WASTREN ENERGX MISSION SUPPORT, LLC
401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1—Description of the Plan

The following brief description of the Wastren EnergX Mission Support, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Reference should be made to the Plan Agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan, established on March 16, 2010, covering substantially all employees of Wastren EnergX Mission Support, LLC (the “Company” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participation – All active employees, excluding temporary employees, of the Company are eligible to participate in the Plan on the same date hired.

Administration – The Company is the Plan Sponsor and Plan Administrator. Assets of the Plan are held by Capital Bank and Trust Company, the “Trustee” of the Plan. Certain administrative functions are performed by employees of the Company. These employees do not receive compensation from the Plan.

Contributions – Each year participants may contribute up to 100% of annual compensation, as defined in the Plan. Employees may also transfer amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain limitations, as defined in the Plan and the Internal Revenue Code (“IRC”). The maximum contribution limitation for 2015 was \$18,000. The Company may make safe harbor matching contributions each year, to be determined by the Employer before the beginning of the Plan year. Safe harbor matching contributions will equal 100% of each eligible participant’s elective deferrals that do not exceed 4% of his or her compensation for the Plan year. The Company made safe harbor matching contributions during the year ended December 31, 2015 in the amount of \$661,672. The Company may also make discretionary profit sharing contributions each year, to be determined by the Employer. Participants are subject to certain eligibility requirements to receive the Company’s discretionary profit sharing contributions.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s discretionary contributions, and (b) investment earnings or losses (including net appreciation and depreciation in fair value of investments) and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which the participant is entitled is the benefit that can be provided from the participant’s account at the time of retirement, termination, total disability, or death.

Vesting – Participants immediately have a fully vested and nonforfeitable interest in their voluntary and Company safe harbor matching and discretionary profit sharing contributions plus earnings thereon.

Benefits and Payments – On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. Participants that have reached the age 70½ may be required to take certain minimum distributions, which are paid in annual installments, which shall not extend beyond the participant’s life expectancy. Participants may also withdraw all or any part of their vested account balance after having attained age 59½, incurred a disability, or incurred a hardship in accordance with the Plan.

WASTREN ENERGIX MISSION SUPPORT, LLC
401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants are eligible to borrow up to 50% of their vested balance or \$50,000, whichever is less, but not less than \$1,000 from the Plan, for any purpose. Note terms range from one to five years or 30 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear an interest rate commensurate with local prevailing rates as determined by the third-party administrator. The interest rate range for outstanding notes receivable from participants was 3.25% - 3.50% as of December 31, 2015 and 3.25% as of December 31, 2014. Principal and interest are paid ratably through payroll deductions.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recognized when earned. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates – The preparation of financial statements in conformity GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Administrative expenses paid directly by the Company on behalf of the Plan include legal fees and accounting fees. Expenses paid by the Plan include third-party administration fees and investment fees.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan Document.

New Accounting Pronouncements – In May 2015, the FASB issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of the new standard. Accordingly, the amendment was retrospectively applied.

WASTREN ENERGIX MISSION SUPPORT, LLC
401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 2—Summary of significant accounting policies (continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively.

Management has elected to adopt Part II early. Accordingly, the amendments were retrospectively applied. Parts I and III are not applicable to this Plan.

Subsequent Events – The Plan Management has evaluated subsequent events through May 9, 2016, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued. The Plan Management did not identify any events requiring recording to or additional disclosure in the financial statements.

Note 3—Party-in-interest transactions

Capital Bank and Trust Company is the Trustee as defined by the Plan and, therefore, transactions with Capital Bank and Trust Company qualify as party-in-interest transactions. Fees paid during the year for administrative expenses rendered by parties in interest were based on customary and reasonable rates for such services and are paid by the Plan. For the year ended December 31, 2015, total administrative fees paid by the Plan to parties in interest were \$5,235.

Note 4—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

Note 5—Income tax status

American Funds, the sponsor of the prototype plan adopted by the Plan, has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. The Plan has not submitted its own document to the Internal Revenue Service for a determination letter, but is relying on the letter obtained by American Funds. It is the opinion of the Plan Administrator that the Plan and its underlying trust have operated with the terms of the Plan and are qualified under the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Fair value measurements

Fair Value Measurements and Disclosures provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 7—Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds – These investments are generally short-term money market funds valued using \$1 for the unit value. The Trustee establishes the market and quotes the price, on a daily basis, that is available to market participants. This valuation method is a market approach. As such, these money market funds are classified within Level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value at December 31, 2015				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 2,058,061	\$ -	\$ 2,058,061

Total	<u>\$ 9,205,081</u>	<u>\$ 2,058,061</u>	<u>\$ -</u>	<u>\$ 11,263,142</u>
Assets at Fair Value at December 31, 2014

There were no significant transfers between Level 1 and Level 2 investments during the year ended December 31, 2015.

Note 8—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
