STIMPSON EMPLOYEE 401(k) PLAN
Notes to the Financial Statements
December 31, 2015 and 2014

1. Description of the Plan

The following description of the (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions. Edwin B. Stimpson Company, Inc. (the Company) is Sponsor and Plan Administrator. State Street Bank and Trust Company served as Custodian and Trustee of the Plan for the years ending December 31, 2015 and 2014.

a. General - The Plan is a defined-contribution plan covering employees of the Company. All full time employees of the Company are eligible to participate in the Plan who have three months of continuous service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code. Certain employees of the Company administrate the Plan.

b. Contributions and vesting - Each year, participants may voluntarily contribute, on a pre-tax basis, specified percentages ranging from 1% to 100% of their annual compensation subject to the maximum amount allowable under the Internal Revenue Code. This election may be amended at any time by notifying the Plans recordkeeper (Transamerica Retirement Corporation). Compensation is defined as salary, including overtime and bonus paid during the plan year.

The Company, at its sole discretion, annually matches employee contributions at 33 cents for every $1 of employee pre-tax contribution, up to a maximum of $300 per employee. Additionally, the Company may, at its discretion, make an additional contribution to employees' individual accounts. During 2015 and 2014, the Company did not make any additional discretionary contributions to the Plan. Participants are fully vested to the extent of their contributions plus earnings less losses thereon. Participants vest in Company contributions at a rate of 20% per year starting after the second year of service and become fully vested in Company contributions only after the completion of six years of continuous service (as defined by the Plan), or by reason of death, disability, or by reaching the age of 65.

c. Participant accounts – Each participant account is credited with the participant contributions and any rollover contributions. Participant contributions and the annual Company match are invested in the investment options stipulated by the participant. In addition, each participant account is credited (charged) with its proportionate share of each fund's investment earnings and other income (losses).

d. Distributions – A participant is entitled to receive a distribution of his or her vested interest in the Plan upon termination of employment, retirement, in the event he/she becomes disabled or in the event of financial hardship as defined by the Plan. The beneficiary or beneficiaries of a participant are entitled to receive a lump sum distribution of the participant's interest in the Plan upon the death

(conntinued)

1. Description of the Plan (continued)

of such participant.

e. Forfeitures - A participant, who terminates employment before becoming 100% vested, forfeits their unvested portion. Forfeitures are utilized to reduce Company contributions to the Plan. For the years ending December 31, 2015 and 2014 the amount of forfeited employer contributions was immaterial.

f. Investment options - Upon enrollment in the Plan, a participant may direct employee contributions at their discretion to any of ten mutual funds or a stable value fund.

g. Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 less the highest outstanding balance of all other loans within the past year or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate as stated in the Wall Street Journal when the loan is made. Principal and interest are paid ratably through payroll deductions. Repayment of the entire balance is permitted at any time. Outstanding loans at December 31, 2015 and 2014 were $392,890 and $360,918 respectively. Interest rates were 4.25%

2. Summary of significant accounting policies

a. Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Investment valuation and income recognition - The Plan's investments in all the mutual funds, are stated at fair value based on the quoted market prices of the underlying securities within each fund as of December 31, 2015 and 2014. The Plan's investment in the Reliance/Metlife Stable Value Fund (the Contract), which is a fully benefit-responsive investment contract, is reported in the listed investments at fair value in accordance with ASC 962, *Plan Accounting – Defined Contribution Pension Plans.*

(continued)

2. Summary of significant accounting policies (continued)

However, Contract Value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because Contract Value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by ASC 962, the Statements of Net Assets Available for Plan Benefits presents fair value of investments, as well as the adjustment to Contract Value for the Contract. The Statements of Changes in Net Assets Available for Plan Benefits are prepared on a Contract Value basis for the Contract.

Sales and purchases of securities are recorded on a trade date basis. Interest income is accrued when earned. Dividends are posted to the participant's account on the day that the dividend is payable. Accrued dividends are allocated to each participant's account on the last day of the month and are based on a daily allocation rate. The Plan presents, in the Statements of Changes in Net Assets Available for Plan Benefits, investment income which includes the net appreciation (depreciation) in fair value of its investments, which consist of the realized gains or losses, unrealized appreciation (depreciation) on investments and interest and dividend income.

d. Notes receivable from participants – Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document.

e. Distributions - Distributions are recorded when paid.

f. Risks and uncertainties – The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that, such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of the investments after the date of these financial statements.

g. Reclassifications - Certain reclassifications have been made to all periods presented in the financial statements to conform to the current year presentation.

(continued)

2. Summary of significant accounting policies (continued)

h. Administrative expenses – Plan administrative expenses for 2015 and 2014 were $92,000 and $90,082 of which $51,052 and 48,276 were paid by the Plan for 2015 and 2014 respectively. The balance of administrative expense is paid by the Company.

3. Information certified by Trustee

Other than the fair value of the Contract and the related adjustment from fair value to Contract Value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of investments, and dividends and interest for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street Bank and Trust Company (the Trustee of the Plan). The Contract Value of the Contract was certified by the Trustee.

4. Fair value measurements

The Plan reports investments in accordance with ASC 820, *Fair Value Measurements* that establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that, are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(continued)

4. Fair value measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 or 2014.

Mutual Funds: Valued at quoted market values.

Metlife GAC Series Stable Value Fund: The fair value of the Contract is based on quoted market prices of the underlying investments owned by MetLife and the fair value of a Met Life guarantee presented as a wrapper that represents less than 1% of the value of the Contract (see note 2 c).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Investments at fair value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	$ 8,835,984	-	1,832,727	$ 10,668,621

(continued)

4. Fair value measurements (continued)

	Investments at fair value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Large-Cap	$3,185,025	-	-	$ 3,185,025
International	1,703,125	-	-	1,703,125
Moderate allocation	1,543,344	-	-	1,543,344
Mid-Cap growth	1,420,509	-	-	1,420,509
Bond	742,985	-	-	742,985
Total mutual funds	8,594,988	-	-	8,594,988
Stable Value Fund	-	-	1,741,109	1,741,109
Total investments at fair value	$ 8,594,988	-	1,741,109	$ 10,336,097

Level 3 gains and losses:
The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2015:

	Stable Value Fund
Balance at beginning of year	$ 1,741,109
Realized gains	38,684
Unrealized (losses) relating to instruments still held at the reporting date	(55,909)
Purchases, sales, issuances and settlements (net)	108,843
Balance at end of year	$ 1,832,727
The amount of total (losses) for the period included in net assets attributable to the change in unrealized gains or (losses) relating to assets still held at the reporting date.	$(55,909)

Unrealized gains/(losses) from the Contract are not included in the statement of changes in net assets available for benefits as the Contract is recorded at contract value for purposes of net assets available for benefits.

While the value of the Contract is listed as a Level 3 asset, the fair value of the Contract is determined using Level 2 inputs. The fair value of the investments is the Contract's pro-rata share of the fair value of the securities in the underlying separate accounts in which the Contract participates. The fair value of the wrapper is determined by the discounted revenue method, being 20 basis points of the guaranteed value over five years discounted by the LIBOR swap curve. The inputs used for valuing the Trust's assets are not necessarily an indication of the risk associated with these investments.

(continued)

5. Plan termination

The Company expects to continue the Plan indefinitely, but reserves the right to terminate the Plan in its entirety at any time. If the Plan is terminated, Plan assets will be allocated to Plan participants as specified in the Plan or as otherwise required by law.

6. Federal income taxes

On January 31, 2008 the Internal Revenue Service issued an opinion letter to the amended and restated prototype plan document, which stated that the form of the prototype plan is acceptable under Section 401(a) of the Internal Revenue Code (IRC). The Company originally adopted this prototype plan on January 1, 2012. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related Trust is exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax for years prior to 2012.

7. Investments

The Plan's investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2015 and 2014 are as follows.

	2015	2014
At fair value:		
American Funds Growth Fund	$ 1,967,253	$ 1,721,277
Reliance/Metlife Stable Value Fund	1,832,727	1,741,109
American Funds New Perspective Fund	1,582,927	1,703,125
Federated Strategic Value Dividend Fund	1,440,983	1,463,748
American Funds Income Fund	1,143,260	1,166,951
Delaware Smid Cap Growth Fund	1,065,670	986,602
Pimco Total Return Fund	621,806	579,943

(continued)

For the years ended December 31, 2015 and 2014, the Plan's investments including investments bought, sold as well as held during the year appreciated in value by $173,019 and $424,679 respectively as follows:

	2015	2014
Mutual Funds	$ 228,928	$ 386,947
Stable Value Fund	(55,909)	37,732
Total	$ 173,019	$ 424,679

8. Subsequent events

Management has evaluated the impact of all subsequent events on the Plan through July 19, 2016, the date the financial statements are available to be issued. Management has determined that there are no material subsequent events that would require disclosure in or adjustments to the Plan's Financial Statements except for the events listed below.

Effective May 1, 2016, the Company amended the Plan to increase its matching contribution and to accelerate vesting. The amendment requires that the Company annually matches employee contributions to 100% for the first 1% of gross wages and 50% of the next 5% of gross wages, up to a maximum of 3 1/2% of the employee's gross wages.

The Company's Plan amendment effective May 1, 2016 also accelerated the vesting for past and future matching contributions by which participants are now 100% vested after completing two years service.
