ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Alliance Inspection Management, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan's provisions. The Plan is a defined contribution plan and was adopted on September 1, 1991.

Eligibility

The Plan covers substantially all employees of Alliance Inspection Management, LLC and its subsidiaries - AutoComm, Inc., Total Claims Management, Inc. and UniComm, LLC, together referred to as the "Company". It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The employees must have completed three months of service, and be at least 21 years of age to be eligible to participate in the Plan and receive employer matching contributions.

Contributions

Each participant may contribute up to 100% of eligible compensation deferred and designated as an employee savings contribution, subject to IRS regulation limitations.

Pursuant to the Plan's provisions, the Company matches 100% of the first three percent of the participants' eligible compensation, and 50% of the next two percent of the participant's eligible compensation, contributed to the Plan as deferral contributions. The Plan also allows rollover contributions from other qualified plans.

Participant Accounts

Separate accounts are maintained for each participant which are adjusted for employee deferrals, rollover contributions, employer matching contributions and allocations of forfeitures, administrative expenses and investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account. Participants direct all investment transactions within their accounts.

Vesting

Participants are always 100% vested in their deferrals and rollover contributions. Participants are also 100% vested in the employer's matching contributions credited to their accounts after the Plan was amended to include Safe Harbor provisions on January 1, 2006. Employer's matching contributions received prior to January 1, 2006 vest over six years of service, at 20% per year after the second year of service.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Forfeitures

Forfeitures may first be used to pay the Plan's administrative expenses. Any remaining amounts may reduce the Company's matching contributions. In 2015 and 2014, there were no forfeitures.

Funding Policy

The Company is required to make all employee savings and employer matching contributions under the Plan for each taxable year. In no event shall the amount contributed by the employer in any year exceed the maximum deductible by the employer under Section 404(a)(3) of the Internal Revenue Code.

Benefits

Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive all of their elective contributions, the income allocable to such amounts and the vested portion of the Company contribution. Benefits are paid in a lump-sum.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00%. The loans generally are repaid over a five year period, but may be repaid over a ten year period if obtained to purchase a primary residence. Principal and interest are paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Administrative Expenses

Most administrative expenses that include investment fees and recordkeeping costs are paid out of the assets of the Plan. Certain other administrative costs related to the Plan are paid by the Company.

Benefits

Benefit payments to participants are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are stated at fair value determined based on the quoted market price as of the last day of the Plan's year. Sales and purchases of investments are accounted for on a trade date basis, interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments which potentially subject the Plan to concentration of credit risk consist of investments, which are placed with high credit quality financial institutions (see Note 9).

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Note receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Subsequent Events

Subsequent events were evaluated through the date of issuance of these financial statements on June 9, 2016.

	<u><u>\$ (417,143)</u></u>

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - PARTY-IN-INTEREST

Certain Plan investments are units of common / collective trusts and mutual funds managed by subsidiaries or affiliates of Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest, as defined by the applicable ERISA rules and regulations. Direct fees paid by the Plan for recordkeeping services amounted to \$5,400 for the year ended December 31, 2015.

NOTE 5 - TAX STATUS

The Plan was adopted as a version of a prototype plan. In its opinion letter, the IRS has stated that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter for the prototype plan, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 6 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS - CONTINUED

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2015.

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of the units of the common/collective trust. While the underlying assets values are based on publicly quoted prices, the units of the common/collective trusts are not publicly quoted. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments held by the common / collective trust, less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

Fidelity Stable Value Fund	\$ 351,590	N/A	Daily	N/A

NOTE 7 - COMMON / COLLECTIVE TRUSTS

The Plan offers its participants an option to invest in Fidelity Advisor Stable Value Fund (the "Fund"). The Fund is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the holders of the Fund's units. The Plan's management determined that this investment is fully benefit-responsive, and that contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. However, the Plan's management determined that as of December 31, 2015 and 2014, the fair value of the Plan's investment in the Fund approximates the contract value, and that an adjustment from fair value to contract value for fully benefit-responsive investment contract is not material, and is not presented in the Statements of Net Assets Available for Benefits.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 11 - OPERATIONAL ERRORS AND CORRECTIONS

During 2015, in one instance, the Company was late in remitting employee contributions and loan repayments to the trust, which constitutes a "non-exempt transaction" in accordance with applicable IRS and Department of Labor regulations. In addition, in several instances, the Company did not withhold and remit employee contributions. The Company corrected the violations by reimbursing the accounts of the affected participants for lost investment earnings during the period of delinquency, and by funding the corrective contributions for the missed employee deferrals and the related employer matching contributions. The total amount of the non-exempt transaction resulting from these errors was determined to be \$31.

During 2015, in one instance, the Company had an employee who made employee contributions in excess of the IRS limit. When the error was discovered in 2016, the Company processed a corrective refund of \$4,608.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Alliance Inspection Management, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan's provisions. The Plan is a defined contribution plan and was adopted on September 1, 1991.

Eligibility

The Plan covers substantially all employees of Alliance Inspection Management, LLC and its subsidiaries - AutoComm, Inc., Total Claims Management, Inc. and UniComm, LLC, together referred to as the "Company". It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The employees must have completed three months of service, and be at least 21 years of age to be eligible to participate in the Plan and receive employer matching contributions.

Contributions

Each participant may contribute up to 100% of eligible compensation deferred and designated as an employee savings contribution, subject to IRS regulation limitations.

Pursuant to the Plan's provisions, the Company matches 100% of the first three percent of the participants' eligible compensation, and 50% of the next two percent of the participant's eligible compensation, contributed to the Plan as deferral contributions. The Plan also allows rollover contributions from other qualified plans.

Participant Accounts

Separate accounts are maintained for each participant which are adjusted for employee deferrals, rollover contributions, employer matching contributions and allocations of forfeitures, administrative expenses and investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account. Participants direct all investment transactions within their accounts.

Vesting

Participants are always 100% vested in their deferrals and rollover contributions. Participants are also 100% vested in the employer's matching contributions credited to their accounts after the Plan was amended to include Safe Harbor provisions on January 1, 2006. Employer's matching contributions received prior to January 1, 2006 vest over six years of service, at 20% per year after the second year of service.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Forfeitures

Forfeitures may first be used to pay the Plan's administrative expenses. Any remaining amounts may reduce the Company's matching contributions. In 2015 and 2014, there were no forfeitures.

Funding Policy

The Company is required to make all employee savings and employer matching contributions under the Plan for each taxable year. In no event shall the amount contributed by the employer in any year exceed the maximum deductible by the employer under Section 404(a)(3) of the Internal Revenue Code.

Benefits

Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive all of their elective contributions, the income allocable to such amounts and the vested portion of the Company contribution. Benefits are paid in a lump-sum.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00%. The loans generally are repaid over a five year period, but may be repaid over a ten year period if obtained to purchase a primary residence. Principal and interest are paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Administrative Expenses

Most administrative expenses that include investment fees and recordkeeping costs are paid out of the assets of the Plan. Certain other administrative costs related to the Plan are paid by the Company.

Benefits

Benefit payments to participants are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are stated at fair value determined based on the quoted market price as of the last day of the Plan's year. Sales and purchases of investments are accounted for on a trade date basis, interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments which potentially subject the Plan to concentration of credit risk consist of investments, which are placed with high credit quality financial institutions (see Note 9).

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Note receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Subsequent Events

Subsequent events were evaluated through the date of issuance of these financial statements on June 9, 2016.

	<u><u>\$ (417,143)</u></u>

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - PARTY-IN-INTEREST

Certain Plan investments are units of common / collective trusts and mutual funds managed by subsidiaries or affiliates of Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest, as defined by the applicable ERISA rules and regulations. Direct fees paid by the Plan for recordkeeping services amounted to \$5,400 for the year ended December 31, 2015.

NOTE 5 - TAX STATUS

The Plan was adopted as a version of a prototype plan. In its opinion letter, the IRS has stated that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter for the prototype plan, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 6 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS - CONTINUED

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2015.

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of the units of the common/collective trust. While the underlying assets values are based on publicly quoted prices, the units of the common/collective trusts are not publicly quoted. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments held by the common / collective trust, less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTE 7 - COMMON / COLLECTIVE TRUSTS

The Plan offers its participants an option to invest in Fidelity Advisor Stable Value Fund (the "Fund"). The Fund is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the holders of the Fund's units. The Plan's management determined that this investment is fully benefit-responsive, and that contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. However, the Plan's management determined that as of December 31, 2015 and 2014, the fair value of the Plan's investment in the Fund approximates the contract value, and that an adjustment from fair value to contract value for fully benefit-responsive investment contract is not material, and is not presented in the Statements of Net Assets Available for Benefits.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 11 - OPERATIONAL ERRORS AND CORRECTIONS

During 2015, in one instance, the Company was late in remitting employee contributions and loan repayments to the trust, which constitutes a "non-exempt transaction" in accordance with applicable IRS and Department of Labor regulations. In addition, in several instances, the Company did not withhold and remit employee contributions. The Company corrected the violations by reimbursing the accounts of the affected participants for lost investment earnings during the period of delinquency, and by funding the corrective contributions for the missed employee deferrals and the related employer matching contributions. The total amount of the non-exempt transaction resulting from these errors was determined to be \$31.

During 2015, in one instance, the Company had an employee who made employee contributions in excess of the IRS limit. When the error was discovered in 2016, the Company processed a corrective refund of \$4,608.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Alliance Inspection Management, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan's provisions. The Plan is a defined contribution plan and was adopted on September 1, 1991.

Eligibility

The Plan covers substantially all employees of Alliance Inspection Management, LLC and its subsidiaries - AutoComm, Inc., Total Claims Management, Inc. and UniComm, LLC, together referred to as the "Company". It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The employees must have completed three months of service, and be at least 21 years of age to be eligible to participate in the Plan and receive employer matching contributions.

Contributions

Each participant may contribute up to 100% of eligible compensation deferred and designated as an employee savings contribution, subject to IRS regulation limitations.

Pursuant to the Plan's provisions, the Company matches 100% of the first three percent of the participants' eligible compensation, and 50% of the next two percent of the participant's eligible compensation, contributed to the Plan as deferral contributions. The Plan also allows rollover contributions from other qualified plans.

Participant Accounts

Separate accounts are maintained for each participant which are adjusted for employee deferrals, rollover contributions, employer matching contributions and allocations of forfeitures, administrative expenses and investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account. Participants direct all investment transactions within their accounts.

Vesting

Participants are always 100% vested in their deferrals and rollover contributions. Participants are also 100% vested in the employer's matching contributions credited to their accounts after the Plan was amended to include Safe Harbor provisions on January 1, 2006. Employer's matching contributions received prior to January 1, 2006 vest over six years of service, at 20% per year after the second year of service.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Forfeitures

Forfeitures may first be used to pay the Plan's administrative expenses. Any remaining amounts may reduce the Company's matching contributions. In 2015 and 2014, there were no forfeitures.

Funding Policy

The Company is required to make all employee savings and employer matching contributions under the Plan for each taxable year. In no event shall the amount contributed by the employer in any year exceed the maximum deductible by the employer under Section 404(a)(3) of the Internal Revenue Code.

Benefits

Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive all of their elective contributions, the income allocable to such amounts and the vested portion of the Company contribution. Benefits are paid in a lump-sum.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00%. The loans generally are repaid over a five year period, but may be repaid over a ten year period if obtained to purchase a primary residence. Principal and interest are paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Administrative Expenses

Most administrative expenses that include investment fees and recordkeeping costs are paid out of the assets of the Plan. Certain other administrative costs related to the Plan are paid by the Company.

Benefits

Benefit payments to participants are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are stated at fair value determined based on the quoted market price as of the last day of the Plan's year. Sales and purchases of investments are accounted for on a trade date basis, interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments which potentially subject the Plan to concentration of credit risk consist of investments, which are placed with high credit quality financial institutions (see Note 9).

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Note receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Subsequent Events

Subsequent events were evaluated through the date of issuance of these financial statements on June 9, 2016.

	<u><u>\$ (417,143)</u></u>

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - PARTY-IN-INTEREST

Certain Plan investments are units of common / collective trusts and mutual funds managed by subsidiaries or affiliates of Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest, as defined by the applicable ERISA rules and regulations. Direct fees paid by the Plan for recordkeeping services amounted to \$5,400 for the year ended December 31, 2015.

NOTE 5 - TAX STATUS

The Plan was adopted as a version of a prototype plan. In its opinion letter, the IRS has stated that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter for the prototype plan, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 6 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS - CONTINUED

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2015.

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of the units of the common/collective trust. While the underlying assets values are based on publicly quoted prices, the units of the common/collective trusts are not publicly quoted. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments held by the common / collective trust, less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ALLIANCE INSPECTION MANAGEMENT, LLC 401(K) PLAN

NOTE 6 - FAIR VALUE MEASUREMENTS - CONTINUED

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015 and 2014, respectively:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Frequency</u>
<u>December 31, 2015</u>

<u>December 31, 2014</u>				
Fidelity Stable Value Fund	\$ 351,590	N/A	Daily	N/A

NOTE 7 - COMMON / COLLECTIVE TRUSTS

The Plan offers its participants an option to invest in Fidelity Advisor Stable Value Fund (the "Fund"). The Fund is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the holders of the Fund's units. The Plan's management determined that this investment is fully benefit-responsive, and that contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. However, the Plan's management determined that as of December 31, 2015 and 2014, the fair value of the Plan's investment in the Fund approximates the contract value, and that an adjustment from fair value to contract value for fully benefit-responsive investment contract is not material, and is not presented in the Statements of Net Assets Available for Benefits.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 11 - OPERATIONAL ERRORS AND CORRECTIONS

During 2015, in one instance, the Company was late in remitting employee contributions and loan repayments to the trust, which constitutes a "non-exempt transaction" in accordance with applicable IRS and Department of Labor regulations. In addition, in several instances, the Company did not withhold and remit employee contributions. The Company corrected the violations by reimbursing the accounts of the affected participants for lost investment earnings during the period of delinquency, and by funding the corrective contributions for the missed employee deferrals and the related employer matching contributions. The total amount of the non-exempt transaction resulting from these errors was determined to be \$31.

During 2015, in one instance, the Company had an employee who made employee contributions in excess of the IRS limit. When the error was discovered in 2016, the Company processed a corrective refund of \$4,608.
