Report on the Financial Statements

We have audited the accompanying financial statements of HCC, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the year ended December 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of the year ended December 31, 2015 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1. Plan Description and Basis of Presentation

The following description of HCC, Inc. Employee Stock Ownership Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

HCC, Inc. (the Company) established the Plan effective as of January 1, 1996. The Plan operates as a leveraged employee stock ownership plan (ESOP), is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC) as amended and is subject to the applicable provisions of ERISA, as amended. The Plan is administered by the Plan Administrative Committee appointed by the Board of Directors of the Company. The trust department of an independent third-party bank is the trustee.

The Plan purchased Company common stock using the proceeds borrowed from the Company (see Note 8) and holds the common stock in a trust established under the Plan. The borrowings are repaid annually by Company contributions to the trust fund. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of Company common stock. The Company has no rights against shares once they are allocated to participants under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2015 and 2014 and for the year ended December 31, 2015 present separately the assets and liabilities and changes therein pertaining to:

a. The accounts of employees with vested rights in allocated Company common stock (Allocated), and

b. Company common stock not yet allocated to employees (Unallocated).

Eligibility: An employee becomes eligible to participate in the Plan on the earlier of the first day of the plan year or the first day of the seventh month of the plan year coinciding or next following completion of one year of continuous service and obtaining 21 years of age. Participants who do not have at least 1,000 hours of service during the plan year or are not employed on the last working day of the plan year are generally not eligible for an allocation of Company contributions for such year.

Vesting: Participants are 100% vested in their accounts for reasons of retirement at age 65 or older, disability or death. If a participant's employment with the Company ends for any other reason, they will vest in their account based on total years of service with the Company as follows:

Completed Years of Service	Percentage of Vested Interest
Less than 2	-
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1. Plan Description and Basis of Presentation (Continued)

Participant accounts and forfeitures: Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Allocations are based on participants' eligible earnings as defined in the plan agreement. Forfeitures are to be reallocated to all eligible participants in the same manner as Company stock and cash contributions. During the year ended December 31, 2015, forfeited nonvested accounts totaling approximately $53,000 were reallocated to eligible participants.

Payment of benefits: The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance. Distributions will be made from the Plan when a participant retires at age 65 or older, dies (in which case, payment shall be made to their beneficiary), or becomes permanently disabled, on a fully vested basis. Distributions for other terminations of employment are made subject to vesting and payment conditions detailed in the Plan. Participants may defer distributions up to one year after the end of the plan year in which the participant retires, becomes disabled, or dies, or one year after the end of the fifth plan year following the plan year during which the participant terminates employment. Distributions can be made in the form of whole shares of Company stock, cash or a combination of both, as determined by the Plan Administrative Committee, although a participant has the right to demand a distribution in shares of Company stock subject to the payment condition described in Note 8.

Voting rights: The shares of Company stock held in the Plan will be voted by the trustee as directed by the Plan Administrative Committee. However, in the event of a stockholder vote with respect to a major corporate event such as a corporate merger or consolidation, recapitalization, reclassification, liquidation or dissolution, or sale of substantially all of the corporate assets, the participant is entitled to direct the trustee on how to vote the shares of Company stock allocated to their account. In such event, the trustee will vote the shares of Company stock which are unallocated, as well as allocated shares of Company stock for which no directions are received, as directed by the Plan Administrative Committee, provided, however, that the trustee may vote the shares as it determines is necessary to fulfill their fiduciary duties.

Put option: Under federal income tax regulations, the employer securities that are held by the Plan and its participants and are not readily tradable on an established market, or are subject to trading limitations, include a put option. The put option is a right to demand that the Company buy shares of its stock distributed to participants for which there is no market. The Company issues the put option to the participant at the time of distribution. This put option allows the participant or beneficiary to sell the stock at its then fair market value, as determined by the most recent independent appraisal, at any time during the 60-day period beginning on the date the stock was distributed. The Plan may be permitted by the Company to purchase the stock put to the Company under the put option. If the put option is not exercised by the end of the 60 days, it temporarily lapses. Upon the close of the plan year in which the put option lapses, the independent appraiser will determine the value of the Company stock and the Plan Administrative Committee will notify each distributee, who did not exercise the initial put option prior to its temporary lapse in the preceding plan year, of the revised value of the Company stock, upon which this person shall again have 60 days to exercise the put option and sell their stock back to the Company. If at the end of this second 60-day period the put is not exercised, the put option permanently lapses, and the Company is under no obligation to repurchase the stock. However, at the direction of the Plan Administrative Committee, the trustee, on behalf of the trust, may offer to purchase any shares of Company stock (which are not sold pursuant to the put option) from any former participant or beneficiary at any time in the future, at their then fair market value. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Note 1. Plan Description and Basis of Presentation (Continued)

Diversification: Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a distribution of stock with a put option which is immediately exercised.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan relies significantly on the use of estimates in determining the valuation of the Company's common stock.

The financial statements include the Company's common stock valued at $24,479,730 and $23,156,850 at December 31, 2015 and 2014, respectively, whose value has been estimated by an independent valuation specialist in the absence of a readily ascertainable market value. Because of the inherent subjectivity in any valuation, the estimated value may differ significantly from the value that would have been used had a ready market for the securities existed, and the difference could be material.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Costs used to determine realized gain/(loss) upon the sale or distribution of shares is determined by using a first-in, first-out (FIFO) approach. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Payment of benefits: Benefits are recorded when paid or when stock is distributed.

Administrative expenses: All expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements.

Note 2. Significant Accounting Policies (Continued)

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this Update will have on the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- he amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in FASB ASC 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan,* as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented. The amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact this Update will have on the Plan's financial statements.

Subsequent events: Plan management has evaluated subsequent events through July 13, 2016, the date on which the financial statements were available to be issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

HCC, Inc. common stock: The fair value of HCC, Inc.'s common stock held by the Plan is valued based upon an annual independent appraisal. This appraisal was based upon a combination of the discounted cash flow under the income approach and the guideline public company method under the market approach. No changes to the comparable guideline public company group were made during 2015 for the market approach. The appraiser used a blended approach of 50% discounted cash flow technique and 50% market valuation technique in both 2015 and 2014. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and the present value of future estimated ESOP payouts.

Shares of registered investment companies: These investments are valued at the daily closing price as reported by the fund. The fund held by the Plan is an open-end fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily net asset value (NAV) and to transact at that price. The fund held by the Plan is deemed to be actively traded.

Note 3. Fair Value Measurements (Continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers in or out of Level 3.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015			
	Assets Measured at Fair Value			
Description	Total	Level 1	Level 2	Level 3
HCC, Inc. common stock	$ 24,479,730	$ -	$ -	$ 24,479,730
Shares of registered investment companies:				
Money market	5,645	5,645	-	-
	$ 24,485,375	$ 5,645	$ -	$ 24,479,730

	2014			
	Assets Measured at Fair Value			
Description	Total	Level 1	Level 2	Level 3
HCC, Inc. common stock	$ 23,156,850	$ -	$ -	$ 23,156,850
Shares of registered investment companies:

	$ 23,162,490	$ 5,640	$ -	$ 23,156,850

Note 3. Fair Value Measurements (Continued)

The following table sets forth a summary of changes in fair value of the Plan's Level 3 assets for the year ended December 31, 2015:

	HCC, Inc. Common Stock
Balance, beginning of year	$ 23,156,850
Shares distributed	(1,935,411)
Unrealized gains relating to investments still held at the reporting date	3,258,291
Balance, end of year	$ 24,479,730
Amount of total gains for the period included in changes in net assets attributable to the change in unrealized gains relating to investments still held at the reporting date	$ 3,258,291

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits are reported in net appreciation in fair value of investments.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Value Measurements

The following table presents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs:

Description	Fair Value	Valuation Techniques	Unobservable Input
HCC, Inc. Common Stock	$ 24,479,730	Discounted Cash Flow	- Weighted average cost of capital. - Long-term revenue growth rate. - Operating margin. - Discount for lack of marketability. - Capitalization factor. - ESOP repurchase liability.
		Guideline Public Companies	- Discount for lack of marketability.

Note 4. Income Tax Status

The IRS has determined and informed the Company by a letter dated September 18, 2013, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Management evaluated the Plan's tax positions in accordance with the FASB guidance on accounting for uncertainty in income taxes and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 5. Administration of Plan Assets and Related Party Transactions

The Plan's assets, which consist primarily of HCC, Inc. common stock, are held by the trustee of the Plan, GreatBanc Trust Company.

Company contributions are held and managed by the trustee, which invests plan assets and makes distributions to participants. The trustee also administers the payment of interest and principal on the notes payable, which is reimbursed to the trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the IRC. Upon termination of the Plan, the Plan Administrator shall direct the trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay loans.

Note 7. Investment

The following table presents those investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2015 and 2014:

	2015		2014	
	Allocated	Unallocated	Allocated	Unallocated
HCC, Inc. common stock:				
Shares	45,523.2620	15,265.7411	48,705.9969	17,627.0031
Cost	$ 5,472,134	$ 1,880,800	$ 5,605,981	$ 2,137,805
Fair market value	$ 18,332,219	$ 6,147,511	$ 17,003,264	$ 6,153,586

Note 8. Employer Contributions, Notes Payable and Restriction on Distributions

On October 30, 2006, the Company loaned the Plan $3,230,112, which was concurrently used by the Plan to acquire 33,647 shares of the Company's common stock at a cost of $96.00 per share. The acquired common shares were pledged under the loan agreement which provides for the reduction of the number of shares pledged based on the relationship of principal and interest paid for the year in proportion to the total principal and interest to be paid over the remaining term of the loan agreement. The shares released from the pledge are shown in the statement of net assets as allocated assets available for benefits. The agreement provides for the note to be repaid over 15 years with annual payments of principal and interest of $359,277 at a rate of 7.375%. The balance of the loan outstanding at December 31, 2015 and 2014 was $1,692,862 and $1,911,189, respectively.

On November 21, 2014, the Company loaned the Plan $646,925, which was concurrently used by the Plan to acquire 2,097 shares of the Company's common stock at a cost of $308.50 per share. The acquired common shares were pledged under the loan agreement which provides for the reduction of the number of shares pledged based on the relationship of principal and interest paid for the year in proportion to the total principal and interest to be paid over the remaining term of the loan agreement. The shares released from the pledge are shown in the statement of net assets as allocated assets available for benefits. The agreement provides for the note to be repaid over 15 years with an initial annual payment of principal and interest of $55,041, followed by annual payments of principal and interest of $53,839 at a rate of 2.91%. The balance of the loan outstanding at December 31, 2015 and 2014 was $611,964 and $646,925, respectively.

The Company is required, under the loan agreements, to contribute to the Plan amounts sufficient to cover the required principal and interest payments due on the notes. The Company may increase its contributions up to the maximum amount deductible for federal income tax purposes.

Minimum required principal payments on notes payable through maturity are as follows:

Year Ending December 31,	
2016	$ 270,461
2017	288,798
2018	308,441
2019	329,485
2020	352,031
Thereafter	755,610
	$ 2,304,826

Distributions to a participant shall not include any Company common stock acquired with the proceeds of the notes payable until the close of the plan year in which such loan is repaid in full, except in the event of retirement at age 65, death or permanent disability of a participant under the Plan. As of December 31, 2015, terminated employees have vested balances of Company common stock having a value of approximately $1,719,488. The vested balance subject to the distribution restriction is approximately $763,500.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Plan's Form 5500:
