Employees become eligible to receive profit sharing contributions upon attaining age 19 and completing one year of service.

Contributions – Participants may elect to make deferral contributions up to 25% of annual compensation. The Plan also provides for automatic enrollment. Under automatic enrollment, a participant shall be deemed to have elected a pre-tax contribution of 3% of compensation unless they elect otherwise. Total participant contributions may not exceed the maximum dollar limit allowed by law. Participants may increase or decrease their contribution percentage monthly during the Plan year. Participants may discontinue making contributions at any time. Participants who have or will attain age 50 by the end of the calendar year may also defer an additional amount referred to as catch-up contributions.

The Company may make a matching contribution to the Plan. For 2015, the Company made an employer matching contribution equal to 30% of the first 6% of a participant's compensation contributed to the Plan.

Participants can make a rollover or transfer of amounts from another tax qualified plan, certain IRAs, or eligible retirement plans.

Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, employer contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and rollovers plus actual earnings or losses thereon. A participant becomes 100% vested in employer contributions if they are actively employed upon their attainment of normal retirement age, disability, death, or if the participant dies while on a qualified military service, or based on the following schedule:

Years of Service	Vested %
1 year	10%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Investment Options – Participants direct the investment of their accounts into various investment securities offered by the Plan. The Plan currently offers a collective trust fund and various mutual funds as investment options that are appropriate for participants' financial goals, tolerance for investment risk, and time horizon. Participants may modify their investment elections, transfer existing account balances, and obtain information regarding their investments each business day.

Notes Receivable From Participants – Loans are available to all participants in the Plan on a uniform and nondiscriminatory basis. Participants may borrow any amount up to 50% of their vested account balance; however, the loan can be no more than $50,000 minus the participant's highest outstanding loan amount during the prior 12 months. Loans must bear a reasonable rate of interest and must be adequately secured. Repayment of a loan must be made at least quarterly, on an after-tax basis, in level payments of principal and interest, and must be repaid within 5 years, unless the loan is taken for the purchase of a primary residence.

Forfeitures – Participants who terminate service prior to being fully vested in their accounts under the Plan will forfeit the amount in which they are not vested. Forfeitures may be used first to reduce employer contributions under the Plan. Any remaining forfeitures will be used to offset Plan administrative expenses.

Payment of Benefits – Upon termination of employment or retirement, participants will be entitled to a distribution of their vested account balance. The normal form of payment under the Plan is a single lump sum payment distribution payable in cash. If a participant's vested account balance is $5,000 or less, they will automatically receive a lump sum distribution as soon as administratively practicable following the date they terminated employment. If the vested account balance is greater than $5,000, the participant must give consent before the distribution can be made.

An active participant in the Plan may submit an application to withdraw all or a portion of their vested account balance at any time upon or after their attainment of age 59½. Hardship withdrawals are not permitted in this Plan.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Other income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 and 2014 excess contributions to the applicable participants prior to March 15, 2016 and 2015, respectively.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through July 13, 2016, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, *Note 5*, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

NOTE 5 – INVESTMENTS (UNAUDITED)

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2015	2014
Invesco Stable Value Ret*	**$ 1,937,374**	$ 2,054,008

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated (appreciated) in value by $188,167 as follows:

Mutual funds	$ 210,931
Collective trust fund	(22,764)
Net depreciation in fair value of investments	$ 188,167

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a collective trust fund managed by the trustee and, therefore, these transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 7 – PLAN TERMINATION

The Company reserves the right to terminate the Plan. If the Plan is terminated or there is a complete discontinuance of all contributions to the Plan, affected participants will become 100% vested in their total account balance under the Plan.

NOTE 8 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with CODA sponsored by Merrill Lynch Pierce Fenner & Smith Inc. (Merrill Lynch). Merrill Lynch received a favorable opinion letter from the IRS, dated June 4, 2002, which stated that the prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified. No provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014, to Form 5500:

NOTE 11 – SUBSEQUENT EVENTS

Effective January 1, 2016, the Plan was amended to reflect a change in the trustee from Bank of America, N.A. to Great-West Trust Company, LLC. As a result of this change, participants could no longer contribute to the investment options offered by Bank of America, N.A. The Company completed a mapping of the previous investment options to the new investment options provided by Great-West Trust Company, LLC.
