A more complete description of the Plan's provisions may be found in the Summary Plan Description, which has been distributed to all participants, and also in the Plan document, which is also available to all participants upon request.

General: The Plan is a defined contribution plan covering all full-time employees of Merritt's Boat & Engine Works, Inc., Merritt Marine Supply, Inc., Roy-Al Management Enterprises Corp. and Smith-Merritt Insurance, Inc. (collectively, the "Company") who have one year of service and are of age eighteen or older. Employees may enter the Plan on the first day on which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Companies are located in southeast Florida.

Administration of plan assets: The Plan's assets, through December 31, 2015, are held by MG Trust Company d/b/a Matrix Trust Company, custodian of the Plan. Participants' contributions are held and managed by the custodian who invests contributions and investment income and makes distributions to participants.

Certain uncompensated administrative functions are performed by the employees of the Company. Substantially all administrative expenses are paid by the Company.

Contributions: Each year, participants may contribute up to 92% of pretax annual compensation, as defined and limited in the Plan, and to the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover contributions"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 20% of the first 5% of base compensation that a participant contributes to the Plan. The matching Company contribution is invested in the same funds as the participants' contributions. Additional profit sharing amounts may be contributed at the option of Company's board of directors; however, no such contributions have been made. Contributions are subject to certain limitations, and are funded on a weekly basis.

Participant accounts (self-directed): Each participant's account is credited with the individual contributions and allocations of (a) the Company's contribution and, (b) Plan earnings, and is charged with specific administrative expenses for participant loan activity. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Vesting: Participants are immediately vested on their voluntary contributions plus the earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant begins vesting after two years of credited service and is 100% vested after six years of credited service.

Participant accounts become fully vested regardless of the established vesting schedule upon death, disability, attainment of normal retirement age (65), or upon termination of the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $ 1,000 up to a maximum equal to the lesser of $ 50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest rates of prime plus 1 point as of the loan date, as determined by the Plan administrator.

Note 1 - Description of the Plan (continued)

Payment of benefits: On termination of service due to death, disability, or normal retirement, a participant with a vested individual account balance greater than $ 5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest or a payment in the form of an annuity. For accounts less than $ 5,000, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. See the Plan document for minimum distribution requirements, and involuntary cash-outs provisions.

Forfeitures: Forfeitures may first be used to pay for administrative expenses and then to reduce any employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently certain additions to net assets are recognized when received rather than when earned and certain deductions from net assets are recognized when paid rather than when the obligation is incurred.

Investment valuation and income recognition: The Plan's investments are stated at their estimated fair value. The difference between fair value and the cost of investments is reflected as appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits. Loans to participants are valued at their outstanding balance which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded when received.

Payment of benefits: Benefits are recorded when paid. If benefit payment checks have not been cashed, a liability is recorded for the amount of the stale checks.

Use of estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements and the reported amounts of additions to and reductions from net assets during the reporting period. Actual results may differ from those estimates.

Administrative expenses: Certain fees are paid directly from Plan assets, which amounted to $ 22,520 for the Plan year ending December 31, 2015.

Date of Management Review: Subsequent events have been evaluated by management through July 14, 2016, the date the financial statements were available to be issued.

Note 3 - Assets Held For Investment

The following information was certified by MG Trust Company d/b/a Matrix Trust Company, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations under ERISA. No auditing procedures were performed with respect to the investments information except for comparing the information to the financial statements of the Plan.

Note 3 - Assets Held For Investment (continued)

The fair value of investments that represented five (5%) percent or more of the Plan's net assets available for benefits at December 31, 2015 are as follows:

JP Morgan, Large Cap Growth - R2	$	1,771,132
Wilmington/Metlife Group Annuity Contract	$	1,427,868
American Funds, EuroPacific Growth - R3	$	416,989

The net depreciation in the fair value of the Plan's investments (including gains and losses on investments bought and sold) was $ 142,019 for the year ended December 31, 2015.

All investment information disclosed in the accompanying financial statements including investments held at December 31, 2015, and net appreciation (depreciation) in fair value of investments, interest and dividend income and administrative expenses for the year ended December 31, 2015, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by MG Trust Company d/b/a Matrix Trust Company.

The Plan investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits–modified cash basis and the statement of changes in net assets available for benefits–modified cash basis.

Note 4 - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: *Level 1* inputs consist of unadjusted quoted prices in active markets for identical investments and have the highest priority; *Level 2* inputs consist of observable inputs other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly; and *Level 3* inputs are unobservable inputs for the investments and have the lowest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits as follows:

	Fair Value	Level 1	Level 2
December 31, 2015:			
Registered investment companies	$ 4,829,920	$ 4,829,920	$ -
Common collective trust	1,427,868	-	1,427,868
	$ 6,257,788	$ 4,829,920	$ 1,427,868
December 31, 2014:			
Registered investment companies	$ 4,808,908	$ 4,808,908	-
Common collective trust	1,377,912	-	1,377,912
	$ 6,186,820	$ 4,808,908	1,377,912

Note 4 - Fair Value Measurements (continued)

Level 1 fair value measurements: The fair value of investments held in registered investment companies is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements: The fair value of investments held in the common collective trust - annuity contract for which quoted market price are not available are generally valued based on yields currently available on comparable securities of issues with similar credit ratings.

Note 5 - Tax Status

The Plan obtained its latest determination letter in March 2014, in which the Internal Revenue Service stated that the Plan, a Volume Submitter Profit Sharing Plan with CODA, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
