4. Vesting - Participants are 100% vested in their voluntary contributions and employer matching contributions, plus actual earnings thereon. Participants' vesting in their profit sharing contribution account is determined in accordance with a schedule based on the participant's years of service.

   Any forfeiture of non-vested amounts will be allocated to the remaining participants of the companies whose participants contributed to the total forfeitures for the plan year. Forfeitures totaled $12,666 in 2015 and $25,002 in 2014. Forfeitures allocated to participants were $23,785 in 2015 and $19,742 in 2014. Forfeitures available for future use are $15,392 as of September 30, 2015 and $26,358 as of September 30, 2014.

5. Payment of Benefits - On termination of service, a participant's vested benefits will be paid in a lump sum. Participants may receive distributions of their voluntary contributions, not including earnings thereon, under certain financial hardship circumstances.

6. Income Allocation - Plan earnings under the terms of this Plan shall be applied/credited to the account of each participant based on the appreciation/depreciation of the investment options elected by the Plan Participants.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan have been prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are held by Bank of America Merrill Lynch. All investments, other than the Morley Stable Value Fund, are stated at fair value as of September 30, 2015 and 2014. If available, quoted market prices are used to value investments. Investments having no quoted market price are reflected at their estimated fair value as determined by the investment manager. Investments in mutual funds are valued at the net asset value of shares held by the Plan at year-end.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Morley Stable Value Fund (Fund), a common collective trust ("CCT"), is invested primarily in guaranteed investment contracts ("GIC's") and synthetic GICs which are fully-benefit responsive. The Fund is stated at contract value, which is not materially different from the fair value. Contract value represents contributions made, plus interest at the contract rate, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The market yield for the Fund was 1.53% for 2015 and 1.29% for 2014; with a blended net crediting rate of 1.64% on December 31, 2015 and 1.41% on December 31, 2014.

Market value events may limit the ability of the Plan to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Fund and lead to any Fund disbursements which have or will have a material adverse effect on the operations of the Fund and a financial effect on the investment contract or wrap issuer's interest hereunder.

Such events may include, but are not limited to: Fund administration is amended or changed, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Fund, failure to meet certain tax qualifications, communication that is designed to influence participants not to invest in the Fund, transfers to competing options without meeting the equity wash provisions of the Fund, and plan sponsor withdrawals without the appropriate notice to the Fund and/or issuer.

In the normal course of business, such events or conditions would not limit the ability of the Fund to transact at contract value with the participants in the Fund. The Fund is managed to maintain a certain amount of liquidity to provide for the day-to-day liquidity needs of participants as well as the occasional market value event.

Dividend and interest income are recognized when received. Net appreciation (depreciation) on investments held represents the change in market value of the investments from the beginning of the Plan year (or date the investments were purchased, if later) to the end of the Plan year.

BENEFITS

Benefits are recorded when paid.

NOTE 3—FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures topic of the FASB Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2015 and 2014.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

Money market funds and collective investment trusts are valued at the net asset value ("NAV") of shares held by the Plan at year-end. The NAV is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Generally, there are no restrictions on a participant's ability to redeem their investment in the collective investment trust at the investment's NAV. However, withdrawals prompted by certain events (e.g., termination of the managed income portfolio, changes in laws and regulations) may restrict a participant's ability to redeem the investment at its NAV.

Level 3 Fair Value Measurements

Level 3 Fair Value Measurements are not applicable to the Plan for 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2015 and 2014:

NOTE 4—RELATED PARTIES AND PARTIES-IN-INTEREST

Expenses of the Plan are paid by the Plan sponsors.

The Plan is sponsored by the following companies, affiliated through common ownership:

Conor Commercial Real Estate, LLC
McShane Construction Company, LLC
Cadence McShane Construction Company, LLC

The Plan's investments are managed by Bank of America Merrill Lynch, the trustee and third party administrator of the plan, therefore, Bank of America Merrill Lynch is considered a party-in-interest.

NOTE 5—TAX STATUS

The Plan presently meets the requirements of Section 401(a) of the Internal Revenue Code and, accordingly, its income is exempt from federal income taxes under Section 501(a). A similar status exists for Illinois income taxes.

The Internal Revenue Service had determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of September 30, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6—PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsors have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7—SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 21, 2016, the date which the financial statements were available for issue. There were no subsequent events which require disclosure.
