Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting. This is a comprehensive method of accounting which differs from the accrual basis by employer and employee contributions receivable and recording investments at fair value.

Valuation of Investments

The Plan's investments are stated at fair value where applicable. Quoted market prices are used to value investments in mutual funds. Investments in mutual funds, collective trusts and pooled separate accounts are valued at their net asset value per share. (NAV) Investments in insurance contracts are carried at contract value. See notes 6-8 for more details on individual investments and their valuations.

Participant Loans

Loans to participants are available under the Plan. Generally, the loan may not be more than 50% of the participant's vested account or $50,000, reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made. The minimum loan available is $1,000. Up to two loans may be granted to a participant during any one-year period. Only one loan may be outstanding at a time. The participant's vested account provides the security for the loan.

The interest rate for loans is based on the rates available for similar loans from commercial lending institutions. The loan administrator periodically examines the rates such lenders are using. Once a loan is granted, the interest rate on the loan will not change. (See Note 7b for additional information)

As the loan is repaid, the principal and interest are credited to the participant's account. A loan to one participant does not affect the account of any other participant.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

Financial statements prepared on a modified cash basis accounting require management to use estimates and assumptions that may affect the reported amounts of assets, liabilities, income, and expenses as of the date of the financial statements. Accordingly, actual results could differ from these estimates.

NOTE 2 - PLAN DESCRIPTION

Risk

The Plan is subject to general market risks associated with the general economic conditions.

Description of Plan

Effective January 1, 2007, Ambit Management, Inc. (the Company) adopted a defined contribution plan for the benefit of the employees of the Company. The following description of the Ambit Energy 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan meeting the requirements of Section 401(k) of the Internal Revenue Code covering all full time employees of the Company. The Plan requires that all employees have 60 days of service and have attained the age of 18 in order to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Collective Bargaining (union) employees are excluded from participating in the Plan.

Contributions

Employees may elect to defer up to the annual limit of $18,000 for 2015. The contribution limitation is determined by IRS regulations and is adjusted annually for inflation. Effective in 2012, all eligible employees are automatically enrolled to defer 3% of their pay, unless they choose a different percentage.

The employer initiated a match on April 1, 2010. Beginning January 1, 2013, the employer match was equal to 100% of the employee's contribution up to a maximum of 3% of the employee's total salary, and 50% of the employee's contribution up to a maximum of 5% of the employee's total salary. The company's matching contribution for 2015 was $1,210,121. In 2015, there were no refunds due to excess contributions occurring in the prior year. The company's matching contribution for 2014 was $1,055,919. In 2014, there were no refunds due to excess contributions occurring in the prior year.

Administrative Expenses

ERISA permits certain expenses directly related to operating the Plan to be paid from participant accounts. Accordingly, specific fees are charged directly to participant accounts in response to transactions the participant requests under the Plan. Plan expenses could include the following: investment management fees, expenses for the general administration and recordkeeping of the Plan, and per-use fees such as, but not limited to, loan administration fees, withdrawal processing fees, and distribution processing fees. In 2015, there was $31,765 of administrative expenses, consisting of

NOTE 2 - PLAN DESCRIPTION (CONTINUED)

$10,986 of administrative expenses, $7,255 of member requested services and $13,524 of loan expenses. In 2014, there was $32,005 of administrative expenses, consisting of $22,077 of administrative expenses and $9,928 of loan expenses.

In 2014, the plan trustee did not disclose the dollar amount of fees related to member requested services, however this amount was included in total loan expenses for 2014.

Participant Accounts

Each participant's account is credited with the participant's elective deferral, employer match for the elective deferral, an allocation of the Plan earnings, and charged with an allocation of certain administrative expenses. Employees can directly invest funds in multiple mutual funds available within the Plan. In the event that an employee does not direct investment of the applicable Plan account, the account will be invested in accordance with the default investment alternatives as established under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

For Employee 401(k) Plan:

Elective Deferral Contributions are 100% vested and nonforfeitable.

The Employer shall make Matching Contributions in an amount equal to 100% of Elective Deferral Contributions that are not over 3% of Compensation, plus 50% of Elective Deferral Contributions that are over 3% of Compensation but are not over 5% of Compensation.

Matching Contributions are calculated based on Elective Deferral Contributions and Compensation for the payroll period. Matching Contributions are made for all persons who were Active Participants at any time during that payroll period.

Elective Deferral Contributions that are Catch-up Contributions shall be matched. Matching Contributions made prior to January 1, 2013, are 100% vested. Matching Contributions made on and after January 1, 2013, are Qualified Matching Contributions and are 100% vested when made.

For Employee Profit Sharing Plan:

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting in the company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The following schedule applies to discretionary contributions made on and after January 1, 2014. All

NOTE 2 - PLAN DESCRIPTION (CONTINUED)

matching contributions and discretionary contributions made prior to January 1, 2013, became 100% immediately vested as of January 1, 2013.

Years of Service	Vesting Percentage
Less than 1	0%
1	33%
2	67%
3 or more	100%

Forfeitures

Forfeitures represent non-vested profit sharing contributions remaining in participant accounts after employees are terminated or no longer meet eligibility requirements. Forfeitures are first used to pay Plan expenses. Any forfeitures left after paying Plan expenses are used to offset the employer's next contributions. The Plan Administrator will allocate forfeitures immediately following the Plan year in which the forfeiture occurs. The amount of forfeitures that occurred in 2015 and 2014 were $2,178 and $3,834 respectively. These forfeitures were used to reduce employer expenses in accordance with Plan documents.

Payment of Benefits

In general, benefits may be withdrawn upon reaching normal retirement age (age 65), or upon Plan termination. In addition, vested employer contributions may be withdrawn upon termination of employment before age 65, or becoming disabled. Employee 401(k) contributions may be withdrawn upon reaching age 59 ½, or upon incurring a financial hardship, as defined in the Plan.

Termination

The employer shall have the right at any time to terminate the Plan by delivering to the Trustee and Administrator written notice of such termination. Upon any full or partial termination all amounts credited to the affected Participants' Accounts shall become 100% vested and shall not thereafter be subject to forfeiture, and all unallocated amounts shall be allocated to the accounts of all Participants in accordance with the provisions hereof.

Upon the full termination of the Plan, the Employer shall direct the distribution of the assets to Participants in a manner which is consistent with and satisfies the provisions of the Plan. Distributions to a Participant shall be made in cash (or in property if permitted in the Adoption Agreement). Except as permitted by the Regulations, the termination of the Plan shall not result in the reduction of "Section 411(d)(6) protected benefits".

NOTE 2 - PLAN DESCRIPTION (CONTINUED)

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a joint or survivor annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Benefits are generally paid out in lump-sum distributions. For terminated participants with vested balances, the account balance must be paid out as soon as administratively practicable.

NOTE 3 - FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 4 – INFORMATION PROVIDED BY THE PLAN ADMINISTRATOR

The Plan provides for participant-directed investments programs. Participants may select among the various available alternatives and periodically change the selection. If participants do not direct the investments, their accounts are invested in accordance with the default investment alternatives as established under the Plan.

NOTE 6 - FAIR VALUE MEASUREMENTS

To increase consistency and comparability in fair value measurements and related disclosures, the fair value hierarchy of FASB ASC 820-10 prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs shall be used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. However, the fair value measurement objective remains the same, that is, an exit price from the perspective of a market participant that holds the asset or owes the liability.

NOTE 7 –INVESTMENTS AT NET ASSET VALUE

Investments in mutual funds, collective trusts and pooled separate accounts (underlying investment funds) are valued at their net asset value per share as of the close of business on the valuation date. These investments provide daily liquidity to the Funds and do not currently include restrictions on redemptions by the Funds.

NOTE 8 –INVESTMENTS AT CONTRACT VALUE

Principal Fixed Income Guaranteed Option is a benefit-responsive group annuity contract issued by Principal Life Insurance Company. The methodology for calculating the interest crediting rate is defined in Article I, Section 2 of the contract under the term "Composite Crediting Rate."

Under the terms of the existing contract, the Composite Crediting Rate is currently reset on a semiannual basis and will never be less than the Guaranteed Minimum Interest Rate.

The methodology for calculating the Guaranteed Minimum Interest Rate is defined in Article I, Section 2 of the contract under the term "Guaranteed Minimum Interest Rate." Changes in future interest crediting rates will not affect the amount reported as an adjustment from fair value to contract value on the statement of net assets available for benefits for the portion of net assets attributable to fully benefit-responsive investment contracts. Fair value is considered book value less early withdrawal charge.

The Principal Fixed Income Guaranteed Option is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a Stable Value fund. As a result, the average yield earned by the plan is the yield earned (i.e. interest credited) on the group annuity contract.

The Composite Crediting Rate history for the contract is as follows:

Time Period	Rate
June 1, 2014 – November 30, 2014	2.00%
December 1, 2014 – May 31, 2015	2.00%
June 1, 2015 – November 30, 2015	1.90%
December 1, 2015 – May 31, 2016	1.85%

Note: The interest rate history summarized above is prior to any plan-level recordkeeping expenses being deducted. Any difference between the above summarized interest rates and the actual earned crediting rates for each plan participant would be due to the Rate Level Service Fee. The Rate Level Service Fee is a direct offset to the interest rates summarized above. Please see Article II of the Service Agreement for more information regarding the Rate Level Service Fee.

NOTE 8 –INVESTMENTS AT CONTRACT VALUE (CONTINUED)

By definition, the Principal Fixed Income Guaranteed Option group annuity contract is an insurance contract. As a result, the plan may transact according to the terms defined in the contract at any time. The terms and methods under which the contract may transact are defined in Article II (Deposits and Ownership – Vintage - Primary), Article IIA (Deposits and Ownership – Vintages - Subsequent), Article IIB (Vintages), Article III (Fees), Article IV (Benefits and Other Payments) and Article V (Limitations; Termination) in the contract.

Article V of the contract defines the circumstances and amounts for which the plan may terminate its interest in the contract. The issuer, Principal Life Insurance Company, has the right to no longer receive deposits under Article VII, Section 3. However, the circumstances for termination of the contract are still subject to Article V.

Principal Fixed Income Guaranteed Option contracts are reported at Contract Value. Contract Value is the aggregation of contributions, plus interest, less withdrawals, if any. The methodology for calculating the interest crediting rate is defined in Article I, Section 2 of the contract under the term "Composite Crediting Rate." Under the terms of the existing contract, the crediting rate is currently reset on a semiannual basis. The Composite Crediting Rate history for the contract is as follows, use the range of dates that coincide with your plan's plan year:

Time Period	Rate
June 1, 2014 – November 30, 2014	2.00%
December 1, 2014 – May 31, 2015	2.00%
June 1, 2015 – November 30, 2015	1.90%
December 1, 2015 – May 31, 2016	1.85%

Note. All references to the term "investment contract" are solely for the purposes of applying the concepts of ASC 962-325-35.

NOTE 9 - RECENT PRONOUNCEMENT

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments apply to reporting entities that elect to measure the fair value of an investment using the net asset value per share (or its equivalent) practical expedient. The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments

NOTE 9 - RECENT PRONOUNCEMENT (CONTINUED)

also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. The amendments are in 3 parts. Among other things: Part 1 amendments designate contract value as the only required measure for fully benefit-responsive investment contracts; Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. Parts I and II are effective on a retrospective basis, and Part III is effective on a prospective basis, for the Plan's year ending December 31, 2016. Early adoption is permitted. The adoption of Part I amendments are not expected to have a material effect on the Plan's net assets available for benefits. Specified investment disclosures will be eliminated upon adoption of Part II. Part III is not applicable as the Plan's fiscal year coincides with month-end.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 20, 2016 which is the date the financial statements were available to be issued.

The most recent plan amendment occurred on January 1, 2015 and was amended to comply with updated regulations. There were no major changes to the plan documents.
