Note 1 – Description of the Plan

The following description of the Employee Savings Plan of Continental Graphics Corporation (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a non-standardized prototype defined contribution 401(k) plan covering certain employees of Continental Graphics Corporation and its subsidiary Inmedius, Inc. (collectively, the Company). An employee becomes eligible to participate in the Plan on the first day of the month following or coincident with the date they attain age 21 and complete 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – Charles Schwab Bank (Schwab) is the custodian of the Plan. Schwab Retirement Plan Services Company is the Plan's record keeper.

Contributions – Contributions to the Plan are in the form of salary reductions which participants have elected to defer in lieu of current compensation. Participants may elect to contribute, subject to statutory limitations, up to 100% of their eligible compensation. The Plan allows active employees to contribute to the Plan from pre-tax compensation, after tax compensation or a combination of both. Participants may elect to change contribution percentages to be effective the next pay period after the request is received or as soon as administratively possible. The allocation of both participant and employer contributions to the funds may be changed at any time and become effective on the day of the change or the next business day based on the day and time the request for a change is made in relation to the stock market close of business. Participants age 50 or older by the end of the Plan year are allowed to make catch-up contributions. The Plan also accepts certain rollover contributions from other tax-qualified retirement plans.

Full time employees are eligible for the employer-matching contribution. Part time employees are eligible for the employer-matching contribution in any year they complete 1,000 or more hours of service in a consecutive 12-month period. The Company does not match catch-up contributions.

As a result of the freezing of contributions and pay-based benefit accruals for participants in the Continental Graphics Employee Pension Plan effective January 1, 2016, beginning January 1, 2015, the Company is making additional enhanced Company contributions to the Plan for employees hired on or after January 1, 2006 as follows:

- 3% of eligible compensation for those under age 40
- 4% of eligible compensation for those age 40-49
- 5% of eligible compensation for those age 50 and over

In addition, effective January 1, 2015, the Company increased the employer-matching contribution percentage for all eligible Company employees from 50% to 75% of each employee's contributions up to 8% of the employee's annual eligible compensation.

Note 1 – Description of the Plan (Continued)

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, any employer contributions, and allocations of Plan earnings (losses) from the funds in which the account is invested, and charged with an allocation of investment-related expenses and participant-specific charges, if applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their rollover and elective contributions including accumulated earnings. A participant is 100% vested in employer contributions after one year of credited service and also upon death, disability or upon reaching early or normal retirement age. Generally, a participant must work at least 1,000 hours during a consecutive 12-month period to earn a year of service for vesting purposes.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may be used to pay administrative expenses or reduce future employer contributions. At December 31, 2015 and 2014, forfeited amounts held under the Plan totaled $294 and $1,156, respectively. During the year ended December 31, 2015, forfeitures totaling $1,116 were used to reduce Company contributions.

Withdrawals – Participants may elect to withdraw all or a portion of their pre-tax and after tax contribution accounts and rollover accounts at any time on or after the day the participant attains age 59-1/2. If a participant is under age 59-1/2, withdrawals from pre-tax and after tax contribution accounts are subject to certain hardship rules as provided by the Plan. If a participant takes a hardship withdrawal, the participant's salary deferrals are suspended for six months from the date of the hardship withdrawal.

Notes Receivable from Participants – Participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their total vested account balance at the time of the loan issuance and may have only one loan outstanding at any time. Loans receivable from participants must be repaid within five years or within ten years if the loan is for the purchase of a primary residence. The interest rate for the loan is established at the time the loan is originated based on prevailing commercial rates. Interest rates on outstanding loans ranged from 4.25% to 6.00% at December 31, 2015, with loans maturing at various dates through November 2025.

Benefit Payments – On termination of service, if the participant's vested balance (excluding rollover contributions) is $5,000 or less, the balance will be distributed to the participant in a lump sum as soon as administratively feasible. Upon a participant's death or retirement due to total and permanent disability, a participant's account balance becomes fully vested and non-forfeitable and will be distributed in a lump sum as soon as administratively feasible. If a participant makes no distribution election, annual distributions of the required minimum amount will begin after age 70-1/2.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan's investments are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value. Fair value of the financial instrument is the price that would be received to sell an asset or paid to transfer a liability ("exit price") in an orderly transaction between market participants at the measurement date. The Plan's investments are valued as follows:

- **Mutual Funds and Money Market Fund** – The Plan's investments in mutual funds, which are registered investment companies, and the money market fund are valued at the net asset value of shares held by the Plan at year end as quoted in an active market.

- **Self-directed Brokerage Accounts** – The Plan's investments in self-directed brokerage accounts may include stocks, mutual funds, exchange-traded funds and fixed income investments such as corporate and government bonds and are valued using quoted market prices of the investments.

Purchases and sales of securities are recorded on a trade-date basis, and dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis of accounting. Net appreciation or depreciation in fair value of investments consists of gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Necessary and proper expenses of the Plan are paid from the Plan's assets, except for those expenses the Company is required by law or chooses to pay.

Note 2 – Summary of Significant Accounting Policies (Continued)

Recently Adopted Accounting Guidance – In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. Part II of ASU No. 2015-12 is applicable for the Plan and it simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose (i) individual investments that represent 5% or more of net assets available for benefits, (ii) net appreciation (depreciation) for investments by general type, and (iii) investment information disaggregated based on the nature, characteristics and risks. Effective January 1, 2015, the Plan has adopted ASU No. 2015-12 retrospectively. The ASU affects investment disclosures of the Plan only and has no impact on the statements of net assets and changes in net assets available for benefits.

Subsequent Events – The Plan has evaluated subsequent events through July 22, 2016, the date the financial statements were available to be issued.

Note 3 – Fair Value of Financial Assets and Financial Liabilities

Accounting Standards Codification (ASC) 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 Values are based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in non-active markets, or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability.

Level 3 Values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value of Financial Assets and Financial Liabilities (Continued)

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments by general types of assets measured at fair value on a recurring basis at December 31, 2015 and 2014. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's policy is to recognize significant transfers between levels, if any, at the beginning of the reporting period.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2015

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2014

	$ 80,489,720	$ -	$ -	$ 80,489,720

There were no transfers between Levels 1, 2 or 3 during the year ended December 31, 2015.

Note 4 – Information Certified by the Custodian

Schwab is the custodian of the Plan. The following summary of unaudited information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) was certified by Schwab as of December 31, 2015 and 2014 and for the year ended December 31, 2015. The information was furnished to the Plan administrator, and the Plan administrator has obtained certifications from Schwab that the following information is complete and accurate:

- Investments at fair value as of December 31, 2015 and 2014
- Investment income (loss) for the year ended December 31, 2015
- Notes receivable from participants as of December 31, 2015 and 2014
- Interest income on notes receivable from participants for the year ended December 31, 2015
- Information contained in the supplemental schedule of assets (held at end of year)

Note 5 – Tax Status

The Plan is based on a prototype non-standardized defined contribution plan that received an advisory letter dated May 23, 2008 in which the Internal Revenue Service stated the prototype plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the advisory letter, however, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan's tax-exempt status has not been affected, and no provision for income taxes has been included in the Plan's financial statements.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, any employer contributions and earnings thereon would become fully vested, and both participant and employer contributions (including any income earned) would be distributed to the participants.

Note 7 – Related-Party Transactions

The Plan invested in a mutual fund and a money market fund sponsored by affiliates of Schwab. Therefore, these transactions qualify as exempt party-in-interest transactions.

Note 8 – Subsequent Event

As a result of the freezing of the employee pension contributions and pay-based benefit accruals for participants in the Continental Graphics Employee Pension Plan, beginning January 1, 2016, the Company will make additional employer matching contributions to the Plan for all eligible Company employees as follows:

- 9% additional employer matching contribution in 2016
- 8% additional employer matching contribution in 2017
- 7% additional employer matching contribution in 2018
