Focal Point, LLC 401(k) Savings & Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description

The following description of Focal Point, LLC 401(k) Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established for Focal Point, LLC (the "Company") and all related service groups, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees who have completed at least six months of service with the Company, as defined in the Plan, and are age 21 or older are eligible to participate. Participants enter the Plan on the first day of the quarter after meeting the eligibility requirements.

Contributions - The Plan provides for employee 401(k) deferral contributions as a percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. These contributions are also made out of pretax earnings through salary reductions and are subject to certain IRC limitations. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company makes safe harbor matching contributions equal to 100 percent of the first 3 percent of each participant's 401(k) deferral contribution and 50 percent of the next 2 percent of the participant's elective deferrals. The Company may also make an additional discretionary profit-sharing contribution or discretionary matching contributions. No such Company discretionary contributions were made during 2015.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the employer contributions and plan earnings and is charged with an allocation of administrative expenses and plan losses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are fully vested at all times in their 401(k) deferral accounts, rollovers, safe harbor matching accounts, and plan earnings thereon. If additional profit-sharing or discretionary matching contributions are made by the Company, the participant is fully vested in such contributions after three years of vesting service. Participants who leave the Plan because of death or disability are considered 100 percent vested.

Focal Point, LLC 401(k) Savings & Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description (Continued)

Payment of Benefits - Benefits may be paid to the participant or beneficiary upon death, disability, retirement, termination of employment, or in accordance with the in-service withdrawal process, as defined in the plan agreement. The Plan allows for in-service withdrawals at age 59½ if certain requirements as described in the plan agreement are met. Hardship withdrawals are also permitted by the Plan, in accordance with the provisions of the plan agreement. The Plan provides for normal retirement at age 65 and early retirement at age 55 with 10 years of service. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined periodically by the plan administrator. Loan terms are not to exceed five years unless the loan is for the purchase of a principal residence. Loan terms for the purchase of a principal residence will be determined at the time of loan approval. Principal and interest are paid ratably through periodic payroll deductions.

Party-in-interest Transactions - Certain plan assets are investments managed by Voya Retirement Insurance and Annuity Company (Voya). Voya is the Custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 5 for additional information related to the unallocated contract.

The pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which are based on the fair value of the funds' underlying assets. See Note 4 for additional information.

Focal Point, LLC 401(k) Savings & Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Uncollectible participant notes receivable are reclassified as deemed distributions based on the terms of the plan document.

Benefit Payments - Benefits are recorded when paid.

Hardship Distributions - Participants may request that all or a portion of their employee contributions may be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Administrative Expenses - Various administrative costs are paid by the Company, except for expenses related to participant-directed transactions.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 5, 2016, which is the date the financial statements were available to be issued.

Focal Point, LLC 401(k) Savings & Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments In Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)* - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Parts I and II of ASU No. 2015-12 were applicable to the Plan. Part I requires the fully benefit-responsive investment contract be recorded at contract value without presentation of fair value or the difference between fair value and contract value and reduces the related disclosures. Part II modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Note 3 - Unaudited Information

Voya is the Custodian and holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Note 5 - Investment Contract

The Plan has a benefit-responsive investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Focal Point, LLC 401(k) Savings & Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 5 - Investment Contract (Continued)

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. When establishing interest credit rates for this product, Voya considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. The minimum crediting rate under the contract is 1.00 percent.

Generally there are no events that could limit the ability of the plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Note 6 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are fully vested at all times in their 401(k) deferral accounts, rollovers, safe harbor matching accounts, and plan earnings thereon. If additional profit-sharing or discretionary matching contributions are made by the Company, the participant is fully vested in such contributions after three years of vesting service. Participants who leave the Plan because of death or disability are considered 100 percent vested.

Note 1 - Plan Description (Continued)

Payment of Benefits - Benefits may be paid to the participant or beneficiary upon death, disability, retirement, termination of employment, or in accordance with the in-service withdrawal process, as defined in the plan agreement. The Plan allows for in-service withdrawals at age 59½ if certain requirements as described in the plan agreement are met. Hardship withdrawals are also permitted by the Plan, in accordance with the provisions of the plan agreement. The Plan provides for normal retirement at age 65 and early retirement at age 55 with 10 years of service. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined periodically by the plan administrator. Loan terms are not to exceed five years unless the loan is for the purchase of a principal residence. Loan terms for the purchase of a principal residence will be determined at the time of loan approval. Principal and interest are paid ratably through periodic payroll deductions.

Party-in-interest Transactions - Certain plan assets are investments managed by Voya Retirement Insurance and Annuity Company (Voya). Voya is the Custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 5 for additional information related to the unallocated contract.

The pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which are based on the fair value of the funds' underlying assets. See Note 4 for additional information.

Note 2 - Summary of Significant Accounting Policies (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Uncollectible participant notes receivable are reclassified as deemed distributions based on the terms of the plan document.

Benefit Payments - Benefits are recorded when paid.

Hardship Distributions - Participants may request that all or a portion of their employee contributions may be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Administrative Expenses - Various administrative costs are paid by the Company, except for expenses related to participant-directed transactions.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 5, 2016, which is the date the financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments In Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)* - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Parts I and II of ASU No. 2015-12 were applicable to the Plan. Part I requires the fully benefit-responsive investment contract be recorded at contract value without presentation of fair value or the difference between fair value and contract value and reduces the related disclosures. Part II modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Note 5 - Investment Contract

The Plan has a benefit-responsive investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Focal Point, LLC 401(k) Savings & Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 5 - Investment Contract (Continued)

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. When establishing interest credit rates for this product, Voya considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. The minimum crediting rate under the contract is 1.00 percent.

Generally there are no events that could limit the ability of the plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Note 6 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.
