Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Keating Muething & Klekamp 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of September 30, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended September 30, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fifth Third Bank, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of September 30, 2015 and 2014, and for the year ended September 30, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the Plan adopted new accounting guidance related to presentation of fair value of certain investments and disclosure of investments. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to this matter.

Independent Auditor's Report (Continued)

Other Matter

The supplemental schedule of assets (held at end of year) as of September 30, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Keating Muething & Klekamp 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Keating Muething & Klekamp (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of the Company and its wholly-owned subsidiaries, KMK Consulting Company, LLC, Riverbend Commercial Title Agency Limited Partnership, and KMK Service Corp., who are at least age twenty-one and have completed one year of service, as defined in the Plan document. Senior partners are eligible only to make before-tax participant contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Plan was most recently amended in December 2012. The Plan was restated subsequent to year end, effective January 1, 2016, to incorporate previous amendments.

The Plan's benefits committee and Plan Administrator control and manage the operation and administration of the Plan. The benefits committee has all powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. Fifth Third Bank (Fifth Third) is the designated trustee and record keeper of the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Contributions: Each year, participants may contribute a flat dollar amount or a percentage of their annual pre-tax compensation as determined by the Plan Administrator, up to the maximum dollar amount permissible under Section 402(g) of the Internal Revenue Code. For calendar year 2015, participants at least 50 years of age may contribute an additional \$6,000. Participants may also contribute amounts representing distributions from other qualified plans. Participants may designate part or all of the deferred contributions as after-tax "designated Roth contributions". Participants who fail to elect otherwise are automatically enrolled with a 3 percent pre-tax salary deferral into the Vanguard Balanced Index Fund. Participants direct the investment of their contributions into various investment options offered by the Plan, including two self-directed brokerage accounts. Participants may change their investment selections and increase or decrease contributions online at any time.

Additionally, the Company may make a profit sharing contribution to the account of each participant who was employed by the Company on the last day of the Plan year, as defined. The discretionary contribution consists of the following components: a defined percent of a participant's compensation and an amount allocated to certain participants in the same proportion that the participant's excess compensation (as defined) for the plan year bears to the total excess compensation of these certain participants. Any remaining contribution is allocated in the proportion that the participant's compensation bears to the total compensation of all participants during the year. Senior partners shall not be eligible for profit sharing contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's discretionary contribution, if any, as well as an allocation of Plan earnings. The contributions are allocated within each participant account based upon the participant's investment elections to the various fund options offered under the Plan. The Plan also offers two self-directed investment account options whereby each individual can specifically direct his or her investment holdings. Administrative expenses are charged to the individual accounts for specific participant-initiated transactions or investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. After two years of service, a participant will be 20 percent vested and will be 100 percent vested after a total of six years of service.

Keating Muething & Klekamp 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts under certain hardship circumstances as defined by the Plan. The amount which may be borrowed as a hardship loan is a minimum of \$500 up to a maximum equal to the lesser of (1) \$50,000 less the participant's highest outstanding loan balance of all plans of the Company for the twelve month period preceding the loan, or (2) one-half of the fair market value of the participant's before-tax contribution account and the vested profit sharing contributions account less the outstanding loan balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 1 percent over the prime rate as reported by *The Wall Street Journal*. Principal and interest is paid ratably through monthly payroll deductions. A participant may have no more than one loan outstanding.

Payments of benefits: On termination of service, a participant may elect to receive a lump-sum amount in cash or in-kind equal to the value of the participant's vested interest in his or her account or roll over the distribution to another eligible retirement plan. A participant who retires after age 65, after age 60 with 25 years of service, or becomes totally disabled will receive the full value of his or her account. A participant who has attained age 59½ and is still an active employee may request an in-service withdrawal of all or any part of his or her account in cash or in-kind if the full value of the account is withdrawn. Upon death, the full value of the account will be paid to the designated beneficiary. If the value of the non-forfeitable portion of the participant's account is \$1,000 or less, the distribution will be made in cash as soon as administratively feasible. Upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose.

Forfeited accounts: At September 30, 2015 and 2014, forfeited non-vested accounts totaled \$30,849 and \$31,183, respectively. These accounts will be used to pay administrative expenses of the Plan and reduce future employer contributions. During 2015, employer contributions were reduced by \$27,319 from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The benefits committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at September 30, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to investment management, certain investment offerings, and specific account transactions are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net depreciation in fair value of investments.

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in the Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this Update for the 2015 plan year, and it was retrospectively applied to September 30, 2014. Prior year disclosures have been revised to reflect the retrospective application of this Update. The impact of adopting this Update is reflected in Note 7.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value and, accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

Note 2. Summary of Significant Accounting Policies (Continued)

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted the amendments in Parts I and II of this Update for the 2015 plan year, and the amendment in Part II was retrospectively applied to September 30, 2014. Prior year disclosures in Notes 3 and 7 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan administration has evaluated subsequent events through July 8, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified by Fifth Third Bank

The following is a summary of certain asset information of the Plan as of September 30, 2015 and 2014, and for the year ended September 30, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to certified information which appears throughout the financial statements and the supplemental schedule related to the following assets and investment related items on the statement of changes in net assets available for benefits.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions in accordance with ERISA.

Note 5. Party-In-Interest Transactions

Certain Plan investments are shares of investment funds managed by Fifth Third. The Plan also holds investments in Fifth Third common stock and debt securities. Fifth Third is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments. Other fees paid by the Plan for administrative functions and investment management services totaled \$40,564 and \$260,009, respectively, for the year ended September 30, 2015.

Note 6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 11, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax council believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements

Note 7. Fair Value Measurements (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2015 and 2014.

Registered investment companies:	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
Corporate stocks and exchange-traded funds:	Valued at the closing price reported on the active market on which the individual securities are traded.
Corporate obligations:	Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.
Government obligations:	Valued using pricing models maximizing the use of observable inputs for similar securities.
Limited partnerships and other investments:	Valued at the net account value of the individual subscription in the partnership.
Collective trust fund:	Valued based on the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the contract value of the underlying investments held by the fund less its liabilities, which approximates fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 7. Fair Value Measurements (Continued)

The following table discloses information regarding those assets whose fair value is estimated using the NAV per unit as of September 31, 2015 and 2014, respectively:

	Fair Value		Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
	9/30/15	9/30/14			
Federated Capital Preservation Fund	\$ 4,097,044	\$ 4,211,635	None	Daily	Up to 12 Months

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
