United Contractors Midwest, Inc.
401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE A - DESCRIPTION OF PLAN

The following description of the United Contractors Midwest, Inc. 401(k) Retirement Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was adopted effective January 1, 2002, as a defined contribution profit sharing plan covering all full-time nonexcluded employees of United Contractors Midwest, Inc. ("the Company") who are of age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the Administrative Committee consisting of persons appointed by the Board of Directors of the Company. State Street Bank & Trust Company, as trustee for the Plan, accumulates and invests contributions as directed by the Administrative Committee.

2. Contributions

Deferral Contributions - Each year participants may contribute up to the maximum dollar amount as determined by the Federal government of pretax annual compensation or designated Roth contributions, as defined in the Plan. The maximum deferral in 2015 and 2014 was $ 18,000 and $ 17,500, respectively, with the option of an additional $ 6,000 and $ 5,500 catch-up deferral, respectively, for those 50 years of age or over.

Discretionary Employer Contributions - The Company has a right to make a discretionary contribution to the Plan on behalf of each participant for the Plan year. The Plan allows the Company to annually determine a discretionary amount for a matching contribution and/or a profit sharing contribution.

3. Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary contributions, as well as investment earnings. Allocations are based on participant earnings, contributions or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN - Continued

4. Vesting

Participants are immediately vested in their salary deferral contributions plus or minus any earnings or losses thereon. Vesting in the Company's discretionary contributions, if any, plus or minus any actual earnings or losses thereon, is based on years of continuous service as follows:

Years of Credited Service	Percent Vested
1	20%
2	40%
3	60%
4	80%
5 or more	100%

5. Investments

Upon enrollment in the Plan, participants have a choice of a variety of professionally managed investment funds to invest their account balances. Investment elections can be changed daily and become effective immediately.

6. Notes Receivable from Participants

Participants may borrow from their salary deferral and rollover contributions from a minimum of $ 1,000 to a maximum equal to the lesser of 50% of the total value of the participants' vested account balances or $ 50,000 less the amount of the participants' highest outstanding loan balances in the previous 12 months. Participants can have no more than two loans outstanding at any time. Participant loans are secured by the balance in the participants' accounts and bear interest at 1% over the current prime rate. Principal and interest payments are paid through payroll deductions.

7. Benefits

On termination of service, a participant may elect to receive a lump-sum amount, installment payments, or partial cash payments equal to the value of the participant's vested interest in his or her account. However, if the participant's vested account balance is $ 5,000 or less, payment will be made in a lump sum.

8. Forfeited Accounts

Amounts that are forfeited will be first used to restore participant accounts upon re-hire, then used to offset Plan expenses and then used to reduce future Employer contributions to the Plan. At December 31, 2015 and 2014, forfeited accounts totaled $ 25,399 and $ 4,260, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

5. Excess Contributions Payable

Excess contributions payable are for contributions in excess of amounts allowed by the IRS. The Plan distributed the 2015 excess contributions to applicable participants prior to March 15, 2016.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - Continued

6. Payment of Benefits

Benefits are recorded when paid.

7. Plan Expenses

Expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

8. Subsequent Events

Management has evaluated subsequent events for recognition and disclosure in the financial statements through July 21, 2016, which is the date the financial statements were available to be issued. See Note J for subsequent event disclosure.

9. Recent Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. In addition, if an investment is measured using the net asset value per share practical expedient and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy is no longer required. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to adopt Part II for the year ended December 31, 2015.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan follows the fair value measurement guidance for financial assets and financial liabilities. The guidance defines fair value, establishes a framework for measuring fair value and expands disclosure about fair value measurements.

Fair value is defined to be the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-level hierarchy has been established for fair value measurements based upon the inputs to the valuation of an asset or liability as follows:

Level 1 – Valuation is based on quoted prices for identical assets and liabilities in active markets.

Level 2 – Valuation is derived from inputs, other than quoted prices included in Level 1, which are observable for the asset or liability either directly or indirectly. Investments classified as Level 2 are generally valued by benchmarking model-derived prices to quoted market prices and trade data for identical or comparable securities. The significant inputs used in this approach include interest rates, prepayment timing, yield spreads, maturities, credit losses and credit ratings of the securities.

Level 3 – Valuation is derived from unobservable inputs that are not corroborated by market data.

The fair value of mutual funds is equal to the net asset value of the funds multiplied by the number of shares held by the Plan, primarily using quoted market prices.

The Plan invests in collective trusts ("Trusts"), which provide for various investment options. The fair value of the Trusts are reported to the Plan based on the daily calculated unit values of the underlying assets that are reported to the Plan by the management entities operating the Trusts.

Self-directed investment accounts consist of mutual funds, equities, unit investment trusts, and money market funds, which are valued at quoted market prices as determined by the Plan's trustee.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The following table presents the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2015 and 2014.

NOTE E - INVESTMENTS IN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE

As a part of the Plan's investment portfolio, there are investments in entities in which purchases and withdrawals are not made in an open market. Instead, the purchases and withdrawals occur with the entity, and in certain circumstances, those transactions are entirely controlled and/or restricted by the entity. The fair values of these investments are determined by the management of the entities and are reported to the Plan as the Plan's proportionate share of the net asset value of the entity.

NOTE E - INVESTMENTS IN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE - Continued

The following table provides information as of December 31, 2015 and 2014, relative to these types of investments. Additional information on those investments which are direct filing entities can be found by viewing their U.S. Department of Labor Form 5500.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

NOTE F - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - TAX STATUS

The Plan obtained its latest determination letter on May 5, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has recognized in the financial statements the effects of all tax positions and continually evaluates expiring statutes of limitations, audits, changes in tax law, and new authoritative rulings. The Plan is not aware of any circumstances or events that make it reasonably possible that unrecognized tax benefits may increase or decrease within 12 months of the date of the statements of net assets available for benefits. Penalties and interest assessed by taxing authorities are included in the provision for income taxes, if applicable. There were no interest or penalties paid during 2015 or 2014.

NOTE H - RELATED-PARTY TRANSACTIONS

State Street Bank & Trust Company is the trustee of all Plan assets as defined by the Plan. An affiliate of the Plan trustee, Diversified Investment Advisors, manages the Stable Pooled Fund G, which the Plan had available as an investment option through the Diversified Investment Advisors Collective Trust at December 31, 2014. As such, these transactions qualify as party-in-interest transactions. As of December 31, 2015, the fund will remain active, however, participants may no longer direct contributions to the Stable Pooled Fund.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

Effective January 1, 2016, the Plan adopted an amendment to add a Safe Harbor contribution. Matching contributions will be made in an amount equal to 100% of the amount of the eligible participant's elective deferrals that do not exceed 3% of the participant's compensation and 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but that do not exceed 5% of the participant's compensation.

NOTE K - RECLASSIFICATIONS

Certain reclassifications have been made to 2014 information to conform to 2015 presentation.
