Pre-tax contributions may not exceed limitations set by the Internal Revenue Service (IRS). The Company matches 66 2/3% of participant contributions for an amount up to 6% of the participant's pre-tax contributions.

Employees who are age 50 or older on or before December 31, 2015 may be eligible to make pre-tax contributions beyond the IRS pre-tax limit. The 2015 catch-up contribution limit set by the IRS is \$6,000. No Company contributions are made on catch-up contributions.

Participants are always fully vested in their own contributions and become fully vested in their respective share of the Company's contributions after three years of service.

Loans may be available to the participants subject to the approval of the Plan administrator. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the highest outstanding balance on all loans during the preceding 12 months, or 50% of their vested account balance. The term of the loan shall not exceed five years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid in equal installments each payroll period.

Upon early retirement at the age of 55, or if the participants attain the normal retirement age of 65, or termination, a participant with an account balance may elect an immediate lump-sum payment or defer the distribution until age 70 1/2. Hardship and non-hardship withdrawals are available upon request and approval for active participants.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Recent Accounting Standards

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" (ASU 2015-07). ASU 2015-07 removes the requirement to categorize investments for which fair value is measured using the net asset value per share practical expedient within the fair value hierarchy. These disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The accounting and disclosure changes are effective for annual periods beginning after December 15, 2015. Management has elected to adopt ASU 2015-07 early, with full retrospective application as required by the guidance.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient" (ASU 2015-12). ASU 2015-12 eliminates the requirement to group and disclose investments within the fair value hierarchy on the basis of nature, characteristics, and risk. Investments will only be required to be disclosed by general type. Additionally, investment strategies for assets valued on the basis of Net Asset Value per share which are held in funds that file a Department of Labor Form 5500 as a Direct Filing Entity will no longer be required to be disclosed. The disclosure changes are effective for annual periods beginning after December 15, 2015 although early adoption is allowed. Management has elected to adopt ASU 2015-12 early, with full retrospective application as required by the guidance.

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits

AT&T Alascom Savings Plan for Teamsters Represented Employees
Notes to Financial Statements (continued)

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a distribution is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements. Mutual funds are valued on quoted market price, which represent the net asset value of shares held by the Plan at year-end. The common/collective trust is valued at net asset value as determined by the issuer.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements (continued)

Subsequent Events

During 2016, the Company and General Teamsters Local 959 represented employees reached agreement that, effective January 1, 2017, participants subject to the collective bargaining agreement will no longer be eligible to participate in the Plan. The Plan will be merged into the AT&T Retirement Savings Plan (ARSP) as soon as administratively possible and affected employees will be eligible to participate in the ARSP on January 1, 2017. Effective with the merger of the plans, employees' balances will be transferred directly to the ARSP.

Plan management has evaluated subsequent events through June XX, 2016, the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

AT&T Alascom Savings Plan for Teamsters Represented Employees
Notes to Financial Statements (continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2015:

Plan Assets at Fair Value as of December 31, 2015

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2014:

Plan Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total

- (a) This category includes a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, any Plan sponsor or Plan fiduciary initiated withdrawal from the fund will require a 12-month written notice of the intent to withdraw assets from the fund. At the discretion of the Trustee, the notification periods identified for withdrawals may be waived. Redemptions or exchanges of fund shares may be delayed or suspended for up to 12 months, or even longer if the Trustee obtains an exemptive order or other appropriate relief from the Comptroller of the Currency, as defined in the Declaration of Trust for the fund.

NOTE 4. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest income, dividends, and interest income on notes receivable from participants for the year ended December 31, 2015, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE 6. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated November 22, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and therefore the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Wells Fargo Funds Management, an affiliate of the Trustee. The Trustee is also the record-keeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules.

NOTE 1. DESCRIPTION OF PLAN

The following is a brief description of AT&T Alascom Savings Plan for Teamsters Represented Employees (the Plan). Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan was established effective January 1, 1997, for the benefit of General Teamsters Local 959 represented employees of Alascom, Inc. d/b/a AT&T Alaska (the Company). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

An employee becomes eligible to participate in the Plan at the beginning of each month after the completion of one year of service. Participation is elective and is exercised by means of authorizing contributions to the Plan of not less than 1% and not more than 75% of pre-tax earnings, as defined by the Plan. Pre-tax contributions may not exceed limitations set by the Internal Revenue Service (IRS). The Company matches 66 2/3% of participant contributions for an amount up to 6% of the participant's pre-tax contributions.

Employees who are age 50 or older on or before December 31, 2015 may be eligible to make pre-tax contributions beyond the IRS pre-tax limit. The 2015 catch-up contribution limit set by the IRS is \$6,000. No Company contributions are made on catch-up contributions.

Participants are always fully vested in their own contributions and become fully vested in their respective share of the Company's contributions after three years of service.

Loans may be available to the participants subject to the approval of the Plan administrator. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the highest outstanding balance on all loans during the preceding 12 months, or 50% of their vested account balance. The term of the loan shall not exceed five years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid in equal installments each payroll period.

Upon early retirement at the age of 55, or if the participants attain the normal retirement age of 65, or termination, a participant with an account balance may elect an immediate lump-sum payment or defer the distribution until age 70 1/2. Hardship and non-hardship withdrawals are available upon request and approval for active participants.

Participant-directed redemptions have no restrictions; however, any Plan sponsor or Plan fiduciary initiated withdrawal from the fund will require a 12-month written notice of the intent to withdraw assets from the fund. At the discretion of the Trustee, the notification periods identified for withdrawals may be waived. Redemptions or exchanges of fund shares may be delayed or suspended for up to 12 months, or even longer if the Trustee obtains an exemptive order or other appropriate relief from the Comptroller of the Currency, as defined in the Declaration of Trust for the fund.

NOTE 4. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest income, dividends, and interest income on notes receivable from participants for the year ended December 31, 2015, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE 6. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated November 22, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and therefore the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Wells Fargo Funds Management, an affiliate of the Trustee. The Trustee is also the record-keeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules.

Notes to Financial Statements
December 31, 2015

NOTE 1. DESCRIPTION OF PLAN

The following is a brief description of AT&T Alascom Savings Plan for Teamsters Represented Employees (the Plan). Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan was established effective January 1, 1997, for the benefit of General Teamsters Local 959 represented employees of Alascom, Inc. d/b/a AT&T Alaska (the Company). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

An employee becomes eligible to participate in the Plan at the beginning of each month after the completion of one year of service. Participation is elective and is exercised by means of authorizing contributions to the Plan of not less than 1% and not more than 75% of pre-tax earnings, as defined by the Plan. Pre-tax contributions may not exceed limitations set by the Internal Revenue Service (IRS). The Company matches 66 2/3% of participant contributions for an amount up to 6% of the participant's pre-tax contributions.

Employees who are age 50 or older on or before December 31, 2015 may be eligible to make pre-tax contributions beyond the IRS pre-tax limit. The 2015 catch-up contribution limit set by the IRS is \$6,000. No Company contributions are made on catch-up contributions.

Participants are always fully vested in their own contributions and become fully vested in their respective share of the Company's contributions after three years of service.

Loans may be available to the participants subject to the approval of the Plan administrator. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the highest outstanding balance on all loans during the preceding 12 months, or 50% of their vested account balance. The term of the loan shall not exceed five years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid in equal installments each payroll period.

Upon early retirement at the age of 55, or if the participants attain the normal retirement age of 65, or termination, a participant with an account balance may elect an immediate lump-sum payment or defer the distribution until age 70 1/2. Hardship and non-hardship withdrawals are available upon request and approval for active participants.

AT&T Alascom Savings Plan for Teamsters Represented Employees
Notes to Financial Statements (continued)

Investment Options

All contributions are invested by Wells Fargo Bank, N.A. (the Trustee) according to the options elected by the participants.

Plan Expenses

Expenses of administering the Plan are paid by the Company, except for participant loan fee costs, which are paid by the participant.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Recent Accounting Standards

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" (ASU 2015-07). ASU 2015-07 removes the requirement to categorize investments for which fair value is measured using the net asset value per share practical expedient within the fair value hierarchy. These disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The accounting and disclosure changes are effective for annual periods beginning after December 15, 2015. Management has elected to adopt ASU 2015-07 early, with full retrospective application as required by the guidance.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient" (ASU 2015-12). ASU 2015-12 eliminates the requirement to group and disclose investments within the fair value hierarchy on the basis of nature, characteristics, and risk. Investments will only be required to be disclosed by general type. Additionally, investment strategies for assets valued on the basis of Net Asset Value per share which are held in funds that file a Department of Labor Form 5500 as a Direct Filing Entity will no longer be required to be disclosed. The disclosure changes are effective for annual periods beginning after December 15, 2015 although early adoption is allowed. Management has elected to adopt ASU 2015-12 early, with full retrospective application as required by the guidance.

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits

AT&T Alascom Savings Plan for Teamsters Represented Employees
Notes to Financial Statements (continued)

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a distribution is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements. Mutual funds are valued on quoted market price, which represent the net asset value of shares held by the Plan at year-end. The common/collective trust is valued at net asset value as determined by the issuer.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

AT&T Alascom Savings Plan for Teamsters Represented Employees
Notes to Financial Statements (continued)

Subsequent Events

During 2016, the Company and General Teamsters Local 959 represented employees reached agreement that, effective January 1, 2017, participants subject to the collective bargaining agreement will no longer be eligible to participate in the Plan. The Plan will be merged into the AT&T Retirement Savings Plan (ARSP) as soon as administratively possible and affected employees will be eligible to participate in the ARSP on January 1, 2017. Effective with the merger of the plans, employees' balances will be transferred directly to the ARSP.

Plan management has evaluated subsequent events through June XX, 2016, the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

AT&T Alascom Savings Plan for Teamsters Represented Employees
Notes to Financial Statements (continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2015:

Plan Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,750,904	\$ –	\$ –	\$ 18,750,904

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2014:

- (a) This category includes a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, any Plan sponsor or Plan fiduciary initiated withdrawal from the fund will require a 12-month written notice of the intent to withdraw assets from the fund. At the discretion of the Trustee, the notification periods identified for withdrawals may be waived. Redemptions or exchanges of fund shares may be delayed or suspended for up to 12 months, or even longer if the Trustee obtains an exemptive order or other appropriate relief from the Comptroller of the Currency, as defined in the Declaration of Trust for the fund.

NOTE 4. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest income, dividends, and interest income on notes receivable from participants for the year ended December 31, 2015, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE 6. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated November 22, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and therefore the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC, and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Wells Fargo Funds Management, an affiliate of the Trustee. The Trustee is also the record-keeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules.
