plan administrative committee includes employees of the Company and has the discretion to appoint or remove any trustee or agent of the Plan. The administrative committee has the full power to administer the Plan and apply all of its provisions on behalf of the Company.

c. Eligibility

All employees of the Company are eligible to participate in the Plan upon reaching age 21 and after six months of service.

d. Contributions

Participants may contribute to the Plan through elective salary deferrals their eligible compensation, not to exceed the maximum allowed under the Internal Revenue Code ("IRC") of $18,000 and $17,500 for the years ended November 30, 2015 and 2014, respectively. Upon reaching the age of 50, eligible employees may make additional catch-up contributions limited to $6,000 and $5,500 for the years ended November 30, 2015 and 2014, respectively, as allowed by the IRC. The Plan provides for an automatic election to have salary deferrals made for participants in the amount of 5% upon reaching eligibility requirements.

The employer may make discretionary matching contributions to the Plan on behalf of all participants who make elective deferrals. If the employer makes a discretionary matching contribution, the percentage of elective deferral contributions matched shall not be more than 100%. For the years ended November 30, 2015 and 2014, there were no discretionary matching contributions.

The employer shall contribute and allocate to each participant's matching contribution account an amount equal to a percentage of elective salary deferrals. Matching contributions by the Company are invested in the participants' accounts according to their specified allocations of investment fund options as of the date of the contribution.

Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

e. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by Principal. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

f. Vesting

Participants are vested immediately in their elective deferrals and rollover contributions to the Plan and the earnings thereon.

Plan participants vest in employer discretionary matching contributions as follows:

Years of Vesting Service	Vested Percentage
1	0 %
2	20
3	40
4	60
5	80
6+	100

Additionally, participants become 100% vested in any employer contributions upon Plan termination, death, total disability as defined in the Plan document, or upon reaching retirement age.

g. Payment of Benefits

Upon reaching early retirement age, termination of service or death, a participant/beneficiary may be paid a lump-sum amount equal to the participant's vested account balance. Account balances less than $5,000 but greater than $1,000, may be distributed in the form of a direct rollover to an individual retirement plan designated by the Plan administrator. Account balances less than $1,000 are distributed in a single lump-sum cash payment to the participant or beneficiary.

h. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their elective deferrals as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

i. Notes Receivable from Participants

Participants may borrow from their accounts the lesser of $50,000 or 50% of their vested account balance, subject to a $1,000 minimum and certain other restrictions. The number of loans approved for a participant in any 12-month period shall be limited to two. Notes are repayable through payroll deductions, if available, over periods ranging up to five years, unless the note is used to acquire a principal residence, in which case the note term may be for a period of up to 10 years. If a participant dies, retires or terminates employment, the unpaid note balance is due and payable within 60 days of such event. The notes are secured by the balance in the participant's account and bear fixed interest at local prevailing rates. Interest rates on outstanding notes as of November 30, 2015 and 2014 were 5.25%, maturing through 2020.

j. Forfeitures

Participants who terminate employment forfeit the non-vested portion of employer discretionary matching contributions and earnings thereon. Forfeited amounts are allocated at the end of the Plan year to the participants based on each participant's compensation in relation to the compensation of all participants. For the years ended November 30, 2015 and 2014, approximately $2,809 and $24 of forfeitures were utilized and allocated to participants' accounts, respectively. As of November 30, 2015 and 2014, unused forfeitures totaled $992 and $2,809, respectively.

k. Administrative expenses

Administrative expenses of the Plan may be paid by the Company or the Plan and are not intended to be reimbursed by the Plan if paid by the Company.

Certain costs are incurred as transactions occur. These costs are included in the price of investments bought and/or sold and are not separately quantifiable. For the years ended November 30, 2015 and 2014, expenses paid by the Plan for administration totaled $12,648 and $12,790, respectively.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

b. Recently Issued Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively. Plan management does not expect this ASU to have a material impact on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960)*, *Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965)*: *I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient*. This three-part ASU simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this ASU eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820. Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-

end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The Plan's management does not expect this ASU to have a material impact on its financial statements.

c. Accounting Standards Codification

The Plan follows accounting standards set by the Financial Accounting Standards Board (the "FASB"), which establishes generally accepted accounting principles ("GAAP") that are followed in reporting net assets available for benefits and changes therein. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification, referred to as the Codification or ASC.

d. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The Plan follows the fair value measurement and disclosure requirements of ASC 820 *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis for such investments. See Note 4 for discussion of fully benefit-responsive investment contracts included in the Union Bond and Trust Company Principal Stable Value Fund.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

e. Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from

participants may be treated as a distribution based on the terms of the Plan document.

f. Payment of Benefits

Benefits are recorded when paid.

g. Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

h. Subsequent Events

Management has evaluated subsequent events through May 27, 2016, the date the financial statements were available for issuance.

3. Information Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the custodian, Principal Life Insurance Company, as of November 30, 2015 and 2014 and for the years then ended as complete and accurate.

- Investments, at fair value
- Notes receivable from participants
- Investment income
- Interest received on notes receivable from participants
- Investments included on the schedule of assets (held at end of year)
- Investments (Note 4)

The classification of the investments into the appropriate levels (1, 2 or 3) as disclosed in Note 5 is not certified by the custodian and is the responsibility of the Plan's management.

4. Investments

All Plan investments are participant-directed and held by Principal Life Insurance Company as of November 30, 2015 and 2014. Participants can direct their accounts among various pooled separate accounts, mutual funds and collective investment trusts.

a. Fully Benefit-Responsive Investment Contract

The Union Bond and Trust Company Principal Stable Value Fund (the "Fund") is fully benefit-responsive, which guarantees that all qualified participant withdrawals will be at contract value (principal plus accrued interest). The objective of the Fund is to provide a diversified group of investments offering competitive levels of yield consistent with stable fixed-income methodology and conservative investment risk. The Fund invests in guaranteed investment contracts ("GICs") and conventional, synthetic and separate account investment contracts (collectively "contracts") issued by life insurance companies, banks and other financial institutions. Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility of the financial markets.

The resulting gains and losses in the fair value of the underlying fixed-income securities relative to the contract are in the statements of net assets available for benefits as the "Adjustment from fair value to contract value." If the adjustment from fair value to contract value is positive, this indicates that the contract value is greater than the fair value of the underlying fixed-income securities. The embedded fair value losses will be amortized in the future through a lower interest crediting rate than would otherwise be the case. If the adjustment from fair value to contract value is negative, this indicates that the contract value is less than the fair value of the underlying fixed-income securities. The amortization of the embedded fair value gains will cause the future interest crediting rate to be higher than it otherwise would have been.

Market value events may limit the ability of the Fund to transact at contract value with the issuer. Such events may include but are not limited to: amendment or change of administration of the Fund, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Fund, transfers to competing options without meeting the equity wash provisions of the Fund, and plan sponsor withdrawals without the appropriate notice to the Fund and/or issuer.

In the normal course of business, such events or conditions would not limit the ability of the Fund to transact at contract value with the participants in the Fund. The Fund is managed to maintain a certain amount of liquidity to provide for the day-to-day liquidity needs of participants as well as the occasional market value event.

An issuer can terminate an investment contract upon the event of default by the contract holder, advisor or trustee if the issuer determines such an event has had, or is likely to have a material adverse effect on the issuer's interest with respect to the contract.

The effective yield to participants and crediting interest rate on the Fund for 2015 was 1.92% and 1.68%, respectively. For 2014, the effective yield to participants and crediting interest rate was 1.44% and 1.48%, respectively.

b. Investments Greater than 5% of Net Assets Available for Benefits

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets available for benefits as of November 30, 2015 and 2014, pursuant to unaudited information provided by the Plan's custodian (see Note 3):

5. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Transfers between fair value hierarchy levels are recognized at the beginning of the reporting period.

Investments held in the Plan primarily consist of pooled separate accounts, collective investment trusts, and mutual funds. These assets are recorded at fair value on a recurring basis. The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used during 2015 or 2014.

Pooled separate accounts: Pooled separate accounts are valued at net asset value ("NAV"), which is determined by dividing the fair market value of the underlying investments by the total number of units in the account. Pooled separate accounts invest in mutual funds, domestic stocks and fixed securities. Although the majority of the fair values of the underlying investments are publicly quoted pricing inputs (Level 1), pooled separate accounts are not publicly quoted and, therefore, are classified as Level 2 within the fair value hierarchy.

Mutual funds: Valued at the NAV of shares held by the Plan at year-end based on quoted market prices available on an active market.

Collective Investment Trusts: The Plan's interest in the collective investment trusts are based on the fair value of the collective investment trusts' underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the collective

investment trusts at year end. The collective investment trusts contain synthetic investment contracts comprised of both underlying investment and contractual components which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of November 30, 2015 and 2014:

	Investment Assets at Fair Value as of November 30, 2015			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	$ 1,481,050	$ 2,783,819	$ -	$ 4,264,869

The following table provides information regarding redemption of investments where the NAV has been used as a practical expedient to measure fair value at November 30, 2015 and 2014:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2015	2014		
Collective investment trusts	$2,680,223	$ 1,366,022	Daily	30 days
Pooled separate accounts	$ 790,614	$ 1,417,797	Daily	1 – 2 days

The collective investment trusts include investments that are operated by a trust company that manages a pooled group of trust accounts. Collective investment trusts combine the assets of various institutional investors to create a larger, well-diversified portfolio. The objectives of a collective investment trust are to lower the costs to investors through economies of scale available by combining assets of multiple investors, to provide daily liquidity, and to provide better diversification. Each investor owns a participating interest that is calculated in units and represents its portion of the holdings of the fund.

The pooled separate accounts include investments that are operated by an insurance company that manages a pooled group of trust accounts. Pooled separate accounts combine the assets of various institutional investors to create a larger, well-diversified portfolio. Each investor owns a participating interest that is calculated in units and represents its portion of the holdings of the fund.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at November 30:

	2015	2014
Net assets available for benefits reported on the financial statements	$ 4,290,176	$ 4,401,040
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	15,824	12,855
Net assets available for benefits reported on Form 5500	$ 4,306,000	$ 4,413,895

The following is a reconciliation of the net increase (decrease) in net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 for the years ended November 30, 2015 and 2014:

	2015	2014
Net increase/(decrease) in net assets available for benefits reported on the financial statements	$ (110,864)	$ 66,412
Adjustment from fair value to contract value for fully-benefit responsive investment contracts	2,969	8,837
Net increase/(decrease) in net assets available for benefits reported on Form 5500	$ (107,895)	$ 75,249

7. Party-in-Interest Transactions

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

For the years ended November 30, 2015 and 2014, the Plan's investment options are sponsored by Principal Life Insurance Company, the custodian and contract administrator of the Plan. Therefore, any transaction executed with Principal and Principal Trust Company qualifies as a party-in-interest transaction. In addition, the Plan sponsor, B & B Specialties, Inc., is a party-in-interest. However, there were no transactions with the Plan sponsor other than the funding of contributions and payments of Plan expenses.

8. Tax Status

The Company received an advisory letter dated March 31, 2014 from the Internal Revenue Service ("IRS") stating that the Principal Prototype Plan constitutes a qualified plan under Section 401(a) and 401(k) of the IRC, and that the underlying trust is exempt from Federal income taxes under Section 501(a) of the IRC. The IRS stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the IRC. Management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt as of and for the years ended November 30, 2015 and 2014.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of November 30, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer discretionary matching contributions and earnings thereon.

10. Risks and Uncertainties

The Plan is exposed to market and credit risk due to the various foreign and domestic investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as foreign currency exchange risk, interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in investment values arising from these risks may result in the near term that would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
