Independent Auditor's Report

To the Plan Administrator
Century Aluminum Sebree 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Century Aluminum Sebree 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of October 1, 2015 and December 31, 2014 and the related statement of changes in net assets available for benefits for the period from January 1, 2015 through October 1, 2015 (date of merger), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by T. Rowe Price Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from the Trustee as of October 1, 2015 and December 31, 2014, and for the period from January 1, 2015 through October 1, 2015 that the information provided to the plan administrator by the Trustee is complete and accurate.

Note 1 - Plan Description

The following description of Century Aluminum Sebree 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Effective October 1, 2015, the Plan was merged into the Century Aluminum 401(k) Plan. Accordingly, all participant account balances were transferred to the Century Aluminum 401(k) Plan as of that date.

General - The Plan covered substantially all employees of Century Aluminum Sebree, LLC, a wholly owned subsidiary of Century Aluminum Company. Leased employees and temporary employees who had not completed one year of service were not eligible to participate in the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provided for employee salary 401(k) deferral and voluntary after-tax contributions up to a maximum of 50 percent of annual compensation. Participants who had attained age 50 could make catch-up contributions in addition to their regular deferral contributions. Participants could also make contributions to the Plan in the form of a rollover of funds from another qualified plan. The amount of a participant's contributions for any plan year could not exceed the applicable limit under the Internal Revenue Code.

The Plan provided for employer matching contributions equal to 100 percent of a participant's deferral or voluntary after-tax contributions not to exceed 6 percent of compensation. Employer matching contributions amounted to $641,723 for the period from January 1, 2015 through October 1, 2015.

The Plan also provided for nonelective contributions equal to 100 percent on the first 6 percent of compensation for participants that met the eligibility requirements prior to January 1, 2015 and the first 3 percent of compensation for participants that met the eligibility requirements after January 1, 2015 up to the Social Security wage base and 11.7 percent on the participant's compensation that exceeds the Social Security wage base of $118,500. Employees who were eligible employees under the Century Aluminum Employees Retirement Plan and employees who were active participants in the Alancorp Pension Plan prior to June 1, 2013 were excluded from the nonelective contributions. Nonelective contributions amounted to $469,191 for the period from January 1, 2015 through October 1, 2015.

Collectively bargained employees were ineligible for the employer match and nonelective contributions.

Note 1 - Plan Description (Continued)

Participant Accounts - Participants could elect to have their contributions invested in one or all of the investments listed in Note 3. Each participant's account was credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations were based on participants' earnings or account balances as defined. The benefit to which the participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting - Participants were immediately 100 percent vested in employee salary, employee rollover, and employer matching contributions and any income or loss thereon. Vesting in the Company's nonelective contribution portion of their accounts, plus actual earnings thereon, was based on years of service. Participants vested in such contributions 33 1/3 percent after each year of service until they became fully vested after three years of service.

Forfeitures - If a participant was not fully vested on his or her termination date, the nonvested amount of the account was forfeited. Forfeitures were used to reduce future employer contributions or to pay administrative expenses of the Plan. As of December 31, 2014, forfeited account balances totaled $2,511.

Payment of Benefits - Distributions were payable upon retirement, death, disability, or termination of employment. The Plan provided for normal retirement at age 65. In-service withdrawals were also allowed for employees who had reached the age of 59 1/2. The total vested portion of a participant's account balance was generally paid in the form of a lump-sum amount.

Hardship Withdrawals - Participants could request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Participant Notes Receivable - Participants could borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The notes receivable were secured by the balance in the participant's account and bore interest at the rate in effect on the date of the loan, which was commensurate with local prevailing rates as determined periodically by the plan administrator. Loan terms generally ranged from one to five years. Loans for the purchase of a principal residence could be repaid over a reasonable period of time, which could exceed five years. Principal and interest were paid ratably through payroll deductions.

Party-in-interest Transactions - Certain plan assets were in investment funds managed by T. Rowe Price Trust Company (the "Trustee") or its affiliates. T. Rowe Price Trust Company was the trustee of the Plan; therefore, these transactions qualified as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments in mutual funds were stated at fair value based on quoted market prices. The common collective trust fund was valued at net asset value (NAV) per share (or its equivalent) of the fund, which was based on the fair value of the fund's underlying net assets. There were no unfunded commitments or redemption restrictions on the common collective trust fund.

See Note 3 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Change in Presentation - The presentation of the stable value common collective trust fund for 2014 has been changed. The fund is presented using NAV per unit as a practical expedient for the fair value of the investment without presentation of contract value or the difference between fair value and contract value. This change in presentation resulted from a recent clarification from the Financial Accounting Standards Board, and had no effect on total net assets available for benefits or the change in net assets available for benefits.

Participant Notes Receivable - Participant notes receivable were recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable were written off when deemed uncollectible.

Benefit Payments - Benefits were recorded when paid.

Administrative Expenses - Various administrative costs were paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 14, 2016, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

* The investment objective of the common collective trust is to preserve principal and provide a stable return over the life of the investment.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period.

Note 4 - Unaudited Information

The Trustee held the Plan's investments and participant notes receivable and executed all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements are based solely on information provided by the Trustee.

Note 5 - Tax Status

The Plan adopted a prototype plan document sponsored by AccuDraft, Inc. AccuDraft, Inc. has received an opinion letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable provisions of the Internal Revenue Code. The Plan has not individually sought its own determination letter.
