Leidos, Inc. Retirement Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the Leidos, Inc. Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

2014 Financial Statements

The financial statements of the Plan, as of and for the year ended December 31, 2014, were audited by other auditors whose report dated June 25, 2015 expressed an unmodified opinion on those statements.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

LEIDOS, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF THE PLAN

The following brief description of the Leidos, Inc. Retirement Plan (the “Plan”) is for general information purposes only. Participants should refer to the Plan document and the Summary Plan Description dated September 2013 and Prospectus Supplement dated July 2014 for more complete information regarding the Plan. Within these financial statements, Leidos, Inc. (the “Company”) refers to the sponsoring employer, and Leidos Holdings, Inc. (“Leidos”) refers to the publicly-traded parent of the sponsoring employer.

General—The Plan is a defined contribution plan sponsored by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan is a defined contribution 401(k) plan with profit-sharing and employee stock ownership plan (“ESOP”) features. Contributions to the Plan from participants and the Company are held in a qualified retirement trust fund. The Leidos, Inc. Retirement Plans Committee is the Plan’s named fiduciary for purposes of Section 402(a) of ERISA.

Investment Funds—As of December 31, 2015, the Plan held investments in twelve mutual funds, sixteen common collective trust funds, and two Company stock funds: the Leidos Common Stock Fund and the Leidos Closed Stock Fund.

As of December 31, 2014, the Plan also held stock funds within four other company stock funds: the New SAIC Common Stock Fund, the New SAIC Stock Cash, the New SAIC Closed Stock Cash, and the New SAIC Closed Stock Fund. The Leidos Closed Stock Fund and the four New SAIC funds are closed funds that are no longer available for investment. As of December 31, 2015 and 2014, all amounts in the Leidos Common Stock Fund and Leidos Closed Stock Fund are invested in Leidos Holdings, Inc. common stock and as of December 31, 2014, all amounts in the New SAIC Common Stock Fund, New SAIC Stock Cash, New SAIC Closed Stock Cash, and New SAIC Closed Stock Fund were invested in New SAIC common stock, except for estimated cash reserves, which are invested in the Vanguard Prime Money Market Fund and are primarily used to provide future benefit distributions and facilitate investment exchanges. There were no funds invested in New SAIC common stock as of December 31, 2015.

Eligibility—Employees of the Company and its subsidiaries that have adopted the Plan are eligible to participate in the Plan. Employees must be in an eligible fringe benefit package to be eligible to receive Company matching 401(k) contributions, profit sharing contributions, and ESOP contributions. Employees may make elective contributions and receive Company matching 401(k) contributions upon commencing employment.

Participant Contributions—The Plan permits participants to contribute up to 75% of their eligible compensation to the Plan, subject to statutory limitations. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans. Participant contributions are invested according to participant direction into any of the available investment funds of the Plan. Participant contributions and rollovers to the Leidos Common Stock Fund are limited to a maximum 50% of the employee deferral or rollover, as applicable.

Employer Contributions—The Company may make discretionary contributions, which include matching 401(k) contributions, profit sharing contributions, and ESOP contributions. Effective January 1, 2014, eligible participants may receive Company matching 401(k) contributions based on a maximum match percentage of 50%, depending on fringe level, of the first 6% of eligible compensation contributed to the Plan (up to a maximum match percentage of 3%), which are invested per participant direction. Please refer to the Plan document for further details. The Company, at its discretion, may also make additional contributions to the Plan for the benefit of non-highly compensated participants in order to comply with Section 401(k) (3) of the Internal Revenue Code. The Company made no additional contributions for the benefit of non-highly compensated participants for the Plan years ended December 31, 2015 and 2014. Company contributions to the Plan for the Plan years ended December 31, 2015 and 2014 were made in cash and transfers from the forfeiture account.

For the years ended December 31, 2015 and 2014, the Company elected to make a profit sharing contribution of 2% of eligible compensation to all eligible employees that meet certain criteria including being employed at the Company on the last business day of the Plan year.

Participant Accounts—In accordance with Plan provisions, individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, and if eligible, allocations of Company discretionary contributions. Allocations are based on participant eligible compensation, as defined in the Plan document. Participant accounts also reflect changes from investment income and losses and from distributions. The benefit to which a participant is entitled is the vested balance of his or her account.

NOTES TO FINANCIAL STATEMENTS—(Continued)
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

Vesting and Forfeitures—Participant’s elective deferrals and rollover contributions together with associated earnings vest immediately. Company contributions vest 20% for each calendar year during which the participant works at least 850 hours and become fully vested after the participant completes five years of vesting service, as defined by the Plan. In addition, participants become fully vested in Company contributions while employed with the Company upon reaching age 59-1/2, permanent disability, or death. Upon termination of employment with the Company, participants forfeit any portion of Company contributions that have not yet vested. Forfeitures may be applied to future Company matching 401(k) contributions, to provide reinstatements due to military leave, to increase profit sharing or ESOP contributions, or to pay Plan expenses. During the years ended December 31, 2015 and 2014, the Company applied forfeited non-vested amounts of approximately \$2,003,000 and \$6,525,000, respectively, primarily toward Company matching 401(k) contributions. As of December 31, 2015 and 2014, forfeited non-vested accounts available for application by the Company totaled approximately \$4,494,000 and \$2,292,000, respectively.

Notes Receivable from Participants—Participants may borrow up to 50% of their vested account balance, up to a maximum of \$50,000. Loan repayment periods may not exceed 60 months except for loans used to acquire a principal residence, in which case the repayment period may not exceed 30 years. The loans are secured by the vested account balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the Plan administrator. Principal and interest are collected ratably through payroll deductions. As of December 31, 2015, outstanding loans bear interest at rates ranging from 4.25% to 10.0%, and have maturities from January 2016 through November 2045.

Distributions to Participants—For vested account balances less than \$5,000, participants receive their vested account balance in a single lump sum within twelve calendar months following termination of employment with the Company. For vested account balances that exceed \$5,000, a participant’s vested account balance is not distributed unless the participant elects to take a distribution following the participant’s termination of employment with the Company. Regardless of the existing account balance, distributions are made to participants who die or become permanently disabled while employed by the Company. After attaining age 59-1/2, a participant may make withdrawals even if still employed by the Company. A participant may make withdrawals from the Plan prior to attaining age 59-1/2 of their rollover account or if the participant incurs a financial hardship, as specified by the Plan. Former employees, regardless of their age, may elect to receive up to two distributions in any given Plan year, of all or a portion of their account balance.

Tax Status—The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated March 10, 2015, that the Plan was designed in accordance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan’s financial statements. Although the Plan has been amended since receiving the March 10, 2015 letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Termination of the Plan—Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the participants become 100% vested in any unvested portion of their accounts.

Related-Party Transactions—Certain Plan investments are managed by The Vanguard Group, the Plan’s record-keeper; therefore, transactions with these investments qualify as party-in-interest transactions. Fees paid to the record-keeper were approximately \$2,369,000 and \$2,404,000 for the Plan years ended December 31, 2015 and 2014, respectively. There were no amounts payable to the Plan’s record-keeper as of December 31, 2015 and December 31, 2014. Members of the Company’s Retirement Plans Committee also participate in the Plan. The Company pays directly any other fees related to the Plan’s operation.

At December 31, 2015 and 2014, the following Leidos Holdings, Inc. and New SAIC shares were held by the Plan:

	Number of Shares	Cost Basis	Fair Value

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Investment transactions are accounted for on their trade dates.

Investment Valuation and Income Recognition—Investments held by the Plan are carried at fair value as follows:

Investment in Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment in Common Collective Trusts—As of December 31, 2015, the Plan held investments in sixteen common collective trusts ("CCTs"): a series of Vanguard Target Retirement Trusts Plus; the Wellington Trust Small Cap 2000 Portfolio; the Wellington Trust TIPS Portfolio; the Loomis Sayles Core Plus Fixed Income Portfolio; and the T. Rowe Price U.S. Mid Cap Value Equity Trust. The Plan's investments in CCTs are valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the CCTs, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investment in Common Stock—Investments in shares of Leidos Holdings, Inc. common stock and New SAIC common stock, which are publicly traded on the New York Stock Exchange, are recorded at their publicly-traded quoted market price as of December 31, 2015 and 2014 for the Leidos Holdings, Inc. common stock and as of December 31, 2014 for the New SAIC common stock.

Investment Gains and Losses—Realized gains and losses on sales of investments are calculated as the difference between the fair value of the investments upon sale and the fair value of the investments at purchase. Unrealized appreciation or depreciation is calculated as the difference between the fair value of the investments at the end of the year and the fair value of the investments at the beginning of the year or at purchase if purchased during the year. Net appreciation in fair value of investments decreased from 2014 to 2015, mainly due to the decline in the fair value of mutual funds and common collective funds. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants—Notes receivables from participants are carried at the aggregate unpaid principal balance of loans outstanding. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Payable—Benefit payments to participants are recorded upon distribution. There were no significant benefits payable to participants who had elected to withdraw from the Plan, but had not yet been paid as of December 31, 2015 and 2014.

Accounting Estimates—The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting periods. Actual results may differ from those estimates.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan sponsor or Plan participants as provided in the Plan document.

Reclassifications—Certain reclassifications have been made to prior years' financial statements in order to conform with the current year presentation. These reclassifications had no impact on net assets available for benefits or changes in net assets available for benefits.

Subsequent Events—The Plan has evaluated subsequent events through June 21, 2016, the date the financial statements were available to be issued. Besides the event mentioned below, no other material events were identified during that period.

In January 2016, Leidos announced its intent to merge with Lockheed Martin's Information Systems & Global Solutions Business (IS&GS) in a Reverse Morris Trust transaction. Once the transaction is complete, the total number of employees is expected to increase significantly. Leidos expects to complete the merger before the end of 2016. The potential impact of this merger, if any, on the net assets or future operations of the Plan is unknown at this time.

Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this ASU are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this ASU for the 2015 plan year, and it was retrospectively applied to the 2014 plan year. Prior year disclosures have been revised to reflect the retrospective application of this ASU. The impact of adopting this ASU is reflected in Note 3.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this ASU is to simplify plan accounting.

- The amendments in Part I of this ASU designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this ASU will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment’s strategy will no longer be required.
- The amendments in Part III of this ASU reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan’s fiscal year-end, when the fiscal period does not coincide with month-end.

This ASU may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this ASU are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted this ASU for the 2015 plan year, and the amendments in Part II were retrospectively applied to the 2014 plan year. Parts I and III are not applicable to the Plan. The impact of adopting this ASU is reflected in Note 3.

In January 2016, FASB issued ASU No. 2016-01, *Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. The amendments in this ASU are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. With certain exceptions, early adoption is not permitted. Plan management is currently evaluating the impact that ASU 2016-01 will have on its financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting guidance has been issued that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable to the fair value measurement of assets or liabilities and are used to the extent that observable inputs are not available.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value, on a recurring basis as of December 31, 2015 and 2014:

	Active Markets for Identical Assets		Other Observable Inputs		Total	
	(Level 1)		(Level 2)			
	2015	2014	2015	2014	2015	2014
(in thousands)						
Mutual funds	\$3,248,483	\$3,382,650	\$ -	\$113,108	\$3,248,483	\$3,495,758
Common stock	401,224	430,374	-	-	401,224	430,374
Total assets in the fair value hierarchy	\$3,649,707	\$3,813,024	-	\$113,108	3,649,707	3,926,132
Investments measured at NAV (a)					1,910,569	1,824,393
Investments at fair value					\$5,560,276	\$5,750,525

- (a) Certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. These investments, which represent the Plan's investments in common collective trust, have no unfunded commitments, have a daily redemption frequency and do not have a redemption notice period.

The Plan did not have any Level 3 investments for the years ended December 31, 2015 and 2014.

5. RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of certain investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.
