NOTE A - DESCRIPTION OF PLAN

The following description of the Plan provides general information only. Participants should refer to the plan document for a more complete description of the plan's provisions.

Effective as of October 1, 1996, Sun Orchard, Inc. ("Plan Sponsor"), adopted the Sun Orchard Inc. 401(k) Profit Sharing Plan (the "Plan").

The Plan Sponsor was acquired by an unrelated entity, Sun Orchard LLC, during the year ended September 30, 2015. A previously affiliated entity, 1-Epic, LLC, was not included in the acquisition. As a result, effective December 19, 2014, the employees of 1-Epic, LLC were no longer eligible to participate in the Plan. The account balances of these participants will remain in the Plan until the employee requests a distribution.

In connection with the acquisition, the name of the Plan Sponsor was changed to Sun Orchard LLC and the name of the Plan was changed to Sun Orchard LLC 401(k) Profit Sharing Plan. The plan document was amended effective June 1, 2015 to reflect this change.

General

The Plan is a defined contribution plan covering all of the eligible employees of Sun Orchard LLC ("Plan Sponsor"). Each employee becomes a participant at the earliest quarterly entry date on or after the attainment of age 20 ½ and the completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The trustees are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year, participants may contribute a portion of pre-tax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan requires the Plan Sponsor to make matching contributions under the basic safe-harbor provisions of 100% of the first 3% of eligible compensation deferred plus 50% on the remaining participant deferrals up to 5% of eligible compensation. During the year ended September 30, 2015, there were $219,423 of employer safe-harbor matching contributions.

(continued)

NOTE A - DESCRIPTION OF PLAN - Continued

Contributions - Continued

The Plan Sponsor may make additional discretionary profit sharing contributions to the Plan in the amount determined by resolution of the Plan Sponsor or other governing authority of the Plan Sponsor. Plan Sponsor discretionary profit sharing contributions are allocated to eligible employees as of the last day of the Plan year. There were no employer discretionary profit sharing contributions during the year ended September 30, 2015. All contributions during a Plan year are subject to maximum dollar limitations established by the IRC. The total maximum allowable tax-deferred contribution to the Plan under the IRC from employee sources was $18,000 respectively, plus catch-up contributions of $6,000 for employees age 50 or over for the year ended September 30, 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of employer discretionary profit sharing contributions and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer match contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary profit sharing contributions portion of their accounts is based upon the following schedule.

Years of Service	Percentage
Less than 1	0%
1	50%
2	75%
3	100%

Notes Receivable from Participants

A participant may borrow from their account balance a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by any outstanding loan balance. Participants may be granted two loans during any one-year period and two loans may be outstanding at a time. The notes receivable are secured by the balance in each participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

(continued)

NOTE A - DESCRIPTION OF PLAN - Continued

Notes Receivable from Participants - Continued

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2015 and 2014. If a participant ceases to make loan repayments and the Plan administrator deems the notes receivable from participant to be in default, the balance of the notes receivable from participant is reduced and a benefit payment is recorded.

Payment of Benefits

On termination of service, as defined, or upon attaining age 59 ½ while still employed (in-service), a participant may elect to distribute an amount equal to the value of the participant's vested interest in their account as a lump-sum payment or rollover payment into another qualified plan or account.

A participant may also withdraw money from their account in the event of financial hardship. Hardship withdrawals may not exceed the amount of the participant's cumulative deferral and the participant may not make additional deferrals for a period of six months after the date of the withdrawal.

A participant with an account balance less than $1,000 must take a lump-sum payment as soon as practicable following termination. A participant with an account balance less than or equal to $5,000 but greater than or equal to $1,000 will receive a rollover payment into an individual retirement account unless the participant otherwise instructs the third-party administrator and receives a lump-sum payment as soon as practicable following termination.

Forfeited Accounts

The unvested portion of discretionary profit sharing contributions in a terminated participant's account may be subject to forfeiture. Any accumulated benefits forfeited during a plan year due to participant withdrawal prior to full vesting will be used to reduce future Plan Sponsor contributions, as specified by the Plan. There were no forfeited accounts used to reduce Plan Sponsor contributions during 2015. There were no unallocated forfeitures at September 30, 2015 and 2014.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP"), except for payment of benefits, which are recorded when paid.

(continued)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Estimates

The preparation of financial statements in conformity with US GAAP requires plan management to make estimates and assumptions that affect the amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Depreciation in Fair Value of Investments

Net realized and unrealized depreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the period.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officers or employees receive compensation from the Plan. Substantially all administrative expenses of the Plan are incurred and paid by the Plan Sponsor. Fees related to the administration of distributions and notes receivable from participants are charged directly to the corresponding participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments. For the year ended September 30, 2015, the Plan Sponsor paid approximately $32,000 of administrative expenses on behalf of the Plan.

Risks and Uncertainty

The Plan provides for investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE C - INVESTMENTS

The following presents individual investments that represent five percent or more of the Plan's net assets as of September 30, 2015 and 2014:

	2015	2014
Principal Lifetime 2020	$ 301,286	$ 426,718
Principal Lifetime 2025	356,552	152,391*
Principal Lifetime 2030	521,844	586,354
Principal Lifetime 2040	178,672	132,893*
Principal Lifetime 2045	162,176	112,577*
Principal Lifetime 2050	195,948	151,521*

* Did not represent five percent or more of the Plan's net assets at year end.

During the year ended September 30, 2015, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $39,695.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(continued)

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts – Valued at net asset value ("NAV") which is based on the market value of the underlying investments and is not a publicly-quoted price in an active market. There are no unfunded commitments related to the pooled separate accounts, and they may be redeemed on a daily basis with no redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2015:

Description	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts[1]:

NOTE D - FAIR VALUE MEASUREMENTS - Continued

(1) There are no unfunded commitments or redemption limitations or penalties for these investments.

(a) Asset class is comprised of a combination of fixed income and equity investment options. Investment options may include balanced, asset allocations, target date, and target risk. Although typically lower risk than investment options that invest solely in equities, all investment options in this category have the potential to lose value.

(b) Asset class is generally comprised of short-term, fixed income investment options that are largely liquid and are designed to not lose much value. Investment options may include stable value, money market, short-term bond, and guaranteed interest accounts. They are considered among the least risky, however they typically have a lower rate of return than equities or longer-term fixed income options over long periods of time. Depending on the objectives of investment options, they may experience price fluctuations and may lose value.

(c) Asset class is generally comprised of investment options that invest in stocks, or shares of ownership in small to medium-sized U.S. companies. These options typically carry more risk than larger U.S. equity investment options but have the potential for higher returns. All investment options in this category have the potential to lose value.

(d) Asset class is generally comprised of investment options that invest in stock, or shares of ownership in large, well established U.S. Companies. These options typically carry more risk than fixed income investment options but have the potential for higher returns over longer time periods. All options in this category have the potential to lose value.

(e) Asset class comprised of investments options that invest in bonds, or debt of a company or government entity. It may also include real estate options that directly own property. Typically carries more risk than short-term fixed income investment options, but less overall risk than equities. All options in this category have potential to lose value.

(f) Asset class is comprised of investment options that invest in stocks, or shares of ownership in companies with their principal place of business outside the United States. Often carry more risk than U.S. equity investment options but may have the potential for higher returns. All options in this category have potential to lose value.

NOTE E - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Principal Life Insurance Company ("Custodian"), has certified that the following data included in the financial statements and supplemental schedule are complete and accurate:

- Investments, as shown in the accompanying statements of net assets available for benefits as of September 30, 2015 and 2014.
- Net investment income, as shown in the accompanying statement of changes in net assets available for benefits for the year ended September 30, 2015.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), September 30, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by the Custodian to the related information included in the financial statements.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become fully vested in their employer discretionary profit sharing contributions, if any.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in units of pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan to Principal Life Insurance Company for administrative fees totaled $4,376 for the year ended September 30, 2015. Certain plan recordkeeping functions are performed by Princor Financial Services Corporation, an organization related to Principal Life Insurance Company. Princor Financial Services Corporation provides investment advisory services to the Plan, therefore, transactions with this organization qualify as party-in-interest transactions. Fees paid by the Plan to Princor Financial Services Corporation for investment management services are included in net depreciation in fair value of investments. In addition, the Plan Sponsor pays for the financial statement audit of the Plan, which was approximately $28,000 for the year ended September 30, 2015.

NOTE H - TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under section 401(a) of Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and the prototype has been amended since the opinion letter was received; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of liability or asset or disclosure in the financial statements. The Plan's policy is to recognize interest and penalties as a component of administrative expenses and there were no interest and penalties recognized during the year ended September 30, 2015. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for tax years prior to 2011.

NOTE I - SUBSEQUENT EVENTS

The Plan evaluated its September 30, 2015 financial statements for subsequent events through July 14, 2016, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
