Report of the Financial Statements

We were engaged to audit the accompanying financial statements of the Lifeshare Community Blood Services 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Great-West Trust Company, LLC held the Plan's investment assets and executed investment transactions as of and for the years ended December 31, 2015 and 2014. The plan administrator has obtained a certification from the Trustee as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2015, the Plan adopted new guidance relative to the accounting for fully benefit-responsive investment contracts and certain investment disclosures which was retrospectively applied to the 2014 financial statements. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2015 on page 10 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LIFESHARE COMMUNITY BLOOD SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of the Lifeshare Community Blood Services 401(k) Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation – The Plan is a defined contribution plan that covers all employees of Lifeshare Community Blood Services (the Company). Effective January 1, 2015, Blood Systems, Inc. became the sole corporate member the Company. Employees are eligible to participate in the Plan on the first day of the month following the attainment of one year of service and the attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – The Plan is administered by the Company which is responsible for controlling and managing the operations and administration of the Plan.

Contributions – Participants may elect to make contributions from 1% to 90% of their eligible earnings on a "pre-tax" basis subject to certain limitations of the Plan and the Internal Revenue Code (IRC). Certain participants may also make "catch-up" deferral contributions to the Plan subject to IRC limitations. The Plan has a negative election format in which new employees are automatically enrolled when they become eligible. Unless otherwise directed by the participant, 2% of eligible earnings is withheld and invested in the common/collective trust fund. This fund meets Department of Labor guidelines for qualified default investment alternatives. The Company may make matching contributions in amounts or percentages to be determined annually. These matching contributions will be made each payroll period. The Company may also make discretionary, non-elective contributions to be allocated to participants who are employed on the last day of the plan year and who worked at least 1,000 hours during the plan year. Matching contributions for 2015 and 2014 were based on 60% of the first 10% of employee compensation deferred. There were not any discretionary, non-elective contributions made during these periods.

Participant Accounts – The Company maintains an individual account for each participant. These accounts are credited with participants' contributions, Company contributions and related earnings, and are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants elect to maintain their aggregate contributions in the investment funds offered by the Plan. Separate accounting for each of the funds is made pursuant to the participant's designated election. The net value of each participant account is established daily through the valuation of the funds at fair value.

Notes Receivable from Participants – The Plan allows loans to participants subject to certain regulatory restrictions. The total amount of loans cannot exceed the lesser of \$50,000 or 50% of the participant's vested balance. The minimum amount of each loan is \$1,000. Two loans per participant can be outstanding at any given time. Interest is charged based on the prevailing rate at the time of the loan. Repayments of principal and interest are made ratably through payroll deductions and are credited to the participant's separate account within the funds as elected by the participant.

LIFESHARE COMMUNITY BLOOD SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Vesting – Participants are at all times fully vested in their elective and voluntary contributions and earnings thereon. Participants vest in the Company contributions 20% for each year of service until fully vested after five years.

Payment of Benefits – A participant, upon retirement, termination, disability or the attainment of age 59 ½, or a participant's beneficiary, upon the participant's death, may elect to either rollover the funds until age 70 ½ or receive a lump-sum amount equal to the value of his/her account. In the case of a severe financial hardship, the Plan Administrator, in its sole discretion, may direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions.

Forfeitures – Forfeitures will be used first to offset administrative expenses with the remainder used to offset Company contributions to the Plan. In 2015 and 2014, \$7,875 and \$0- were used to offset administrative expenses, respectively. Unallocated forfeitures of \$918 and \$5,873 remained as of December 31, 2015 and 2014, respectively.

Termination Provisions – The Company reserves the right to terminate the Plan at any time by an action of its Board of Directors. In the event of termination of the Plan, participants would become 100% vested in their accounts and the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

New Accounting Pronouncements – In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; (3) disclose the fair value of investments in fully benefit-responsive investment contracts which are only required to be reported at contract value; or (4) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

Investment Valuation and Income Recognition – The Plan's investment in the benefit responsive guaranteed investment contract is reported at contract value. Contract value, as reported to the Plan by Great-West, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. All other Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Great-West (the "Trustee"). See Note 4 for a discussion of fair value measurements.

LIFESHARE COMMUNITY BLOOD SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The difference between current value and the cost of investments and the gain or loss on the sale of securities is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Guaranteed Investment Contract – The Plan entered into a fully-benefit responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (GWL). GWL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, which is reset at least annually.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

LIFESHARE COMMUNITY BLOOD SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Administrative Expenses – Administrative fees of the Plan are paid by the Company or the Plan at the option of the Company.

Reclassifications – Certain items from the prior year have been reclassified to conform to financial statement presentation in 2015.

Subsequent Events – The Plan has evaluated subsequent events and transactions for potential recognition and presentation through the date the financial statements were available to be issued, June 27, 2016.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the statements of net assets available for benefits at December 31, 2015 and 2014, the supplemental schedule at December 31, 2015, the related investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exist

LIFESHARE COMMUNITY BLOOD SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and are classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Party-in-Interest Transactions

Certain Plan investments are managed by Great-West Trust Company, LLC ("Great-West"). Great-West is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid to Great-West from the Plan were \$29,687 and \$27,132 for the year ended December 31, 2015 and 2014, respectively.

Note 6. Income Tax Status

The Internal Revenue Service has previously ruled on March 31, 2008 that the prototype standardized model on which this Plan is based qualifies under Section 401(a) of the IRC and is, therefore, not subject to tax under present income tax laws. The adopted Plan has been amended since the Internal Revenue Service ruling; however, the plan administrator believes the adopted Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. In general, the Plans previous three tax years remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note 7. Subsequent Event

As of January 1, 2016, all employees of the Company had become employees of Blood Systems, Inc. such that there were no longer any active participants in the Plan. Since that time, no further contributions have been made to the Plan. Management intends to merge the Plan with the Blood Systems, Inc. 401(k) Retirement Savings Plan in the near future.
