Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan.

Company contributions – Matching contributions are made by the Company in an amount equal to 75% of each participant's basic pre-tax contribution, not to exceed 6% of their eligible earnings. In addition, the Company may make Retirement Savings Benefit (RSB) contributions for certain employees as defined in the Plan document. Contributions are subject to certain Code limitations.

Participant investment account options – Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers 24 mutual funds and 1 common collective trust as investment options for participants.

Participant accounts – Each participant's account is credited with the participant's contribution, the appropriate amount of the Company's contributions and Plan earnings, net of expenses, on those contributions. Allocations are based on participant earnings or account balances, as defined. Participants pay a participant fee of \$15 once per quarter after the first year of employment. This fee is automatically deducted from the participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited accounts – At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$255,614 and \$165,892 respectively. These accounts will be used to reduce future employer contributions. Also, for the year ended December 31, 2015, employer contributions were reduced by \$643,901 from forfeited nonvested accounts.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions and the income thereon are vested according to the following schedule, as defined in the Plan document:

<u>Years of Service</u>	<u>Vested Percentage</u>	
	<u>Hired before December 31, 2002</u>	<u>Hired after December 31, 2002</u>
1	0%	0%
2	20%	20%
3	40%	40%
4	60%	60%
5	100%	80%
6	100%	100%

Certain employees who were participants in plans which merged into the Plan may have different vesting schedules as defined in the Plan Document. The Company contributions and the income thereon vest immediately in the event of death, permanent disability, normal retirement or the attainment of age 65, whichever is the earliest.

Withdrawals – During employment, a participant may make withdrawals of amounts applicable to their participant contributions, including rollovers, and income thereon, subject to certain restrictions as defined in the Plan document. A participant cannot withdraw Company contributions while employed until attainment of age 65.

In addition, the Plan permits hardship withdrawals limited to participant pre-tax contributions.

(1) Description of the plan (continued)

Payment of benefits – On retirement, death, disability, or termination of service, a participant will receive a lump-sum distribution equal to the participant's vested account balance if the participant's vested account balance is \$1,000 or less. If the participant's account balance exceeds \$1,000, and the participant has not attained the normal retirement age, the participant must consent before any portion of such account at the time of a distribution may be distributed to the participant.

(2) Summary of significant accounting policies

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

New accounting pronouncements – In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, "*Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*." The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification (ASC) 820 Fair Value Measurement. Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for the Plan for fiscal years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. The adoption has been reflected in Note 3 to the financial statements.

In July 2015, the FASB issued ASU 2015-12, "*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*." Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by investments by nature, characteristics, and risk. Further the

disclosure of information about fair value measurements shall be provided by general type of plan. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. Plan's management has elected to early adopt ASU 2015-12 Parts I and II.

The statements of changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance. Part III is not applicable to this Plan.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Participant loans are not permitted by the Plan. Loans outstanding by plans merged into the Plan are permitted.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Administrative expenses, except certain expenses paid by the Company, are paid by the Plan and included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Reclassification – Certain items from the 2014 financial statements have been reclassified to conform with the 2015 presentation. Such reclassifications had no effect on the total net assets available for benefits.

NOTES TO THE FINANCIAL STATEMENTS

(3) Fair value measurements

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 402,534,781	\$ -	\$ -	\$402,534,781
Investments measured at NAV ^{(a)(b)}				58,879,054
Total investments at fair value				\$461,413,835

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total

Investments measured at NAV ^{(a)(b)}				114,721,097
Total investments at fair value				\$464,053,483

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.
- (b) Fair value of the investments in the common collective trust funds has been estimated using the net asset value of the investment. The common collective trust listed in the above charts are redeemed on a daily basis and do not have any redemptions restrictions. Additionally, there are no unfunded commitments.

(4) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-08 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Reconciliation of the financial statements to Schedule H of Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

NOTES TO THE FINANCIAL STATEMENTS

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) Related party and party-in-interest transactions

Certain plan investments are shares of mutual funds and a common collective trust managed by Vanguard. Vanguard is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of \$410,037 for the year ended December 31, 2015, which was not covered by revenue sharing. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(8) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Tax status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated January 11, 2012, that the Plan and the related trust are designed in accordance with the applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO THE FINANCIAL STATEMENTS

(10) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of \$1,290 were not remitted within the required time period for the year ended December 31, 2015. On February 25, 2016, the Company remitted these delinquent employee contributions, including any lost earnings as a result.

(11) Subsequent events

The Plan has evaluated subsequent events through July 14, 2016, which is the date the financial statements were available to be issued and noted the following items for disclosure:

Effective February 17, 2016, the International Sourcing Company Profit Sharing Plan was merged into the Plan. As a result of that merger, net assets of approximately \$3,800,000 were transferred into the Plan.

Effective February 17 and February 18, 2016 the Steiner Industries, Inc. Employees' Profit Sharing Plan was merged into the Plan. As a result of that merger, net assets of approximately \$1,700,000 were transferred into the Plan.

Effective February 19, 2016 the Blake H Brown Inc. 401(k) Profit Sharing Plan and Trust was merged into the Plan. As a result of that merger, net assets of approximately \$300,000, were transferred into the Plan.

The Plan received a favorable determination letter dated February 9, 2016.
