AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015 AND DECEMBER 31, 2014

NOTE 1 – PLAN DESCRIPTION

General

The CompuPay 401(k) Plan (the “Plan”) was a defined contribution plan and was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was established on January 1, 1991, and covered substantially all employees of Compupay Inc. and certain participating employers (the “Company” or “Plan Sponsor”). John Hancock Life Insurance Company (U.S.A.) served as the custodian and recordkeeper (“Custodian” and “Recordkeeper”) of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Plan Merger

During 2015, the Company approved a resolution to merge the Compupay 401(k) Plan into the BenefitMall 401(k) Plan. Plan descriptions in the accompanying notes outline Plan operations for the period ended September 30, 2015, the effective date of the merger. All of the assets of the Plan, totaling \$19,569,608, were transferred to the BenefitMall 401(k) Plan by September 30, 2015.

Eligibility and Participant Accounts

Employees became eligible for participation after attaining the age of 21 and completing one month of service, as defined by the Plan document. Participants were eligible for Company matching upon completing six months of service. Subject to certain limitations on annual additions, each participant’s account was credited with employee elective deferrals, Company matching contributions, and an allocation of Plan earnings and charged with administrative expenses. The allocations were based on participant earnings or account balances, as defined. Participants were able to modify salary deferral elections each payroll period.

Contributions

Each year, participants could have elected to contribute a portion of his or her pretax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code (“IRC”) (\$18,000 for 2015). Employees who were eligible to make elective deferrals under the Plan and who had attained the age of fifty before the close of the Plan year were also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,000 for 2015). Rollover contributions representing distributions from other qualified defined benefit or contribution plans were permitted by the Plan. The Plan allowed for discretionary employer contributions in amounts to be determined by the Company.

Investment Options

The Plan provided for contributions to be invested by the participants among a variety mutual funds and a guarantee interest account in accordance with participant investment elections and the provisions of the custodian agreement. Participants should refer to the Plan website for additional fund information.

NOTE 1 - PLAN DESCRIPTION, CONTINUED

Distributions to Participants

Upon normal retirement age, death, disability, or termination, a participant's benefits were payable in a lump-sum amount equal to 100% of the participant's vested account balance. Employees were also permitted to make hardship withdrawals on the balance of their account related to their elective deferral contributions.

Vesting

Participants were immediately vested in elective deferrals including catch-up contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. Participants vested 25% per year and were 100% vested after four years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

Forfeitures

Forfeitures of terminated Participants' non-vested accounts were used to reduce Company contributions or pay Plan expenses. These amounts were reported as a component of net assets available for benefits. At September 30, 2015 and December 31, 2014, the balance in forfeitures was \$0 and \$1,711, respectively. During 2015, forfeitures of \$26,301 were used to reduce Company contributions.

Administrative Expenses

The Plan permitted the payment of Plan expenses to be made from the Plan's assets. If the expenses were paid using the Plan's assets, the expenses would generally be allocated among the accounts of all participants in the Plan. These expenses would be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Certain administrative expenses were permitted to be paid by the Company at its discretion.

Notes Receivable from Participants

Borrowings were available for all participants. Notes receivable from participants were limited to a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A one-time origination fee was charged at inception of the note receivable. The notes receivable from participants were secured by the vested balance in the participant's account and bore interest at a rate determined reasonable by the Company. All notes required repayment within five years, unless the note was issued for the purchase of a primary residence, in which case the repayment period was confined to ten years. Repayments were made through payroll deductions and were reinvested in the participant accounts according to individual investment elections. There were no notes receivable from participants as of September 30, 2015. Notes receivable from participants as of December 31, 2014, had interest rates of 4.25% and maturities through October 2029.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements were prepared under the accrual method in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP required the Plan Sponsor to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Payment of Benefits

Benefits were recorded when paid.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. The income earned on participant accounts was allocated on a daily basis using the previous day's ending account balance. Net appreciation included the Plan's gain and losses on the investments bought and sold, as well as held during the year.

The Plan's investments held in the guaranteed interest accounts promised to pay contract value for a benefit event (e.g. termination, death, disability and retirement). However, depending on investment options and reasons for withdrawal, market value adjustments were made. Thus the guaranteed interest accounts were not considered benefit-responsive by the Custodian.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the Plan document or loan policy of the Plan.

NOTE 3 – FAIR VALUE MEASUREMENTS

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (“FASB”) issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts (“FBRICs”) and provide certain disclosures. Contract value is the only required measure for FBRICs. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management elected to adopt Part II.

Investment Valuation and Leveling

FASB Accounting Standards Codification (“ASC”) Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

COMPUPAY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015 AND DECEMBER 31, 2014

3 – FAIR VALUE MEASUREMENTS, CONTINUED

The three levels of the fair value hierarchy under ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Observable inputs, such as quoted market prices in active markets, for substantially identical assets and liabilities. |
| Level 2 | Observable inputs other than quoted prices within level 1 for similar assets and liabilities. These include quoted market prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data. If the asset or liability has a specified or contractual term, the input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Unobservable inputs that are supported by little or no market activity, generally requiring development of fair value assumptions by management. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at period end.

Guaranteed interest accounts: Guaranteed interest accounts were valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transacted at contract value, fair value was determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluated a variety of factors including the review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs were assessed through review of contract terms (ex: duration or payout date) while others were substantiated utilizing available market data (ex: swap curve rate).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believed its valuation methods were appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Company elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A), the Custodian and party-in-interest as defined by ERISA, as of and for the period ended September 30, 2015, and as of and for the year ended December 31, 2014, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule. COMPUPAY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2015 AND DECEMBER 31, 2014

NOTE 5 – TAX STATUS OF THE PLAN

The Plan was based on a prototype plan developed by The Angell Pension Group, Inc., which received a favorable opinion letter, dated March 31, 2008, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believed the Plan, as adopted, was operating within the guidelines of the IRC, and was tax exempt. Accordingly, no provision for federal income taxes was provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2012.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan provided for various investment options in mutual funds and a guaranteed interest account. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 7 – SUBSEQUENT EVENTS

The Company has evaluated events or transactions occurring after September 30, 2015, the Statements of Net Assets Available for Benefits date, through July 12, 2016, the date the financial statements were issued, and determined no such events or transactions which would impact the financial statements for the period ended September 30, 2015.
