Independent Auditor's Report

Plan Administrator
Lieberman Management Services, Inc.
Retirement Savings Plan
Elk Grove Village, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Lieberman Management Services, Inc. Retirement Savings Plan, which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee Trust Company d/b/a Principal Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian, as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2015 financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2015, the Plan adopted new accounting guidance for fully benefit-responsive investment contracts. Our opinion is not modified with respect to this matter.

Prior Year Disclaimer of Opinion by Other Auditor

Other auditors were engaged to audit the financial statements of the Lieberman Management Services, Inc. Retirement Savings Plan as of December 31, 2014, whose report thereon, dated July 14, 2015, disclaimed an opinion on those financial statements as a result of the omission of certain audit procedures at the request of management as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Other Matter – Supplemental Schedule

The supplemental schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Lieberman Management Services, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of the Lieberman Management Services, Inc. Retirement Savings Plan (Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 1995, is a defined contribution profit sharing and 401(k) plan covering substantially all employees of Lieberman Management Services, Inc.; Lieberman Financial Group, LLC and LMS Construction, Inc. (collectively, the Company) and is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Employees of the Company, except those covered by a collective bargaining agreement and nonresident aliens, are eligible to participate in the Plan on the first day of the next month after completing three months of service and attaining age 21.

Contributions

The Plan is funded by voluntary pre-tax and post-tax contributions of participants and discretionary matching and profit sharing contributions of the Company. Eligible employees can elect to contribute to the Plan pre-tax and/or Roth after-tax deferrals of their compensation, as defined by the Plan, through regular payroll deductions, subject to limitations imposed by the Internal Revenue Code. Employees who do not elect to contribute, or who do not elect to decline to contribute, after meeting the eligibility requirements are automatically enrolled in the Plan at a 3% pre-tax contribution rate.

Participants may also roll over amounts representing distributions from other qualified employee benefit plans. Participants who have attained age 50 before the Plan year are eligible to make additional pre-tax contributions, also known as "catch-up" contributions. The Company made discretionary matching contributions of \$37,505 to the Plan and no discretionary profit sharing contributions for the year ended December 31, 2015.

Investment Options

Participants direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the plan administrator. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching and if any, an allocation of profit sharing contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated based on a

Lieberman Management Services, Inc.

Retirement Savings Plan

Notes to Financial Statements

percentage of the participant's contribution. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year and is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants. Plan earnings are allocated to participant's accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting and Forfeited Accounts

Participants are immediately fully vested in participant and rollover contributions, plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 25% vested after two years of service and continues to vest at the rate of 25% for each successive year until 100% vested after five years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$174 and \$373, respectively. These nonvested account balances are used to pay plan administrative expenses and then to offset future Company contributions. Forfeitures of \$3,551 were used in the year ended December 31, 2015, to pay plan administrative expenses and offset Company contributions.

Notes Receivable from Participants

Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at the prime interest rate plus one percent. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence.

Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution.

Administrative Expenses

Certain administrative expenses of the Plan, such as custodian, recordkeeping, accounting and legal services are paid by the Company. Administrative expenses incurred by the Plan include investment management service fees and are charged directly to participant accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Change in Accounting Principle

In 2015, the Plan changed its method of accounting for fully benefit-responsive investment contracts by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 962 and 965): Part I: Fully Benefit-Responsive Investment Contracts*. The accounting provided for in ASU 2015-12 allows plans to measure, present and disclose fully benefit-responsive investment contracts at contract value. The effect of the adoption of the ASU is to eliminate the requirement to measure fair value of fully benefit-responsive contracts and to present the reconciliation from fair value to contract value on the statement of net assets. The accounting policy change also changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively to all periods presented.

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for an ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the plan at

year end. Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes Plan's gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Determination as to when participant loans are considered in default and reclassified as distributions is based on the terms of the plan document.

Benefit Payments

Benefit payments are recorded when paid.

Note 3: Certification of Plan by the Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee Trust Company d/b/a Principal Trust Company, the custodian of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Investment income components and interest income from participant notes receivable, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- The investment information and participant loans included in the supplemental schedule of assets (held at end of year) as of December 31, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Fair Value Measurements

In measuring the fair value of the Plan's investments, plan management utilizes a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable.

The following presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2015 and 2014.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2015 and 2014

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured on a recurring basis at fair value as of December 31, 2015 and 2014:

		Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3

Mutual funds	<u>\$ 3,008,863</u>	<u>\$ 3,008,863</u>	<u>\$ -</u>	<u>\$ -</u>

Note 5: Investment Contract with Insurance Company

The Plan holds an investment contract with Principal Life Insurance Company (Principal), the fixed income guaranteed option, which is a fully benefit-responsive guaranteed investment contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Principal Fixed Income Guaranteed Option is a single group annuity contract held in the insurance company's general account with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets. The fixed rate of interest is contractually determined and guaranteed by the Principal Life Insurance Company general account. This general account consists of over six thousand different investments, none of which are specifically assigned to this Plan. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate is based on a formula agreed upon with the issuer and will not be less than one percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Lieberman Management Services, Inc.
Retirement Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. If the plan sponsor were to withdraw or transfer funds within the Plan prior to their maturity, a discontinuation or withdrawal charge of 5% would be incurred on the contract value.

Note 6: Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment options and the level of uncertainty related to changes in the value of the investment options, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7: Related Party Transactions

Certain plan investments are managed by Principal Trust Company, the custodian, as defined by the Plan or affiliates of Principal Trust Company; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for these investment management services are included in the net appreciation in the fair value of the investments. The Plan also made direct payments to the custodian of \$8,666 for administrative expenses.

The terms of the Plan permit loans to participants under certain conditions. These loans, which are party-in-interest transactions, are permitted under ERISA.

Note 8: Income Tax Status

The Plan has adopted a volume submitter plan sponsored by Principal Financial Group. The Internal Revenue Service has determined and informed the volume submitter plan sponsor by letter dated March 31, 2014, that the volume submitter plan, as then designed, was in compliance with

Lieberman Management Services, Inc.

Retirement Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

the applicable requirements of the Internal Revenue Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 10: Subsequent Events

Plan management has evaluated subsequent events through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
