BCH 403(b) Plan & Trust Agreement
Notes to Financial Statements
December 31, 2015 and 2014

1. Description of the Plan

The following description of the BCH 403(b) Plan & Trust Agreement (the Plan) provides only general information. Users of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was effective January 1, 2009, is a contributory defined contribution plan and covers all employees of Belmont Community Hospital (the Hospital). Employees are immediately eligible to participate, and participation is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Employees may elect to defer any portion of their wages as is permitted under current IRS guidelines. For every 1% which the employee defers up to a maximum of 4%, the Hospital matches 25% of the deferral amount. Therefore, the maximum employer contribution is 1%. Employees may stop their elective deferral at any time, but can only change their contribution or begin contributing on the first day of each calendar quarter. Rollover and transfer contributions are permitted.

Participant Accounts

Under the Plan provisions, individual accounts are maintained for each participant. These individual accounts are credited with each participant's elective deferral, the employer's matching contribution and applicable earnings. Allocations of investment earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are valued daily and earnings or losses are posted to the accounts on a daily basis.

Vesting

Participants have an immediate and fully vested interest in both elective and matching contributions and the related investment earnings.

Hardship Withdrawals

Hardship withdrawals are not permitted by the Plan.

Participant Loans

Participant loans are permitted by the Plan. The loans are secured by the balance in the participant's account. There were no participant loans outstanding as of December 31, 2015 or 2014.

Payment of Benefits

Upon retirement or termination, each participant shall be immediately eligible for Plan benefits. Benefits must be taken as a lump sum distribution.

1. Description of the Plan (Continued)

Plan expenses

A participant is charged a nominal fee when they receive a loan or regular distribution from the Plan. However, all other plan expenses, including trustee, investment management, audit, legal, insurance and other administrative costs are paid by the Hospital.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Contributions are recorded by the Plan in the period the wages are earned. Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Participant accounts are valued daily and earnings or losses are posted to accounts on a daily basis. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

With respect to investment disclosures, in July, 2015, the FASB issued ASU 2015-12, which is intended to simplify employee benefit plan reporting. The Accounting Standards Update has three parts, but only part II applies to this Plan. The Plan has chosen to early implement the provisions of this update.

Upon enrollment in the Plan, a participant may direct contributions in designated increments to any combination of a variety of mutual funds or the Federated Prime Obligations Fund, which is considered to be a cash equivalent.

4. Fair Value

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

4. Fair Value (Continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets in active markets • Quoted prices for identical or similar assets in inactive markets • Inputs other than quoted prices that are observable for the asset • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
<i>All of the Plan's investments were Level 1 as of December 31, 2015 and 2014, measured on a recurring basis.</i>	

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

METHODOLOGIES

The following is a description of the methodologies used by this Plan. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are actively traded.

5. Plan Termination

The Hospital intends to continue the Plan indefinitely, but reserves the right to discontinue matching contributions to the Plan or to discontinue the Plan itself at any time, provided it will not be undertaken in such a manner as to constitute a violation of any applicable provision of ERISA. In the event of a termination of the Plan, all distributions shall be made to the exclusive benefit of participants or their beneficiaries.

6. Parties-in-Interest

Parties-in-interest is defined by IRC Section 4975(e) (2) and ERISA section 3 (14)(c) to include, among others, any entity who provides services to the Plan. For the years ended December 31, 2015 and 2014, PNC Institutional Investments, the Trustee and third party administrator, owned a portion of BlackRock. Therefore, investments in mutual funds managed by BlackRock are parties-in-interest. For the years ended December 31, 2015 and 2014, the amount invested in BlackRock is \$119,669 and \$116,291, respectively.

7. Tax Status of the Plan

The Internal Revenue Service has no program for 403(b) plan sponsors to apply for a determination of tax exempt status. Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. Information Certified by the Plan's Trustee

The trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Cash, cash equivalents, and mutual funds, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014
- Investment income, (net depreciation/appreciation in fair value of investments and dividends) as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2015 and 2014
- The Schedule of Assets Held at End of Year as of December 31, 2015, as shown in the supplemental information.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

9. Investment Risk

Investments of the Plan are not insured by the FDIC; are not deposits or other obligations of, or guaranteed by any bank or affiliates; and are subject to investment risks, including possible loss of the principal amount invested.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Timeliness of Employee Contributions

Department of Labor Regulation 2510.3-102 requires employers to remit amounts deferred by a participant to an employee benefit plan as soon as they can be reasonably segregated from the employer's general assets. In 2014, the remittance of certain employee deferrals to the plan were delayed. These were reported as contributions corrected outside the Voluntary Fiduciary Correction Program on the prior year Schedule of Delinquent Participant Contributions. In 2015, there were no delinquent participant contributions to be reported.

11. Classification Differences

Form 5500 includes certain assets and liabilities that differ from amounts shown on the accompanying financial statements. These differences relate to classifications only and have no effect upon net assets available for benefits for either the year ended December 31, 2015 or 2014.

12. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were issued, July 7, 2016, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in the financial statements.
