NOTE 1 – DESCRIPTION OF PLAN

The following description of the Holt of California 401(k) and Profit Sharing Plan for Non-Union Employees (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering all eligible employees who have attained the age of eighteen years. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Holt of California (the Company) is the Plan's sponsor and certain of its employees serve as the Plan Committee.

The Plan was amended and restated effective September 1, 2015. In connection with the 2015 restatement, the Plan adopted a provision to exclude the following from being eligible to participate within the Plan: 1) bargaining class, 2) nonresident alien, 3) leased employees, 4) employees employed by CDS, LLC, and 5) employees employed by California Ag Solutions, LLC dba Holt Ag Solutions.

Contributions –

Participant contributions – Upon eligibility, employees are automatically enrolled into the Plan. The automatic enrollment contribution percentage is 4% and increases 2% each year up to 12%; however, a participant may voluntarily contribute up to 100% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Internal Revenue Code. Eligible participants deferring 0% are automatically enrolled on January 1. Employees may affirmatively elect not to make pre-tax elective deferral contributions. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match contributions – The Company may elect to contribute an amount up to 100% of the first $1,000 of each participant's salary deferral contribution (Tier 1 contribution). The Company may also contribute an amount equal to 50% of employee contributions that are over $1,000, but are not over 4% of compensation for the Plan year (Tier 2 contribution). Participants are eligible for employer contributions beginning on January 1 after their date of hire. The Company elected to make Tier 1 and Tier 2 matching contributions as of December 31, 2015 and 2014.

Employer profit sharing contributions – The Company may elect to make profit sharing contributions at its discretion to participants that are not covered under a collective bargaining agreement. Participants are eligible for employer contributions beginning on January 1 after their date of hire. The Company made profit sharing contributions of $1,600,000 and $1,300,000 as of December 31, 2015 and 2014, respectively.

Contributions are subject to regulatory limitations.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their voluntary contributions and Tier 1 employer contributions. Tier 2 and employer profit sharing contributions and gains/losses credited thereon vest over a six-year period based on the following schedule:

Years of service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions. As of December 31, 2015, the rates of interest on outstanding loans ranged from 4.25% - 9.25% with various maturities through May 2030.

Payment of benefits – Benefit payments are distributed to participants in a single lump sum at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) upon reaching age 59½, 4) total and permanent disability, 5) upon demonstration of financial hardship, or 6) death of the participant.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, must be used in the subsequent year and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Company contributions. The Plan allows forfeitures to be used to reinstate previously forfeited account balances of former participants upon rehire, if any. As of December 31, 2015 and 2014, forfeitures of $61,490 and $53,372, respectively, were allocated to participant accounts during the year. Forfeited non-vested accounts totaled $28,817 and $61,490, which are available for allocation as of December 31, 2015 and 2014, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Change in Accounting Principle – ASU 2015-07 – In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).

The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV practical expedient). ASU 2015-07 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that an investment for which fair value is measured using a NAV practical expedient be removed from the fair value hierarchy in all periods presented in the financial statements. Accordingly, the investment disclosures in Note 3 have been modified as of December 31, 2014 as well.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Change in Accounting Principle (continued) – ASU 2015-12 – In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) II. Plan Investment Disclosures. The amendments remove the requirement to:

- disclose individual investments held which exceed 5% of net assets available for benefits.
- disclose net appreciation in fair value of investments by type of investment held.
- disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

Investment valuation – The investments are reported at fair value. The Plan's trustee, Principal Trust Company, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – All administrative expenses of the Plan are paid by the Plan or the Company at the discretion of the Plan Committee. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through July 5, 2016, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued using the net asset value practical expedient (NAV practical expedient), an estimate of fair value. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

Collective trust: Units held in collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent):

	Fair Value 12/31/15	Fair Value 12/31/14	Redemption Frequency	Redemption Notice
Collective Trust	$ 6,059,054	$ 5,590,703	Daily	N/A
Pooled Separate Account	6,675,015	6,389,466	Daily	N/A
	$ 12,734,069	$ 11,980,169		

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2015 and 2014:

	Fair Value Measurement at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 28,463,558	$ -	$ -	$ 28,463,558

Investments measured at NAV (practical expedient)				12,734,069
Investments at fair value				$ 41,197,627

	Fair Value Measurement at December 31, 2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 27,665,464	$ -	$ -	$ 27,665,464

Investments measured at NAV (practical expedient)				11,980,169
Investments at fair value				$ 39,645,633

NOTE 4 – PLAN TRANSFERS

Funds are transferred between the Holt of California 401(k) and Profit Sharing Plan for Non-Union Employees and the Holt of California Union 401(k) Plan due to employees who transfer from non-union to union employment status or vice versa.

NOTE 5 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated April 21, 2016, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 7 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014.

- Net (depreciation) appreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.

- Investments reflected on the schedule of assets (held at end of year).

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of registered investment company funds managed by affiliates of the Plan's trustee and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan for recordkeeping and administrative services are included in administrative expenses. Indirect compensation for investment management services are recorded as a reduction of appreciation or additional depreciation in the fair value of investments. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rule of ERISA.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
