Independent Auditors' Report

Members of the Board of Trustees and Participants
J. Goodman & Associates, Inc. 401(k) Plan
Los Angeles, California

We were engaged to audit the accompanying financial statements of the J. Goodman & Associates, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of September 1, 2015 and December 31, 2014, the related statement of changes in net assets available for benefits for the period from January 1, 2015 through September 1, 2015, and the related notes to the financial statements.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3, 4 and 8, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of September 1, 2015 and December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Independent Auditors' Report (continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter – Supplementary Schedule

The supplemental schedule of assets (held at end of period) as of September 1, 2015 is required by DOL Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Emphasis of Matter

As discussed in Note 1 of the financial statements, the Plan merged with another qualified plan effective September 1, 2015. Accordingly, the statement of net assets available for benefits shows no balance as all assets were transferred to the surviving plan as of the period end.

J. Goodman & Associates, Inc. 401(k) Plan

Notes to Financial Statements

September 1, 2015

Note 1 – Description of Plan

The following description of the J. Goodman & Associates, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of J. Goodman & Associates, Inc. (the "Company") who have completed 60 days of service, consisting of at least 83.3 hours of service during each such month, and attained the age of 21 years. John Hancock Life Insurance Company ("John Hancock") serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective September 1, 2015, the J Goodman & Associates, Inc. 401(k) Plan merged into The CORE Group 401(k) Plan. As such, all assets of the Plan were transferred to The CORE Group 401(k) Plan and all participants formerly in the Plan became participants in The CORE Group 401(k) Plan. The assets transferred into The CORE Group 401(k) Plan consisted of pooled separate accounts of \$4,187,572, guaranteed interest accounts of \$14,489 and notes receivable of \$53,508.

Contributions

The Plan permits employees to make pre-tax (regular and catch-up) contributions. Each year, participants may contribute up to the maximum dollar amount allowed under Internal Revenue Code limitations. Participants may also make rollover contributions from other qualified plans. The Company may elect each Plan year, by resolution of its Board of Directors, to make discretionary matching or profit sharing contributions to the Plan. Participants who have completed 1,000 hours of service and are employed by the Company on the last day of the Plan year are eligible to receive matching or profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and allocations of the Plan's earnings, and charged with the participant's withdrawals and allocations of the Plan's losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their salary deferral and rollover contributions plus accumulated earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 20% vested after 2 years of service and vests an additional 20% per year of service until they are 100% vested after 6 years of service.

J. Goodman & Associates, Inc. 401(k) Plan

Notes to Financial Statements

September 1, 2015

Note 1 – Description of Plan (continued)

Investment Options

Participants direct both employee deferrals and employer contributions to be invested in various investment options as made available and determined by the plan administrator, which are more fully described in the Plan literature.

Benefit Payments

Participants may withdraw the vested interest in their account only in the event of termination of employment, retirement, death, disability, financial hardship or when they reach an age of 59 1/2. On termination of employment, a participant may either receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a direct transfer to an individual retirement account or annuity. If a participant makes no distribution election upon termination of employment, and the value of his or her account is \$1,000 or less, the vested balance will be distributed to the participant in a single lump-sum payment.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000, up to a maximum of \$50,000 or 50% of the vested portion of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at 4.25%, which was commensurate with local prevailing rate for similar note at the time funds were borrowed. Principal and interest are paid ratably through payroll deductions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments, including pooled separate accounts and guaranteed interest accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. The Plan is subject to a review by certain regulatory authorities. Management does not believe that the effect of such reviews, if any, will have a significant impact on the Plan.

J. Goodman & Associates, Inc. 401(k) Plan
Notes to Financial Statements
September 1, 2015

Note 2 - Significant Accounting Policies (continued)

Payment of Benefits

Benefit payments to participants are recorded when paid. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not been paid, were \$0 at September 1, 2015 and December 31, 2014, respectively.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based on the terms of the Plan document.

Terminated and Defaulted Notes

Notes receivable from participants are terminated when a participant withdraws from the Plan. Any unpaid note balance will be reduced by the amount of the vested interest in the account balance upon distribution. Notes that have not been repaid in a timely manner, or with an outstanding principal balance existing after the last scheduled repayment date, are in default.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. However, the Plan also invests in the John Hancock Stable Value Fund that invests in fully benefit responsive investment contracts, which is valued at contract value. Contract value represents investments at cost plus accrued income less amounts withdrawn to pay benefits. The fair value of the John Hancock Stable Value Fund is based on discounting the related cash flows of the underlying investment contracts based on current yields of similar instruments with comparable durations. Investments in non-benefit responsive guaranteed interest accounts are reported at fair value. See Note 8 for a discussion of fair value measurements.

The Plan has guaranteed interest accounts with John Hancock. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement). However, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, the guaranteed interest accounts are considered non-benefit responsive.

Fair market value is the amount that would be received were the funds to be withdrawn or transferred within the Plan prior to maturity. This fair market value represents guaranteed interest account contract values adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. This value represents contributions allocated to guaranteed interest accounts, plus interest at the contractually guaranteed rate, less funds used to pay benefits and insurance company administrative expenses.

J. Goodman & Associates, Inc. 401(k) Plan
Notes to Financial Statements
September 1, 2015

Note 2 - Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

All withdrawals from the guaranteed interest accounts are made on a last-in, first-out basis and are made at either book value, the lesser of book or market value or market value depending upon the withdrawal type as outlined in the contract. Book value equals the sum of all contributions made to participant accounts plus interest owed less all asset charges, fees and any previous withdrawals. The contract is, therefore, included in the financial statements at fair value as reported to the Plan by John Hancock. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The contract value of the guaranteed interest accounts and the John Hancock Stable Value Fund approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net decrease in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses paid by the Plan include primarily investment related expenses and also include fees related to the administration of notes receivable from participants charged directly to participant accounts.

Note 3 - Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits consisted of the following at September 1, 2015 and December 31 2014:

	September 1, 2015	December 31, 2014
Lifestyle Growth	\$ -	\$ 739,026
Lifestyle Balanced	-	\$ 701,545
Lifestyle Moderate	-	\$ 652,228
Stable Value Fund	-	\$ 537,808
Lifestyle Aggressive	-	\$ 282,486

As of September 1, 2015, all Plan assets were transferred to The CORE Group 401(k) Plan.

J. Goodman & Associates, Inc. 401(k) Plan

Notes to Financial Statements

September 1, 2015

Note 3 – Investments (continued)

As reported by the Plan's custodian, the Plan's investments (including realized gains and losses on investments bought and sold and unrealized gains and losses on investments held during the year) collectively decreased in net value by \$187,128 during the period ended September 1, 2015.

Note 4 - Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by John Hancock Life Insurance Company and was not subjected to any auditing procedures performed by the independent auditors.

- a. Investments as of September 1, 2015 and December 31, 2014, as indicated in the Statements of Net Assets Available for Benefits and Note 3;
- b. Net investment loss, as indicated in the Statement of Changes in Net Assets Available for Benefits for the period ended September 1, 2015; and
- c. All investment-related information in the accompanying supplemental schedule of assets (held at end of period) as of September 1, 2015.

Note 5 - Related Party Transactions

Certain Plan investments are managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to John Hancock for investment management services were \$686 for the period ended September 1, 2015.

Note 6 - Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their employer contributions. See Note 1 for a discussion of the J. Goodman & Associates, Inc. 401(k) Plan merging into The CORE Group 401(k) Plan on September 1, 2015.

Note 7 - Federal Income Tax Status

The Internal Revenue Service has determined and informed the Company, by a letter dated December 20, 2010, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 7 - Federal Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 1, 2015 and December 31, 2014, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing and other jurisdictions. However, there are currently no audits in progress for any prior tax periods.

Note 8 - Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: These inputs into valuation methodology consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Examples of these inputs into the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: These inputs into the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value:

Note 8 - Fair Value Measurements (continued)

Pooled separate accounts: Valued at the estimated market value at year end of the underlying assets.

Guaranteed interest accounts: The guaranteed interest accounts ("GIA") cannot be sold to a third-party, thus, the only option to exit the GIAs is to withdraw the funds prior to maturity. The fair value is the discontinuance value which is the amount the Plan participant would receive if they transfer or surrender their funds out of the guaranteed interest accounts prior to maturity. The fair value of the GIAs is computed using a combination of the current interest rates based on remaining investment terms at the reporting date as well as the interest rate on the account. If the applicable interest rate is greater than the interest rate on the account, the fair value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the years (including fractional years) until the maturity date. If the applicable interest rate is equal to or less than the interest rate on the account, the fair value is equal to the contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at September 1, 2015 and December 31, 2014.

As of September 1, 2015, all Plan assets were in-transit to The Core Group Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 1, 2015 and December 31, 2014:

Note 8 - Fair Value Measurements (continued)

Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the period ended September 1, 2015 and year ended December 31, 2014, there were no transfers in or out of levels 1, 2 or 3.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the periods ended September 1, 2015 and December 31, 2014:
