1. DESCRIPTION OF THE PLAN

The following brief description of the Polymedco, Inc. 401(K) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for complete information.

General – The Plan is a participant directed, defined contribution plan covering all eligible employees of Polymedco, Inc. (the "Company"). All full-time employees who have met certain age requirements are automatically enrolled in the Plan to defer 4% (increased to 6% effective January 1, 2016) of pre-tax compensation beginning on the first day after the second month following the date the employee is hired, unless they complete a waiver to either choose a different contribution percentage or not participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Reliance Trust Company (the "Trustee") is the Plan's trustee.

Contributions – Employees who are eligible and elect to participate in the Plan may contribute through payroll deductions, 90% of their pre-tax income up to a statutory maximum of $18,000 for 2015. Certain eligible participants (age 50 and over) are permitted to contribute an additional $6,000 as catch-up contributions, resulting in a total pre-tax contribution of $24,000 for 2015.

The Company contributes to the Plan, on behalf of each, an amount equal to 50% of the first 4% and 25% of the next 2% of his or her base compensation that the participant contributes to the Plan. The maximum matching contribution is $6,625.

The Company may make a profit-sharing contribution in an amount determined by the board of directors. Profit-sharing contributions shall be allocated to each eligible participant based on the ratio that such participant's compensation, as defined, bears to the total compensation paid to all eligible participants. No profit-sharing contributions were made for 2015.

Rollovers – Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's matching contribution and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Plan participants are fully vested in their contributions plus actual earnings thereon. In addition, participants vest in employer matching contributions at a rate of 20% per year after two years of service, with 100% vesting after six years of service.

A participant will be 100% vested in the Company contributions if he or she attains age 65, incurs a total and permanent disability or dies while employed by the Company.

1. DESCRIPTION OF THE PLAN (continued)

Benefit Payments – Under the Plan, normal retirement age is 65. On termination of service due to death, disability, retirement or termination of employment, a participant shall have the option to leave the balance in the plan, receive an annuity payment over their life expectancy, or a lump-sum amount equal to the full value of the participant's account balance. Prior to age 65, in-service withdrawals from the Plan are allowed for unusual hardship and upon attaining the age of 59 1/2.

In the event a participant's employment is terminated, the participant's accumulated vested benefits will be distributed to the participant in accordance with the provisions of the Plan. A participant's account in excess of his or her vested interest shall be forfeited upon termination.

Notes Receivable from Participants – Participants may borrow from their individual account balances in accordance with the Plan's provisions. The maximum amount of any loan is the lesser of (a) $50,000 or (b) one-half the value of the participant's vested account but not less than $500. Loans are collateralized by the participant's vested account. All loans bear an interest rate as determined by the plan administrator and must be repaid in five years unless used for the purchase of the participant's principal residence (for which the repayment period may be extended to ten years). The interest rate of loans is 4.25%.

Forfeited Accounts – Forfeited balances of participants' non-vested accounts are used to reduce future employer contributions and pay expenses of the Plan. For the year ended December 31, 2015, forfeitures utilized to reduce employer contributions totaled $15,507. At December 31, 2015 and 2014, unallocated forfeitures totaled $2,287 and $2,262, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values ("NAVs") of shares held by the Plan at year end. The Plan invests in the Invesco Stable Asset Trust ("Invesco") stable value common collective trust fund. The Plan's interest in Invesco is valued at the NAV practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported net asset value. The underlying assets owned by the Stable Fund consist primarily of readily marketable fixed income securities. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan document.

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in increments among various investment options. Participants may change their investment options on any normal business day.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – The Plan provides for all administrative expenses, except certain loan transaction fees, to be paid either by the Company or the Plan, solely at the discretion of the Company.

Recent Accounting Pronouncements - In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07 "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)," ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

In July 2015, the FASB issued Accounting Standards Update 2015-12 "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)" ("ASU 2015-12"). The amendments in Part I of ASU 2015-12 eliminated the requirements that employee benefit plans measure the fair value of fully benefit–responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value. The amendments in Part II of ASU 2015-12 will require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes. Part II also eliminated the requirement to disclose the net appreciation/depreciation in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Part III of ASU 2015-12 provide a practical expedient to permit plans to measure its investments and investment related accounts as of a month-end date closest to its fiscal year for a plan with a fiscal year end that does not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted.

Plan management reviewed both ASU 2015-07 and ASU 2015-12, and decided to early adopt both standards as they believe it will simplify Plan accounting and its presentation in the financial statements. As such, the accounting and disclosures in these financial statements and notes follow ASU 2015-07 and ASU 2015-12.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan management has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under ERISA. Accordingly, as permitted under such election, investments, net depreciation in the fair value of investments, and interest and dividends were certified as complete and accurate by Reliance Trust Company as of December 31, 2015 and 2014 and for the year ended December 31, 2015 and was not subjected to any auditing procedures performed by the independent public accountants:

	2015	2014
Statement of net assets - Investments:		
Mutual funds	$ 10,426,587	$ 10,096,622
Common/collective trust	69,960	71,018
	$ 10,496,547	$ 10,167,640

- Investment income for the year ended December 31, 2015 as shown in the accompanying statement of changes in net assets available for plan benefits included investment income of $609,732.
- The Plan's investments depreciated in value by $892,867 for the year ended December 31, 2015.
- All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 — Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: A common/collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 10,426,587	$ -	$ -	$ 10,426,587
Total assets in the fair value hierarchy	10,426,587	-	-	10,426,587
Investments measured at net asset value (a)	-	-	-	69,960
	$ 10,426,587	$ -	$ -	$ 10,496,547

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 10,096,622	$ -	$ -	$ 10,096,622
Total assets in the fair value hierarchy	10,096,622	-	-	10,096,622
Investments measured at net asset value (a)	-	-	-	71,018
	$ 10,096,622	$ -	$ -	$ 10,167,640

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. FAIR VALUE MEASUREMENTS (continued)

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (if Currency Eligible)	Redemption Notice Period
Common/collective trust	$69,960	N/A	Daily	None

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (if Currency Eligible)	Redemption Notice Period
Common/collective trust	$71,018	N/A	Daily	None

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Reliance Trust Company ("Reliance") is the record-keeper for the Plan. The Plan incurs administrative expenses with Reliance. Loans to participants are secured by the balances in the respective participant accounts. These transactions qualify as party-in-interest transaction and are exempt from the prohibited transaction rules.

6. FEDERAL INCOME TAX STATUS

The Plan's administrator adopted a prototype non-standardized 401 (k) plan with cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service on July 16, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) of disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

8. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 12, 2016, the date which the financial statements were available to be issued.

9. RISK AND UNCERTAINTIES

The Plan invests in various securities including mutual funds and common/collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION TO 5500

No material differences exist between the 5500 and the audited financial statements.

1. DESCRIPTION OF THE PLAN

The following brief description of the Polymedco, Inc. 401(K) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for complete information.

General – The Plan is a participant directed, defined contribution plan covering all eligible employees of Polymedco, Inc. (the "Company"). All full-time employees who have met certain age requirements are automatically enrolled in the Plan to defer 4% (increased to 6% effective January 1, 2016) of pre-tax compensation beginning on the first day after the second month following the date the employee is hired, unless they complete a waiver to either choose a different contribution percentage or not participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Reliance Trust Company (the "Trustee") is the Plan's trustee.

Contributions – Employees who are eligible and elect to participate in the Plan may contribute through payroll deductions, 90% of their pre-tax income up to a statutory maximum of $18,000 for 2015. Certain eligible participants (age 50 and over) are permitted to contribute an additional $6,000 as catch-up contributions, resulting in a total pre-tax contribution of $24,000 for 2015.

The Company contributes to the Plan, on behalf of each, an amount equal to 50% of the first 4% and 25% of the next 2% of his or her base compensation that the participant contributes to the Plan. The maximum matching contribution is $6,625.

The Company may make a profit-sharing contribution in an amount determined by the board of directors. Profit-sharing contributions shall be allocated to each eligible participant based on the ratio that such participant's compensation, as defined, bears to the total compensation paid to all eligible participants. No profit-sharing contributions were made for 2015.

Rollovers – Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's matching contribution and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Plan participants are fully vested in their contributions plus actual earnings thereon. In addition, participants vest in employer matching contributions at a rate of 20% per year after two years of service, with 100% vesting after six years of service.

A participant will be 100% vested in the Company contributions if he or she attains age 65, incurs a total and permanent disability or dies while employed by the Company.

1. DESCRIPTION OF THE PLAN (continued)

Benefit Payments – Under the Plan, normal retirement age is 65. On termination of service due to death, disability, retirement or termination of employment, a participant shall have the option to leave the balance in the plan, receive an annuity payment over their life expectancy, or a lump-sum amount equal to the full value of the participant's account balance. Prior to age 65, in-service withdrawals from the Plan are allowed for unusual hardship and upon attaining the age of 59 1/2.

In the event a participant's employment is terminated, the participant's accumulated vested benefits will be distributed to the participant in accordance with the provisions of the Plan. A participant's account in excess of his or her vested interest shall be forfeited upon termination.

Notes Receivable from Participants – Participants may borrow from their individual account balances in accordance with the Plan's provisions. The maximum amount of any loan is the lesser of (a) $50,000 or (b) one-half the value of the participant's vested account but not less than $500. Loans are collateralized by the participant's vested account. All loans bear an interest rate as determined by the plan administrator and must be repaid in five years unless used for the purchase of the participant's principal residence (for which the repayment period may be extended to ten years). The interest rate of loans is 4.25%.

Forfeited Accounts – Forfeited balances of participants' non-vested accounts are used to reduce future employer contributions and pay expenses of the Plan. For the year ended December 31, 2015, forfeitures utilized to reduce employer contributions totaled $15,507. At December 31, 2015 and 2014, unallocated forfeitures totaled $2,287 and $2,262, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values ("NAVs") of shares held by the Plan at year end. The Plan invests in the Invesco Stable Asset Trust ("Invesco") stable value common collective trust fund. The Plan's interest in Invesco is valued at the NAV practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported net asset value. The underlying assets owned by the Stable Fund consist primarily of readily marketable fixed income securities. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan document.

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in increments among various investment options. Participants may change their investment options on any normal business day.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – The Plan provides for all administrative expenses, except certain loan transaction fees, to be paid either by the Company or the Plan, solely at the discretion of the Company.

Recent Accounting Pronouncements - In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07 "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)," ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

In July 2015, the FASB issued Accounting Standards Update 2015-12 "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)" ("ASU 2015-12"). The amendments in Part I of ASU 2015-12 eliminated the requirements that employee benefit plans measure the fair value of fully benefit–responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value. The amendments in Part II of ASU 2015-12 will require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes. Part II also eliminated the requirement to disclose the net appreciation/depreciation in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Part III of ASU 2015-12 provide a practical expedient to permit plans to measure its investments and investment related accounts as of a month-end date closest to its fiscal year for a plan with a fiscal year end that does not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted.

Plan management reviewed both ASU 2015-07 and ASU 2015-12, and decided to early adopt both standards as they believe it will simplify Plan accounting and its presentation in the financial statements. As such, the accounting and disclosures in these financial statements and notes follow ASU 2015-07 and ASU 2015-12.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan management has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under ERISA. Accordingly, as permitted under such election, investments, net depreciation in the fair value of investments, and interest and dividends were certified as complete and accurate by Reliance Trust Company as of December 31, 2015 and 2014 and for the year ended December 31, 2015 and was not subjected to any auditing procedures performed by the independent public accountants:

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 — Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: A common/collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 10,426,587	$ -	$ -	$ 10,426,587
Total assets in the fair value hierarchy	10,426,587	-	-	10,426,587
Investments measured at net asset value (a)	-	-	-	69,960
	$ 10,426,587	$ -	$ -	$ 10,496,547

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 10,096,622	$ -	$ -	$ 10,096,622
Total assets in the fair value hierarchy	10,096,622	-	-	10,096,622
Investments measured at net asset value (a)	-	-	-	71,018
	$ 10,096,622	$ -	$ -	$ 10,167,640

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. FAIR VALUE MEASUREMENTS (continued)

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (if Currency Eligible)	Redemption Notice Period
Common/collective trust	$69,960	N/A	Daily	None

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (if Currency Eligible)	Redemption Notice Period
Common/collective trust	$71,018	N/A	Daily	None

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Reliance Trust Company ("Reliance") is the record-keeper for the Plan. The Plan incurs administrative expenses with Reliance. Loans to participants are secured by the balances in the respective participant accounts. These transactions qualify as party-in-interest transaction and are exempt from the prohibited transaction rules.

6. FEDERAL INCOME TAX STATUS

The Plan's administrator adopted a prototype non-standardized 401 (k) plan with cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service on July 16, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) of disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

8. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 12, 2016, the date which the financial statements were available to be issued.

9. RISK AND UNCERTAINTIES

The Plan invests in various securities including mutual funds and common/collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION TO 5500

No material differences exist between the 5500 and the audited financial statements.
