JORDAN FOSTER 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DESCRIPTION OF PLAN

The following description of the Jordan Foster 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Jordan Foster Construction, LLC (the Company) who have completed one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute a percentage of pre-tax annual compensation at any level allowable under the provisions of the Internal Revenue Code, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. The Company may establish matching and/or annual contributions at any level allowable under the provisions of the Internal Revenue Code, or may omit contributions at the Company's discretion. Additional amounts may be contributed at the option of the Company. All contributions are invested according to the direction provided by the benefiting participant. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on the participants' years of total service, with participants' 100 percent vested after six years of credited service. In 2007 and continuing through 2014, the Company elected the Safe Harbor match in which participants are immediately vested in their contributions, the Company's contributions and actual earnings thereon.

Investment Options - Participants may direct the investment of their accounts among any of ninety-six mutual fund and other accounts available under the contract with Fidelity Management Trust Company.

Participants may change their investment options at any time by providing direction to the Fidelity Management Trust Company, subject to certain limitations.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50 percent of their vested account balance, whichever is less.

(Continued)

DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants (Continued) - The loans are secured by the participant's account balance and bear interest at rates established by the Trustee, which are commensurate with local prevailing rates. The duration of participant loans may not exceed five years, unless it is for the purchase of a principal residence. Outstanding participant loans have interest rates ranging from 4.25% to 7.75%.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a participant may elect to receive monthly payments through the purchase of an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

Administrative Expenses - All reasonable expenses of maintaining and administering the Plan may be paid through the Plan or by the Sponsor directly. For the year ended December 31, 2014, administrative expenses amounted to $7,229 and were paid by the Sponsor.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Accounting Estimates - The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments in the mutual fund accounts and the common collective trust are stated at fair value as certified by the Trustee of the Plan, Fidelity Management Trust Company, which represents the net assets value of shares held by the Plan at year-end.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net Appreciation (Depreciation) in Fair Value of Investments - Net appreciation (depreciation) consists of the unrealized appreciation (depreciation) of the investments and the excess (deficiency) of net proceeds over market value of the related investment at the beginning of the year.

(Continued)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties -The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2014, or 2013. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Concentration of Credit Risk - As of December 31, 2014, there were two loan holders that each held loans approaching 7% of the total loans outstanding. Management does not believe that the Plan is exposed to any significant credit risk.

LIMITED-SCOPE AUDIT

Pursuant to U.S. Department of Labor Rules and Regulations under the Employee Retirement Income Security Act of 1974, the Company has elected to have a limited-scope audit performed in lieu of a full-scope audit, the objective of which is to express an opinion on the financial statements taken as a whole. This scope limitation has been restricted to the investments and investment income of the Plan, which are in the custody of Fidelity Management Trust Company.

FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for Plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820 (formerly SFAS No. 157) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. In general, fair value determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets. The Plan has the ability to access for identical assets or liabilities. Fair value determined by Level 2 inputs utilize inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets and inputs other than quoted prices observable for the asset or liability, such as interest rate and yield curves observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability.

In instances in which the inputs used to measure fair value may fall into different levels of the fair value hierarchy, the level in the fair value hierarchy within which the fair value measurement in its entirety has been determined is based on the lowest level input significant to the fair value measurement in its entirety. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

(Continued)

FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

	Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2014		
Mutual funds	$12,970,555	$12,970,555
Common collective trust	124,473	124,473
Total	$13,095,028	$13,095,028
December 31, 2013		
Mutual funds	$12,786,389	$12,786,389
Common collective trust	113,032	113,032
Total	$12,899,421	$12,899,421

Level 1 Fair Value Measurements

The fair value of the mutual funds and the common collective trust are based on quoted net asset values of the shares held by the Plan at year-end.

EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $7,229 for the year ended December 31, 2014.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

INCOME TAX STATUS

Although the Plan has not requested determination from the Internal Revenue Service as to the Plan's tax-exempt status, the master prototype plan from which the Plan was drafted has received a favorable determination from the Internal Revenue Service. Plan management believes that the Plan is designed to operate in accordance with all applicable provisions of the Internal Revenue Code. Therefore, management believes that the Plan is qualified and that the related Trust is exempt from taxation under the Internal Revenue Code. As of December 31, 2014, there were no uncertain tax positions. The Plan files a Form 5500. The Plan is no longer subject to the U.S. Federal and State income tax examinations by authorities for the years before December 31, 2011.
