Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wapiti Operating, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for each of the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

1. Plan Description

The following description of Wapiti Operating, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description ("SPD") for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of Wapiti Operating, LLC, Fortitude Management Group, LLC, and Fortitude Specialty Manufacturing, LLC (collectively hereafter referred to as the "Company"). To be eligible to participate in the Plan, an employee must have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). This Plan incorporates certain provisions of the General Agreement of Tariffs and Trade, the Uniform Services Employment Reemployment Rights Act, the Small Business Job Protection Act, the Taxpayer Relief Act of 1997, the Internal Revenue Restructuring and Reform Act of 1998 and the Community Renewal Tax Relief Act of 2000 (collectively "GUST") and the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA").

Contributions

Each year participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code ("IRC"), and have the option to designate either all or a portion of their contributions as Roth 401(k) contributions. Roth 401(k) contributions are made after-tax and offer the advantages of tax free distributions. The Plan allows participants age 50 and older to make additional salary deferrals (referred to as employee catch-up contributions), subject to legal limits. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or defined contribution plans. The Company provided discretionary matching contributions equal to 100% of the participants' deferrals up to 6% of annual compensation as defined by the Plan in 2015 and 2014.

The Company may also make profit sharing contributions in the amounts that will be determined at Plan year-end by the Company. For the years ended December 31, 2015 and 2014, there were no profit sharing contributions that were made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions, an allocation of net plan earnings (losses) and with administrative fees. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers 41 investment options for participants.

Vesting

Participants are immediately vested in their contributions and rollover contributions and the appreciation or depreciation thereon. For discretionary matching and profit sharing contributions, these vest ratably each year over a two-year service period.

In the event of a Plan termination, participants' accounts will become fully vested and non-forfeitable. See Note 5 for discussion of the partial plan termination.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum distribution or installment payments under various options. The Plan also permits In-Service withdrawals from the Plan due to attainment of age 59½ and circumstances of financial hardship, in accordance with provisions specified in the Plan Document.

Forfeitures

Forfeiture allocations are first used to pay administrative expenses under the Plan. Any remaining amounts can be used to reduce future employer matching contributions payable under the Plan. Forfeited accounts totaled approximately $92,000 and $85,000 at December 31, 2015 and 2014, respectively. There were approximately $30,000 and $0 of forfeitures used for the years ended December 31, 2015 and 2014, respectively.

Administrative Expenses

In 2014, the Company paid substantially all of the administrative expenses associated with the administration of the Plan. In 2015, there were approximately $30,000 of administrative expenses paid using forfeitures, primarily related to investment advisory fees and audit fees.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Mutual Funds

Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No, 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962),* and *Health and Welfare Benefit Plans (Topic 965)* - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, (III) Measurement Date Practical Expedient (August 2015). Part I requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and non-participant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. If an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Additionally, under Part III plans are provided a practical expedient to measure an investment's fair value utilizing a month-end closest to the plan's fiscal year end when the fiscal year end does not coincide with a month-end. Parts I and III are not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Part I and II require retrospective application. The Company has elected to early adopt the provisions of Part II of this new standard; accordingly, this provision was retrospectively applied.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule, stated at fair value, is complete and accurate.

December 31,	**2015**	2014
Mutual funds	**$ 5,712,931**	$ 6,439,203

Year Ended December 31,	**2015**	2014
Interest and dividend income	**$ 282,644**	$ 410,947
Net depreciation in fair value of mutual funds	**(267,257)**	(20,711)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in methodologies used at December 31, 2015 and 2014.

There were no transfers between levels for the years ended December 31, 2015 and 2014.

The following tables set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2015 and 2014. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,712,931	$ -	$ -	$ 5,712,931

	Investment Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,439,203	$ -	$ -	$ 6,439,203

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their balances.

In April 2015, there were a number of employees who left the Company due to corporate restructuring and went with new management. This resulted in more than 20% of eligible participants being terminated, and triggered a partial plan termination. All affected terminated employees in the Plan became 100% vested in the plan upon the termination and were provided the option to have their account balance rolled into any qualified plan or IRA, or receive a lump sum distribution.

6. Income Tax Status

The Plan is an adoption of a standardized prototype arrangement designed by Fidelity Management and Research Company ("Fidelity"). Fidelity received a determination letter dated March 31, 2014 from the Internal Revenue Service ("IRS") that qualified the prototype arrangement as tax-exempt under the appropriation of the IRC. The Plan has not yet filed for its own determination letter from the IRS. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adoption, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2012.

7. Related Party Transactions

The Plan assets are managed by Fidelity Management Trust Company, the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. In addition, other entities that provide various services to the Plan are also considered parties-in-interest. Fees paid by the Plan to parties-in-interest for administrative services of the Plan amounted to approximately $30,000 and $100 for the years ended December 31, 2015 and 2014, respectively.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through July 18, 2016, the date the financial statements were available to be issued.

Effective January 1, 2016, the Plan agreement was amended to make the Plan a safe harbor plan. As a result, the employer match has changed to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation contributed to the Plan by participants. The safe harbor plan has also added an additional 2% discretionary match.

Fortitude Specialty Manufacturing, LLC terminated most of its employees on July 1, 2016 and all of its employees effective July 8, 2016 as they are in the process of closing. There was a partial plan termination due to the termination of these employees. All affected terminated employees in the Plan became 100% vested in their plan account balances upon termination.
