1. PLAN DESCRIPTION:

The following description of the Burke, Inc. Profit Sharing and Pay Deferral Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan, which became effective on July 21, 1989, is a voluntary contribution profit sharing plan covering all eligible employees of Burke, Inc. (the "Employer"). Effective January 1, 2004, exempt non-highly compensated employees who have performed or are expected to perform 1,000 or more hours of service during the 12 months following their employment commencement date, become Plan participants on their employment commencement date. All other employees must complete one year and 1,000 or more hours of service to become Plan participants. Effective June 8, 2015, the Plan was amended to allow for automatic enrollment of eligible employees. Upon attaining eligibility, an employee's compensation will be automatically reduced by 3%, the automatic deferral rate, increasing by 1% annually up to a 7% maximum, unless the participant elects otherwise. The Plan is administered by certain employees of the Employer who act as an administrative committee and as trustees. Fidelity Management Trust Company ("Fidelity") is the Plan's trustee for all investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code of 1986 (the "Code"), as amended.

Contributions

Each year, participants may contribute to the Plan, on a pre-tax basis, 401(k) contributions and catch-up contributions up to limits set by the Plan and the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. All Employer contributions are discretionary. In 2015 and 2014, the Employer matched 50% of each participant's eligible compensation for the period, as defined, up to 7%, with a maximum employer contribution of \$3,000.

Participant accounts

Each participant's account is credited with the contributions to the Plan on behalf of the participants and adjusted for earnings and losses thereon. Other than matching contributions, any discretionary Employer contributions are allocated based upon the ratio of a participant's compensation to total compensation, as defined. The benefit to which a participant is entitled is the vested amount that is in such participants' account at any given time.

Vesting

Participants are immediately 100% vested in their 401(k) contributions, catch-up contributions and rollover contributions, as adjusted for earnings and losses thereon. Participants become 100% vested in Employer contributions upon obtaining one hour of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the

participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits

The Plan provides for a lump sum payment of benefits upon retirement, death or disability of the participant or upon termination of employment with the Employer. Additionally, prior to termination, a participant may withdraw a portion of their account upon attaining age 59 ½ or upon incurring a financial hardship if certain requirements are met.

Death benefits

A participant's vested account balance remaining in the Plan will be paid to the participant's beneficiary.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. The statements of net assets available for benefits presents the fair value of the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contract. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Accounting change

Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, “Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient.” ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning December 15, 2015, with earlier adoption permitted. The Plan has elected to early adopt Part II, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Reclassification

Certain amounts in the 2014 financial statements have been reclassified to conform to the 2015 presentation.

Subsequent events

The Plan has evaluated subsequent events through July 5, 2016, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability; |

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

4. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual and money market funds managed by Fidelity Investments. Fidelity Investments is an affiliate of Fidelity Management Trust Company, the trustee to the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in fair value of the investment. The Plan made direct payments to the third party administrator totaling \$2,181 and \$1,853 for the years ended December 31, 2015 and 2014, respectively. The Employer pays directly any other fees related to the Plan's operations.

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. TAX STATUS:

The Plan obtained its latest determination letter on September 7, 2011, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has since been amended. The Employer believes that the Plan currently is designed and is being operated in compliance with the applicable requirements of the Code, and the related trust continues to be tax exempt as of December 31, 2015. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan was amended and restated effective January 1, 2015 and has applied for a new determination letter from the IRS. The restated plan will be put into effect upon receipt of the IRS determination letter. As of the date of the audit report, the Plan has not yet received a response.

7. INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEE:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all investments as of December 31, 2015 and 2014, and the related investment activity for the years then ended.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS:

Effective January 1, 2016, the Plan was amended to define an eligible employee as an employee that has reached age 21, and is expected to perform 20 or more hours in the 12 months following their employment commencement date.

10. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of the amounts reported in the financial statements, as of and for the years ended December 31, 2015 and 2014, and those reported on the Form 5500:
