Report on the Financial Statements

We were engaged to audit the accompanying financial statements of AK Steel Tax-Efficient Savings Plan for Hourly Employees (the "Plan"), which comprise the statement of net assets available for benefits as of September 30, 2015 and December 31, 2014 and the related statement of changes in net assets available for benefits for the period from January 1, 2015 through September 30, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained certifications from the Trustee as of September 30, 2015 and December 31, 2014 and for the period from January 1, 2015 through September 30, 2015 that the information provided to the plan administrator by the Trustee is complete and accurate.

AK Steel Tax-Efficient Savings Plan for Hourly Employees

Notes to Financial Statements September 30, 2015 and December 31, 2014

Note 1 - Plan Description

The following description of AK Steel Tax-Efficient Savings Plan for Hourly Employees (the "Plan") provides only general information. Participants should refer to the plan agreement and related union agreements, if applicable, for a more complete description of the Plan's provisions.

On September 16, 2014, AK Steel Corporation (AK Steel or the "Company") acquired Severstal Dearborn, LLC (Dearborn), which immediately was merged with and into the Company. As a result of this transaction, AK Steel became the plan sponsor of the Plan and assumed all outstanding obligations of the Plan as of the date of acquisition. Following the acquisition, the Plan was renamed from Severstal Dearborn, LLC Tax Efficient Savings Plan for Hourly Employees.

On September 30, 2015, the Plan merged with and into the AK Steel Corporation Thrift Plan - Plan Document C. See Note 6 for additional information.

General - The Plan was a voluntary, defined contribution savings plan covering all hourly employees represented under the agreement between the Company and the International Union, United Automobile, Aerospace, and Agricultural Implement Workers of America (UAW). Effective September 1, 2012, hourly employees of Mountain State Carbon, LLC, an entity affiliated with the Company through common ownership, who were subject to collective bargaining with the United Steelworkers, were added to the Plan.

Eligible participants were those who had completed three months of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Company was the sponsor of the Plan. Fidelity Management Trust Company functioned as trustee and investment manager. Investment management fees and trustee fees were paid by the Plan in accordance with the plan agreement.

Participant Accounts - Each participant's account was credited with the participant's contributions, if applicable, allocations of the Company's contributions, plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Forfeitures of terminated participants' nonvested accounts were used to pay plan expenses and reduce employer contributions. Allocations were based on a participant's age as outlined in the table included in the contributions section. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account. Participants directed the investments of their account balances into various investment options offered by the Plan.

AK Steel Tax-Efficient Savings Plan for Hourly Employees

Notes to Financial Statements September 30, 2015 and December 31, 2014

Note 1 - Plan Description (Continued)

Investment Options - Participant and company contributions may have been allocated to investment options in multiples of 1 percent. Participants could have changed their investment choices for both future contributions and existing account balances and could have suspended contributions by contacting Fidelity Management Trust Company.

Participant Notes Receivable - Participants may have borrowed from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes receivable were secured by the balance in the participant's account and bore interest at rates that ranged from 3.25 to 8.25 percent, which were commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest were paid ratably through monthly payroll deductions.

Contributions - Participants may have elected to make pretax contributions to the Plan through payroll deductions from a minimum of 1 percent of eligible earnings, as defined in the plan document, to a maximum of 99 percent of eligible earnings, subject to the maximum allowed under the Internal Revenue Code. Participants may have also made contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company made contributions to the Plan for each hour of service worked by each participant, as defined in the plan document, up to a maximum of 2,080 hours annually by each participant, based on each participant's age, according to the following schedule:

Participant's Age at End of Most Recent Pay Period	Employer Contribution Per Hour
Under 30	\$ 0.50
30 to 39	0.75
40 to 44	1.00
45 to 49	1.30
50 to 54	1.80
55 and over	2.60

Vesting - Participants were immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of his or her accounts, plus actual earnings thereon, was based on years of service. Participants vest in contributions made by the Company 100 percent after three years of service, as defined in the Plan, upon termination of employment due to death or disability, or at age 65, regardless of service.

AK Steel Tax-Efficient Savings Plan for Hourly Employees

Notes to Financial Statements September 30, 2015 and December 31, 2014

Note 1 - Plan Description (Continued)

Benefit Payments - Distributions were payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Hardship Withdrawals - Participants may have requested that a portion of his or her contribution accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company was required to approve any hardship withdrawals that did not fall within the IRS safe harbor guidelines.

Forfeitures - If a participant was not fully vested on his or her termination date, the nonvested amount of the account was forfeited. Forfeitures were used to reduce future company contributions or to pay administrative expenses of the Plan.

Party-in-interest Transactions - Certain plan assets were in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company was the trustee of the Plan; therefore, these transactions qualified as party-in-interest transactions as defined under ERISA guidelines. The Company paid certain administrative fees on behalf of the Plan. The Company was the plan sponsor, and therefore these transactions qualified as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan were stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded as earned. Dividends were recorded on the ex-dividend date.

Benefit Payments - Benefits were recorded when paid.

Participant Notes Receivable - Participant notes receivable were recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable were written off when deemed uncollectible.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

AK Steel Tax-Efficient Savings Plan for Hourly Employees

Notes to Financial Statements September 30, 2015 and December 31, 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 6, 2016, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") held the Plan's investments and participant notes receivable and executed all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements are based solely on information provided by the Trustee.

Significant investments included in end-of-year net assets at December 31, 2014 are as follows:

Mutual funds:

T. Rowe Price Retirement 2020 Fund	\$ 7,282,793
T. Rowe Price Retirement 2025 Fund	4,643,048
T. Rowe Price Retirement 2030 Fund	5,656,933
Harbor Capital Appreciation Fund	8,506,005
Money market fund - Fidelity Retire Money Market Fund	12,206,949

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs other than quoted prices that are observable for the asset or liability.

AK Steel Tax-Efficient Savings Plan for Hourly Employees

Notes to Financial Statements September 30, 2015 and December 31, 2014

Note 4 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset at the measurement date. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds - Mutual funds were valued at closing quoted prices reported in active markets.

Common Stock - Common stocks were valued at closing quoted prices reported in active markets.

Money Market Fund - Money market funds were valued at closing quoted prices reported in active markets.

Common Collective Trust Funds - The common collective trust funds were valued at net asset value per share (or its equivalent) of the funds, which was based on the fair value of the funds' underlying net assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AK Steel Tax-Efficient Savings Plan for Hourly Employees

Notes to Financial Statements September 30, 2015 and December 31, 2014

Note 4 - Fair Value Measurements (Continued)

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014. As detailed in Note 6, all plan assets were transferred to the AK Steel Corporation Thrift Plan - Plan Document C, effective September 30, 2015.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2014

	Level 1	Level 2	Level 3	Balance at December 31, 2014
Mutual funds:				
Equity investments	\$ 29,867,866	\$ -	\$ -	\$ 29,867,866
Fixed-income investments	2,283,884	-	-	2,283,884
Balanced investments	356,072	-	-	356,072
Retirement year-based investments	37,336,918	-	-	37,336,918
Common collective trust funds:				
Equity investments (1)	-	2,807,555	-	2,807,555
Fixed-income investments (2)	-	709,587	-	709,587

Money market fund - Short-term investments	12,726,285	-	-	12,726,285
Total	<u>\$ 83,722,257</u>	<u>\$ 3,517,142</u>	<u>\$ -</u>	<u>\$ 87,239,399</u>

- (1) This class represents investments in actively managed common collective trust funds that invest primarily in equity securities, which may include common stocks, options, and futures.
- (2) This class represents investments in actively managed common collective trust funds that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy was to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2015.

Note 5 - Tax Status

The Plan, as adopted, was a volume submitter plan, which did not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2008. The Plan did not individually seek its own determination letter.

AK Steel Tax-Efficient Savings Plan for Hourly Employees

Notes to Financial Statements September 30, 2015 and December 31, 2014

Note 6 - Plan Merger

As of September 30, 2015, effective immediately after the valuation of the accounts as of that date, the Plan merged with and into AK Steel Corporation Thrift Plan - Plan Document C. Accordingly, all assets, participants, and their related account balances were transferred to the AK Steel Corporation Thrift Plan - Plan Document C on September 30, 2015. The Plan ceased to be a separate plan as of September 30, 2015.
