Report of Independent Auditors

To Plan Administrator
Austin Foam Plastics, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Austin Foam Plastics, Inc. 401(k) Plan which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Transamerica Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Austin Foam Plastics, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015

1. Description of the Plan

The following brief description of the Austin Foam Plastics, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of Austin Foam Plastics, Inc. (the “Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and qualifies under Section 401(a) of the Internal Revenue Code (the “IRC”). The custodian of the Plan is Transamerica Life Insurance Company (“Transamerica”).

Eligibility

Employees become eligible to participate in the plan on the first day of the calendar quarter after one year of service and the attainment of age eighteen. A year of service is defined by the Plan as 1,000 or more hours of service. Newly eligible employees are automatically enrolled in the Plan with a deferral percentage of 3% as soon as administratively feasible, unless the employee completes an enrollment form with specific instructions or elects to opt out of the Plan. The Plan will automatically increase this percentage annually by 1% of the participant’s compensation up to a maximum of 10%.

Contributions

Participants may contribute up to 100% of their eligible compensation on both a pre-tax basis and an after-tax (“Roth”) basis, not to exceed the annual limit established by the IRC. A participant’s pre-tax and Roth deferrals will be separately accounted for, as will gains and losses attributable to each. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Monthly, safe harbor employer matching contributions are made at 100% of participant contributions up to 1% of compensation plus 50% of participant contributions in excess of 1% up to 6% of compensation.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Company may also elect to make additional discretionary profit sharing contributions. To be eligible for the discretionary profit sharing contributions an employee must be actively employed on the last day of the plan year. The Company did not make any discretionary profit sharing contributions during the year ended December 31, 2015.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings and may be charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and employer matching and profit sharing contributions plus actual earnings thereon. Participants become 100% vested in Qualified Automatic Contribution Arrangement employer contributions after 2 years of service.

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan or lump sum payment. Hardship withdrawals are available and will result in a six month suspension during which no contributions may be made to the participant's account. For terminated participants' account balances that are less than \$5,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. If the participant's vested portion is greater than \$5,000, the participant may elect to maintain the vested portion in the Plan.

1. Description of the Plan (continued)

Forfeitures

Forfeitures by participants of unvested Company contributions are used to pay administrative expenses and to reduce future employer contributions. During 2015, the Plan used \$3,944 of forfeitures to pay administrative expenses. At December 31, 2015 and 2014, forfeited unvested account balances totaled \$1,425 and \$4,929, respectively.

Administrative Expenses

The Company pays certain administrative costs of the Plan associated with the Custodian's annual fee, auditor's fees and the cost of communications to the participants. The Plan pays all other administrative expenses, including recordkeeping fees.

Notes Receivable From Participants

Participants are permitted to borrow the lesser of \$50,000 or 50% of their vested account balance. The minimum that can be borrowed is \$1,000 and only one loan can be outstanding at a time. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a reasonable interest rate as determined by Transamerica. Loan repayments are automatically deducted through after-tax payroll deductions over a period generally not to exceed five years.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and the accompanying notes and schedule. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Recently Issued Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III)*

Austin Foam Plastics, Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Measurement Date Practical Expedient. Part I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early.

Subsequent Events

The Plan has evaluated subsequent events through July 11, 2016 the date the financial statements were available to be issued. Effective January 1, 2016, the plan was amended and restated. Employees become eligible to participate in the plan on the first day of the calendar quarter after one month of service and the attainment of age eighteen.

3. Investment Contract with Insurance Company

The Stable Value Core Option by Transamerica is a group annuity contract that invests in a fixed interest account and meets the criteria of a fully benefit-responsive contract. Transamerica maintains this contract in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Due to the nature of the contract, the Stable Value Core Option is included in the financial statements at fair value as reported by Transamerica.

Prior to January 1st and July 1st the effective annual rate of interest is established for the corresponding six month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum or maximum interest rate for the Stable Value Core Option. The rates are declared periodically and back the principal and interest of this investment choice and any guarantees are subject to the claims paying ability of the insurance company. This investment choice is not guaranteed by the FDIC or any other government agency. Although plan participants generally may withdraw assets from this investment choice without restrictions, a hold period may be imposed at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

4. Investments

All investment information disclosed in the accompanying financial statements, notes and schedules, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest income and interest income from notes receivable from participants for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica, the custodians of the Plan.

5. Fair Value Measurements

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

The Plan's investments in shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Annuity account funds with underlying investments in fixed interest accounts are valued at fair value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,170,911	\$ –	\$ –	\$ 13,170,911

Notes to Financial Statements (continued)

6. Party-in-Interest Transactions

Plan investments in mutual funds and the fixed annuity are managed by Transamerica. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

7. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the form of the plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
