To the Plan Administrators
Butch's Rat Hole and Anchor Service, Inc. 401(k) Plan
Levelland, Texas

We have conducted a DOL limited-scope audit of the financial statements of Butch's Rathole and Anchor Service, Inc. 401(k) Plan (the Plan) for the year ended August 31, 2015 and have issued our report thereon dated June 13, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements.

Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 10, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan early implemented FASB ASU 2015-12 in 2015 in order to simplify the investment disclosure requirements. Accordingly, the accounting change has been retrospectively applied to prior periods presented as if the policy had always been used. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was Note 5, *Fair Value Measurements.*

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated June 13, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Consideration of Internal Control

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan as of August 31, 2015 and 2014, and for the year ended August 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we were unable, and did not, express an opinion on those financial statements.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore there can be no assurance that all such deficiencies have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

DOL Audits

The Department of Labor (DOL) is continuing to audit a large number of employee benefit plans. Although the DOL may audit any area of the Plan for compliance, their current focus appears to be centered on these areas:

- Timely Remittances of Deposits – DOL regulations require employee contributions and participant loan repayments withheld from the employees' wages by the employer be remitted to the Plan at the earliest date that the assets can be reasonably segregated from the employer assets. Failure to timely remit employee contributions and loan repayments violates the fiduciary responsibilities imposed by ERISA. The DOL does not have a bright line number of days; however, they have consistently taken the position the employee contribution and loan repayments should be remitted similar to the time that the employer pays the payroll taxes each month. Accordingly, our strong recommendation is such remittances to the Plan are made on the same day the Company's payroll taxes are remitted.
- Fee analysis - What fees are being paid by the Plan, in particular, the fees paid by each individual investment (i.e., by each mutual fund, etc.) held by the Plan, whether such fee is paid directly by the fund or netted against the fund earnings.
- Participant Education - Are the Plan administrators and trustees providing periodic education to the participants so knowledgeable decisions may be made by the participants? Making education available to all participants on at least an annual basis is expected by the DOL.
- Annual Meeting of Plan Trustees and Administrators - At least annually, the Plan trustees and administrators should meet to discuss various aspects of the benefit plan, including a discussion of administrative and investment fees; education for its participants; investment policy and decisions regarding changes to investments offered by they Plan; changes in laws and regulations; and the general environment surrounding the Plan sponsor and the Plan itself. This meeting should be documented in formal minutes maintained in the permanent files of the Plan.

Audit Findings

During our review of bond coverage for the Plan, we noted there was insufficient coverage in place for the year ended August 31, 2015.

This information is intended solely for the use of the plan administrators and management team, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

To the Plan Administrators
Butch's Rat Hole and Anchor Service, Inc. 401(k) Plan
Levelland, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Butch's Rat Hole and Anchor Service, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of August 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended August 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Financial Services, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended August 31, 2015 and 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1: Plan Description

The following description of the Butch's Rat Hole and Anchor Service, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a contributory, defined contribution plan covering substantially all employees of Butch's Trucking, Inc., Transcend Drilling Inc., Valor Energy, LLC, Permian Equipment Rentals and Butch's Rat Hole and Anchor Service Inc., (collectively, the Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility. Employees are eligible to participate and may begin receiving non-elective and matching contributions and making salary deferral contributions to the plan after having attained age 20 and completing one year of employment. Plan entry dates are September 1 or the first day of the month in each successive three month period.

Contributions. Participant contributions are subject to certain annual limitations under provisions of the Internal Revenue Code ("IRC").

The Sponsor contributes an annual safe harbor non-elective contribution on behalf of each eligible participant equal to 100% of the first 4% of the employee's deferral amount for the plan year. In addition, the Sponsor may make matching contributions equal to a discretionary percentage, to be determined by the Sponsor, of the participant's elective deferrals and discretionary contributions to the Plan that it may, from time to time, deem advisable. The Sponsor need not have net profits to make annual contributions under the Plan. Participants must be actively employed at the end of the Plan year to receive any Sponsor discretionary contributions. As of August 31, 2015, the Sponsor had not made any matching or discretionary contributions to the Plan.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of the Sponsor's contributions, as well as the investment earnings or losses thereon, and allocations of any administrative expenses. Any Sponsor matching contributions are allocated pro rata based on participant compensation. Participant loans are not permitted by the Plan.

Vesting. Participants are always vested in their contributions, safe harbor contributions, and earnings thereon. Participants vest in the Sponsor's matching and/or profit sharing contribution portions of their accounts (including the related earnings), if any, based on a 6-year cliff vesting schedule.

Payment of Benefits. On termination of service due to death, disability or retirement, the participant or their beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. A participant may receive the value of the vested interest in their account as a lump-sum distribution upon termination for other reasons.

Forfeitures. Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. As permitted by the Plan, forfeitures of non-elective and matching contributions will be applied to reduce administrative expenses of the Plan, then any remaining forfeitures shall go to reduce the Sponsor's contributions for the following plan year. At August 31, 2015 and 2014, forfeited nonvested accounts totaled $13,611 and $7,120, respectively.

Amendment and Termination. Although they have no intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would automatically become fully vested.

Note 2: Summary of Significant Accounting Policies

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), including specialized industry practices as specified in the American Institute of Certified Public Accountants audit and accounting guide titled *Audits of Employee Benefit Plans.*

Use of Estimates. Financial statements prepared in conformity with GAAP require management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Values. Investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Dividends are recorded on the ex-dividend date.

Administrative Costs. Certain administrative services and the use of office fixtures and equipment are provided to the Plan by the Sponsor, with no provision for these costs included in the accompanying financial statements. These costs were not significant for the year ended August 31, 2015. All other administrative expenses are shared between the Sponsor and participants.

Prohibited Transactions. A "party-in-interest" is a fiduciary or employee of the Plan, any person who provides services to the Plan, the Sponsor or an employee association whose members are covered by the Plan, a person who owns 50 percent or more of the Sponsor or such employee association or relatives of such person just listed. Under ERISA, a Plan fiduciary is prohibited from causing the Plan to engage in the following transactions with a party-in-interest, with certain conditional exemptions provided by ERISA:

- A sale, exchange or lease of property;
- A loan or other extension of credit;
- The furnishing of goods, services or facilities;
- A transfer of plan assets to a party-in-interest for the use or benefit of a party-in-interest; or
- An acquisition of employer securities or real property.

A fiduciary is also generally prohibited from using the Plan's assets for his or her own interest or account, acting in any Plan transactions on behalf of a party whose interests are adverse to those of the Plan or its participants and receiving consideration for his or her own account from a party dealing with the Plan in connection with a transaction involving the Plan's assets.

The Plan did not engage in any prohibited transactions for the year ended August 31, 2015.

Recent Accounting Pronouncements. In 2015, FASB issued ASU 2015-12 as part of its simplification initiative. The amendments (i) require fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value, not fair value; (ii) simplify the investment disclosure requirements; and (iii) provide a measurement date practical expedient for employee benefit plans. The new standard takes effect in 2016 and the Plan has elected to early implement part (ii) of this amendment which eliminates the requirements to disclose: (a) individual investments that represent 5% or more of net assets available for benefits; (b) the net appreciation or depreciation for investments by general type; and (c) investment information disaggregated based on nature, characteristics and risks under Topic 820.

Note 3: Income Tax Status

The Internal Revenue Service ("IRS") has issued an opinion letter determining that the prototype non-standardized plan is acceptable under Section 401 of the Internal Revenue Code (the Code). It is not a ruling or determination as to whether the Plan itself qualifies under Section 401(a) of the Code. However, an employer adopting the prototype non-standardized plan may rely on the opinion letter with respect to the qualification of its plan under Code section 401(a).

Note 3: Income Tax Status (continued)

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Although the Plan has been amended since receiving the opinion, the plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. There are currently no audits for any tax periods in progress. Generally, the Plan's tax returns are subject to examination for three years after they are filed.

Note 4: Data Prepared and Certified By Custodian

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Financial Services.

	2015	2014
Mutual Funds	$ 3,470,371	$ 3,537,226
Investments, at fair value	$ 3,470,371	$ 3,537,226

For the year ended August 31, 2015, John Hancock Financial Services has also certified the completeness and accuracy of the $106,180 of net depreciation in the fair value of the Plan's investments. Certain Plan investments are shares of mutual funds managed by John Hancock Financial services. John Hancock Financial Services is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 5: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

		Fair Value Measurements Using:	
August 31, 2015	**Fair Value**	**Quoted Prices In Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**
Mutual funds	$ 3,470,371	$ 3,470,371	$ –
Total	$ 3,470,371	$ 3,470,371	$ –
August 31, 2014			
Mutual funds	$ 3,537,226	$ 3,537,226	$ –
Total	$ 3,537,226	$ 3,537,226	$ –

Note 5: Fair Value Measurements (continued)

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Note 6: Reconciliation of Financial Statements to Form 5500

The Form 5500 is a joint-agency form, developed by the IRS, the U.S. Department of Labor, and the Pension Benefit Guaranty Corporation, which may be used to satisfy the annual reporting requirements of the Internal Revenue Code and Titles I and IV of ERISA. The Plan is required to file a Form 5500 annually, with audited financial statements enclosed. There were no reconciling items between the Form 5500 and the accompanying financial statements as of August 31, 2015 and 2014 or for the year ended August 31, 2015.

Note 7: Subsequent Events Evaluation

Effective December 1, 2015, the Sponsor approved a Plan amendment to permit participants who are experiencing an eligible financial hardship to withdraw funds from the participant's salary deferral and rollover contribution account balances.

Management has evaluated subsequent events through June 13, 2016, the date which the financial statements were available to be issued.
