INDEPENDENT AUDITORS' REPORT

May 13, 2016

To the Plan Administrator
Mid-West Forge Corporation
Bargaining Unit Pension Plan
Cleveland, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Mid-West Forge Corporation Bargaining Unit Pension Plan which comprise the statements of net assets available for benefits (modified cash basis) and accumulated plan benefits (modified cash basis) as of October 31, 2015 and 2014, and the related statements of changes in net assets available for benefits (modified cash basis) and changes in accumulated plan benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by PNC Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules (modified cash basis). We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the trustee, as of and for the years ended October 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules of assets (held at end of year) (modified cash basis) and reportable transactions (modified cash basis) as of and for the year ended October 31, 2015 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purpose of additional analysis, and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MID-WEST FORGE CORPORATION BARGAINING UNIT PENSION PLAN

Notes to Financial Statements (Modified Cash Basis)

October 31, 2015 and 2014

Note 1 - Description of the Plan

The following brief description of the Mid-West Forge Corporation Bargaining Unit Pension Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

Nature of Operations

The Plan is a non-contributory defined benefit plan which covers employees of Mid-West Forge Corporation ("Corporation" and "plan administrator"), who are represented by Local No. 1073 of the International Brotherhood of Boiler Makers, Iron Ship Builders, Blacksmiths, Forgers, and Helpers, and provides for pension and disability benefits. The Corporation contributes such amounts as are necessary to provide assets sufficient to meet the benefits to be paid to Plan participants. The contributions by the Corporation are made in amounts sufficient to fund the Plan's current service cost on a current basis, and to fund the past service costs, plus interest thereon over periods up to 45 years. The Plan has met the minimum funding requirements of the Employee Retirement Income Security Act of 1974 ("ERISA").

Retirement Benefits

The Plan provides for normal retirement at age 65 with a monthly pension benefit equal to the appropriate benefit unit times years of service. The Plan allows for early retirement at age 60 with 15 years of credited service, which is calculated at a reduced rate. The Plan also allows for retirement after 30 years of service, which may be payable at a reduced rate if the retiree is less than age 58.

Participants become fully vested after five years of credited service. Benefits are determined on a life annuity basis. A participant that is married for one year prior to the annuity starting date shall normally receive payment with 50% of such amount payable to the spouse for life, after the death of the participant. The Plan is no longer accepting new participants, per the June 1, 2008 collective bargaining agreement.

Plan Termination

Should the Plan terminate at some future time, its net assets may not be available on a pro-rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantees, while other benefits may not be provided for at all.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements and schedules of Mid-West Forge Corporation Bargaining Unit Pension Plan are prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, the net appreciation (depreciation) in the fair value of investments is recognized on a current basis, and interest and dividend income is recorded on the accrual basis, whereas contributions are recognized when received rather than in the year to which the contributions apply.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Administrative Expenses

The Plan sponsor pays all significant costs except for administrative fees, which are paid by the Plan.

Use of Estimates

The preparation of financial statements requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated vested employees or their beneficiaries; and (b) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on their number of credited service years multiplied by the normal pension benefit at the valuation date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The Plan's independent actuaries estimate the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The Plan's independent actuaries have completed an actuarial valuation as of November 1, 2015, using the following significant assumptions:

Note 2 - Summary of Significant Accounting Policies (Continued)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

Interest discount rate	5.5%
Mortality basis	(2015) - RP-2014 Blue Collar tables projected generationally with MP-2015 improvement scale (2014) - RP-2014 Blue Collar tables projected generationally with MP-2014 improvement scale
Retirement	Age 58 with 30 years of service, or age 60 with 15 years of service, or age 65

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Adoption of New Accounting Standard

During 2014, the Plan adopted FASB Accounting Standards Update 2015-12, which simplified the reporting for employee benefit plans as follows:

- Fully-benefit responsive investment contracts are to be reported at contract value;
- Disclosure of investments that are 5% or greater than net assets available for benefits are no longer required to be disclosed separately;
- The disclosure of net appreciation (depreciation) in the fair value of investments is shown in total; and
- Other disclosure changes.

There was no material impact on the Plan's net assets or changes in net assets upon adoption of the new standard.

The October 31, 2014 financial statements have been retroactively restated for this change.

Note 3 - Related Party Transactions

PNC Bank has physical and administrative control of certain Plan assets, and is responsible for the safekeeping of the Plan's assets, investment of funds, and other transactions as directed by the plan administrator. During the year, certain Plan investments were managed by the trustee and its affiliates. Fees paid to PNC Bank were \$65,511 and \$61,994 for 2015 and 2014, respectively.

Note 4 - Certified Information

PNC Bank has physical and administrative control of certain assets of the Plan and is responsible for safekeeping, investing of funds, and executing transactions as directed by the plan administrator. Financial information relating to those assets, which comprises all of the Plan's assets and liabilities, is included in the accompanying financial statements based on information provided by the trustee. That information, which has not been audited by independent accountants, is summarized as follows:

Note 5 - Fair Value Disclosure and Measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Accounting standards have established a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 5 - Fair Value Disclosure and Measurement (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds: Valued at the net asset value of shares held by the Plan at year-end.

Registered investment companies: Valued at the net asset value of shares held by the Plan at year-end.

Common stock and the limited partnership: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2015:

Assets at Fair Value as of October 31, 2015				
Description	(Level 1)	(Level 2)	(Level 3)	Total

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2014:

Description	(Level 1)	(Level 2)	(Level 3)	Total

Total	<u>\$ 14,240,936</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,240,936</u>

Note 6 - Tax Status

The Plan was restated effective November 1, 2012. The Plan has received a determination letter from the Internal Revenue Service dated May 7, 2015, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation.

Note 6 - Tax Status (Continued)

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of October 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits (modified cash basis).

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 9 - Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits (modified cash basis) through May 13, 2016.
