NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2015

Note 1 - Plan Description

The following description of the Northwest Regional Hospital Tax Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established effective January 1, 1994, for the benefit of the employees of the Northwest Regional Hospital (Plan Sponsor). The Plan is intended to be a plan that meets the requirements under Section 403(b) of the Internal Revenue Code (IRC). All employees are eligible to participate in the Plan immediately upon employment. Employees that otherwise would be eligible to participate in the plan and/or receive certain employer contributed benefits can elect to receive additional per diem compensation in lieu of certain other benefits, including participation in this retirement plan.

Contributions - Participants may contribute to the Plan through pre-tax voluntary deferrals or Roth deferrals of earned compensation. Eligible employees may contribute from 1% to 100% of their compensation to the Plan, not to exceed annual limitations prescribed by the IRC. All Roth contributions and earnings thereon will be separately identified in the participant account balance records to facilitate compliance with the regulations prescribed for the tax treatment of distributions. Participants are eligible for employer matching and discretionary contributions after reaching the age of 18 and service of at least 1,000 hours per year over the first 24 consecutive months of employment, with plan entry dates restricted to the earlier of (i) the first day of the plan year, or (ii) the first day of the seventh month of the plan year. The Plan Sponsor makes discretionary matching contributions equal to 100% of the voluntary deferrals of each participant who is eligible for employer contributions up to 2% of compensation. The Plan Sponsor further contributes a discretionary contribution equal to 5% of compensation for each employee who is eligible for the discretionary contributions.

Participant Accounts - Participant contributions to the Plan are voluntary. Participants are allowed to direct the investment of all contributions into various investment options that offer a diversity of investment risk and return. Each participant's account is credited, or debited, with any contributions made to the account, increases or decreases in the market value of investments, any loans and loan repayments, withdrawals, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocation Provisions - Dividend income, interest income, and net realized and unrealized investment gain or loss of each fund shall be allocated to the accounts of each participant based on the participant's proportionate share of the various investment funds held in his or her investment account.

Vesting - Participants are immediately vested in their salary deferral contributions and all employer contributions plus actual earnings thereon.

Payment of Benefits - Upon termination of service, death, disability, or retirement, a participant may elect to receive a distribution of his or her vested account balance or roll their funds into another qualified account. The distribution may be in the form of a lump-sum payment, installment payments, or an annuity. The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan document.

Notes Receivable From Participants - The Plan allows participants to borrow from their accounts using their employee deferral balance as collateral for the loans. The maximum amount that a participant may borrow is equal to the lesser of 50% of their entire vested account balance or \$50,000. The minimum amount allowed to be borrowed is \$1,000. Loan terms range from one to five years unless the loan proceeds used to acquire a principal residence, in which case the term is up to 10 years.

NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2015

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid to Participants - Benefits paid to participants are recognized when they are paid. No amounts had been allocated to accounts of participants who had elected to withdraw from the Plan but had not yet been paid as of December 31, 2015 or 2014.

Administrative Expenses - The Plan's investment options are subject to investment and administrative fees based on a percentage of invested assets. All such fees are charged directly against investment performance and are not separately disclosed in the accompanying financial statements. Certain fees and expenses of the Plan for legal, accounting, and other administrative services are paid directly by the Plan Sponsor on behalf of the Plan.

Recently Adopted Accounting Standards - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. In July 2015, the FASB issued ASU No. 2015-12, which designates contract value as the only required measure for fully benefit-responsive investment contracts, eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits, and simplifies certain investment disclosures. Management has elected to adopt both standards effective December 31, 2015. The new guidance has been applied retrospectively and had no impact to the Plan's net assets available for benefits.

NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2015

Note 2 - Continued

Subsequent Events - The Plan has evaluated subsequent events through May 24, 2016, which is the date the financial statements are available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Annuity Accounts - Variable annuity accounts are valued at the NAV per share at the close of each business day as reported by each fund, which is then adjusted for dividends and separate account fees.

Fixed Annuity Contracts - Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan's management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (e.g. swap curve rate).

NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2015

Note 3 - Continued

Fair values of the Plan's variable annuities are estimated using the value of underlying mutual fund investments. Participants may transfer all or a portion of their account value among the Plan's variable annuities. Participants eligible to receive benefit payments may withdraw the value of their variable annuities, in whole or in part, at any time, but will be assessed surrender charges.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Investment Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,543,854	\$ -	\$ -	\$ 7,543,854
Fixed annuity contracts			4,680,872	4,680,872

Investments measured at NAV ^(a)				290,992
Total Investments at Fair Value				\$ 12,013,382

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2015

Note 4 - Fixed Annuity Contracts

The Plan's fixed annuity contracts with VALIC are measured at fair value. Because contract value would be used if plan participants initiated transactions with the Plan, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Crediting rates on the investment contracts are based on a formula agreed upon with the issuer. Interest rates are reviewed on a monthly basis for resetting. The average yield for guaranteed interest accounts ranged from 1.00% to 2.20% for the year ended December 31, 2015.

Crediting interest rates vary over time and are announced by VALIC for each year in advance. The rate in effect at December 31, 2015 and 2014, was 2.15%. The annual effective yield and crediting interest rate was 2.0% for the year ended December 31, 2015.

Note 5 - Information Certified by the Custodians

The Plan's management has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act (ERISA). Under this provision of ERISA, certain information certified by qualified asset custodians need not be subjected to independent audits. The Plan's management has obtained certifications from certain custodians, VALIC and Lincoln National Life Insurance Company, that the following information provided by the custodians and included in the Plan's financial statements and supplementary information is complete and accurate. One of the Plan's asset custodians, American Century (American), provided asset trust reporting for the periods noted, but was unable or unwilling to provide a certification that would allow the Plan administrator to direct the Plan's independent auditors to perform limited scope audits with respect to such information.

NORTHWEST REGIONAL HOSPITAL TAX SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended December 31, 2015

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Federal Income Taxes

The Plan has been designed to qualify under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). Management believes it has operated the Plan in a manner that did not jeopardize the tax benefits associated with these arrangements.

The Plan is subject to audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress.

Note 8 - Party-in-Interest Transactions

VALIC, Lincoln, and American served as the custodians and record-keepers for the Plan. As a result, transactions involving these service providers qualify as party-in-interest transactions. Fees paid by the Plan for the year ended December 31, 2015, consisted of \$19,611 paid to VALIC, \$50 paid to Lincoln, and \$30 paid to American.
