Independent Auditor's Report

Plan Administrator
United Therapeutics Corporation Employees' Retirement Plan
Silver Spring, Maryland

We were engaged to audit the accompanying financial statements of **United Therapeutics Corporation Employees' Retirement Plan** (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Independent Auditor's Report (Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Changes in Accounting Principles

As discussed in Note 2 to the financial statements, for the year ended December 31, 2015 management has adopted the provisions of Financial Accounting Standards Board Accounting Standards Update ("ASU") No. 2015-12, which simplifies financial reporting requirements for employee benefit plans, and Financial Accounting Standards Board Accounting Standards Update ("ASU") No. 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. Our opinion is not modified with respect to these matters.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

-
1. **Description of the Plan** The following description of the United Therapeutics Corporation Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of United Therapeutics Corporation (the "Corporation") and its affiliates who are at least 21 years old, except for nonresident aliens, employees covered by a collective bargaining agreement, consultants, interns, Fellows, commission only employees and temporary employees. The Plan was amended effective January 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Prior to January 1, 2015, participants could contribute up to 100 percent of pretax annual compensation each year, as defined in the Plan. Effective January 1, 2015, the Plan was amended to reduce the percent of pretax annual compensation participant could contribute to the Plan from 100 percent to 85 percent. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for automatic enrollment. Any newly eligible employee who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan will be automatically enrolled in the Plan with a three percent withholding of pretax annual compensation. The Plan allows for discretionary matching contributions. During 2015, the Corporation contributed 40 cents for every dollar deferred by participants to the Plan. Profit sharing amounts may be contributed at the discretion of the Corporation. Participants must be employed on the last day of the Plan year to receive an allocation of any discretionary profit sharing contribution. This additional requirement is waived when termination is due to death, disability, or normal retirement. There were no such contributions for the Plan year ended December 31, 2015. Contributions are subject to certain limitations.

Investment options: Participants may direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers 23 mutual funds and two common collective trust funds as investment options for participants. Automatically enrolled participants have their deferral and Corporation contributions invested in a designated fund, which is the T. Rowe Retirement Fund that corresponds with the participant's target retirement date, until changed by the participant. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the recordkeeper, Plan and Corporation.

Notes to Financial Statements

Participant accounts: Each participant's account is credited with the participant's contributions, the Corporation's discretionary matching contributions, if any, as well as allocations of the Corporation's discretionary profit sharing contribution, if any, and Plan earnings. Participant accounts may also be charged with an allocation of investment expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Corporation's discretionary profit sharing contributions, if any, are allocated with the permitted disparity, based on a two-tiered formula. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime lending rate plus one percent. Principal and interest are paid through payroll deductions.

Payment of benefits: Benefits are payable upon retirement at age 62, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Benefits are payable in lump sum payments.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Corporation discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 33 percent vested after one year of service is completed, and vests an additional 33 percent per year until full vesting after three years.

Forfeited accounts: At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$3,215 and \$9,722, respectively. These accounts will be used to reduce future Corporation contributions or to pay Plan expenses. During 2015, \$33,000 of forfeited nonvested accounts was used to reduce Corporation contributions and \$34,115 was used to pay Plan expenses.

Administrative expenses: Certain expenses of maintaining the Plan are paid by using Plan forfeitures and the Plan Expense Account, while the remaining administrative expenses are paid by the Corporation. The Plan also pays investment expenses based on stated basis points for the respective investments and transactional expenses for loans and distributions.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Notes to Financial Statements

New accounting standards adopted during 2015: In July 2015, the FASB issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 31, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II and has applied these provisions to the accompanying financial statements as of December 31, 2015 and 2014 and for the year ended December 31, 2015.

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments in this ASU are effective for public business entities for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. For all other entities, the amendments in this ASU are effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. A reporting entity is required to apply the amendments retrospectively to all periods presented. Early adoption is permitted. Management has elected to early adopt this ASU in the accompanying financial statements as of December 31, 2015 and 2014.

Notes to Financial Statements

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through July 11, 2016, which is the date the financial statements were available to be issued.

3. Certified information

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee, has certified as to the completeness and accuracy of certain investment balances, related investment activity, notes receivable from participants, and related interest income from notes receivable from participants reflected in the accompanying financial statements and supplemental schedule, summarized as follows:

	2015	2014
Investments, at fair value	\$ 71,347,578	\$ 62,362,572
Notes receivable from participants	\$ 979,976	\$ 742,815
Cash	\$ 199,900	\$ 177,022
Due to broker for securities purchased	\$ 199,901	\$ 166,970
Interest and dividends	\$ 822,353	
Net depreciation in fair value of investments	(994,703)	
Total investment loss	\$ (172,350)	
Interest income from notes receivable from participants	\$ 33,591

4. **Fair value measurements** The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of common collective trust funds is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the common collective trusts is used as a practical expedient to estimate fair value and is determined by Wells Fargo Bank, N.A. based on the fair value of underlying assets in the trusts less their liabilities.

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of assets is as follows:

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 58,359,908	\$ -	\$ -	\$ 58,359,908
Investments measured at net asset value ^(a)				12,987,670
Total assets at fair value				\$ 71,347,578

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 52,012,671	\$ -	\$ -	\$ 52,012,671
Investments measured at net asset value ^(a)				10,349,901
Total assets at fair value				\$ 62,362,572

United Therapeutics Corporation Employees' Retirement Plan

Notes to Financial Statements

(a) In accordance with ASU 2015-07, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2015 and 2014 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments in the common collective trust funds can be redeemed by participants immediately at the current net asset value based on the fair value of the underlying assets. Withdrawals from the stable value common collective trust initiated by the Corporation require twelve months notice. There are no other withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2015 and 2014.

|-----------------------------------|--|
| 5. Risks and uncertainties | The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits. |
| 6. Plan termination | Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. |
| 7. Tax status | The Plan is a prototype plan of Wachovia Bank, N.A., which received an opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the form of the Plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. |

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-in-interest transactions

Certain Plan investments are managed by affiliates of Wells Fargo Bank N.A. Wells Fargo Bank N.A. is the trustee and recordkeeper as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to Wells Fargo Bank, N.A. for recordkeeping expenses totaled \$126,682 during the year ended December 31, 2015. A total of \$33,634 was also paid to the Plan's investment advisor and auditors during the year ended December 31, 2015. At December 31, 2015 and 2014 a total of \$20,822 and \$19,659, respectively, was due to Wells Fargo Bank, N.A. for recordkeeping services.

In 2013, the Company entered into a service agreement with Wells Fargo Bank N.A., the recordkeeper, that provides for a "Plan Expense Account" for the Plan. Under the agreement, any revenue earned by Wells Fargo Bank N.A. on the investments in the Plan in excess of Wells Fargo Bank N.A.'s fees will be deposited into the Plan Expense Account. The amounts in the Plan Expense Account, which is included in investments, may be used to pay administrative expenses of the Plan. The balance in the Plan Expense Account as of December 31, 2015 and 2014 totaled approximately \$13,000 and \$41,000, respectively. During 2015, approximately \$56,000 of other income was earned by the Plan related to this agreement. Any amounts due to the Plan under this agreement are reported as other receivables on the Statements of Net Assets Available for Benefits. During 2015, approximately \$78,000 and \$34,000 of recordkeeping expenses and investment advisor and auditor fees, respectively, were paid using funds from the Plan Expense Account.

9. Reconciliation to Form 5500

The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2015 and 2014 and for the year ended December 31, 2015:
